

INDEMNITY MUST BE CUT, ASSERTS EX-CHANCELLOR

Dr. Michaelis, Here From
Orient Trip, Says Ger-
many Cannot Pay.

That there must be another conference among the nations of the world to determine the amount Germany is able to pay in reparations was the statement made yesterday by Dr. George Michaelis, who succeeded Von Bethmann-Hollweg as War Chancellor of Germany in 1917, when he arrived here from the Orient.

Dr. Michaelis, who is at the Whitehouse Hotel, accompanied by Mrs. Michaelis and by Dr. Wilhelm Solf, German ambassador to Japan and former German secretary of state during the Versailles negotiations, also said:

"America, as a creditor nation,

WOMAN MAKES CIRCUSES BOOST POLITICAL TOUR

RENO, Nev., June 27.—Mrs. Lydia Adams-Williams, aspirant for the Republican nomination for United States Senator from Nevada, has taught her male opponent a new political maneuver and her tactics are arousing lively interest. The feminine senatorial candidate is following the circus companies across the state and in this way finds opportunities to address large audiences.

alone can lead the way in the revision of the present demands, Germany cannot pay even France, much less meet the demands of the rest of the world."

Dr. Solf, who conducted the negotiations with President Wilson at the time of the armistice, refused to discuss matters of international import.

STREET BUMPS ARE IRONED OUT

The campaign to iron out the bumps across Oakland's paved streets, caused by the digging of water or power trenches through and across the pavement, has now progressed so that the street department is keeping up with the various cuts and repairing them almost as soon as they are made, according to street department officials.

From May 1 to June 28, the street department has patched 4000 trenches in the paved streets, according to City Engineer W. W. Harmon. Seventy per cent were water company trenches and the others were made by gas, telephone and sewer contractors.

TAX SALE OPENS.
MARTINEZ, June 27.—Auction sale of Central Coast property on which taxes have been delinquent for the past five years will open tomorrow morning in the office of Tax Collector M. W. Joosse. There is a considerable amount of property that will go on the auction block. Some spirited bidding is anticipated.

LIONS TO HEAR ROWAN.
The Oakland Lions will be addressed by Lieutenant-Colonel A. S. Rowan, U. S. A., at the weekly luncheon at the Hotel Oakland tomorrow. When Rowan is known as the man "Who Carried the Message to Garcia."

CLUBS TOLD OF OAKLAND DESTINY BY C. C. SPEAKERS

Intensive Campaign for Sup-
port of City Launched As
Chamber Seeks Funds.

"Oakland's metropolitan destiny" was the keynote of speeches delivered yesterday before the Electric club, the National Association of Specialty Salesmen, the Soroptomists, and the Kiwanis club, by speakers for the Oakland Chamber of Commerce.

Speaking before the Electric club, H. C. Capwell said that California would probably have a population of over 10,000,000 in 1950. The growth of California predicted by the growth of Oakland, he said, but Oakland should do its own part in achieving its logical development. Capwell pointed out that climate and location are insufficient to create a great city. Men were needed for this, he said, and cited the case of Los Angeles whose boosters had capitalized the sunshine of California to create a great city.

ASKS SUPPORT.
Capwell stated that the expansion campaign now being conducted by the Chamber of Commerce would prove of incalculable value and should receive the support of every resident. He emphasized the importance of the chamber as a clearing house for the activities of various civic bodies, and impressed his hearers with the importance of personal service in creating a greater city.

George Mellon, speaking before the Association of Specialty Salesmen, said that men trained to sell goods would make invaluable volunteers in the matter of "selling Oakland." Following his address, the members of the association pledged their support in co-operating in the canvas for memberships and funds.

URGES BIG FUND.
Mellon also told his audience of the \$52,000 spent by the chamber during last year, and of the excellent results obtained. He urged that a service fund, such as that for \$25,000 which it is proposed to raise, was an absolutely necessary to finance the program of special activities.

Similar addresses urging the peo-

Unemployment In Oakland Is On Decrease

Not only has the unemployment situation improved greatly in Oakland during the past two months, but it has shown greater improvement in this city than in any of the other leading cities of the State, according to figures issued today by Walter G. Mathewson, State labor commissioner, following a survey of the manufacturing industries throughout the State.

The fifty-five manufacturing establishments in Oakland, which were covered by the survey, show an increase in employment of 8.7 per cent, according to Mathewson. This increase, he reported, is for the period of April and May. During the same period the 136 establishments in San Francisco showed an increase of 1.5 per cent in workers, while the 113 in Los Angeles showed a gain of 4.2 per cent.

Throughout the rest of the State, industrial establishments reported an average increase of 8.1 per cent, according to Mathewson.

"It is reasonable to assume that 15,000 persons have been added to the manufacturing of the State as a whole during the two months in question," he declared.

Mrs. Longworth, 77, Dies of Pneumonia

CINCINNATI, O., June 27.—Mrs. Nicholas Longworth, aged 77, mother of Congressman Longworth and Countess de Chabrun of Paris, died here today, following an illness of several weeks, due to an attack of pneumonia.

Mrs. Longworth was the widow of the late Judge Nicholas Longworth, of the Ohio Supreme court. She was prominent as a social leader of Cincinnati. At her bedside when she died were her son, Congressman Longworth, Cincinnati, and a daughter, Mrs. Buckner Wallingford, Cincinnati.

ple of Oakland to demonstrate their civic spirit were delivered before the Soroptomists by F. M. Kerick, financial secretary of the Chamber of Commerce, and by Leroy R. Goodrich, who spoke before the Kiwanis club.

RESTFUL SLEEP IN HOT WEATHER.
Take Huxford's Acid Phosphate before retiring. Quies nerves, induces sleep—Advertisement.

Kills Man Then Surrenders Self

TOLEDO, O., June 27.—Ralph Beckett, 31, was shot through the brain and instantly killed today by George W. Shaffer, 30. Shaffer then walked to police headquarters and surrendered and told of the killing. He declared Beckett had paid attentions to his wife which he resented. Mrs. Shaffer was also detained by the police.

Church to Greet Flying Squadron

ALAMEDA, June 27.—Preparations are being made to receive the Flying Squadron Foundation speakers at the First Christian church, San Jose avenue and Park street, the three days commencing August 3. The squadron, coming from Indianapolis is composed of Oliver Stewart, D. L. Colvin, Frank Regan, Rev. Norma Camille Brown, Arthur Whitney and James Wooddyke. The squadron is making a trip through the country on be-

half of prohibition enforcement, of civil rights, business and social and industrial justice. The Rev. C. D. Wells and H. H. King will have charge of the reception to the squadron in Alameda.

\$50 FOR APRICOTS.
MODESTO, June 27.—Buyers who have been traveling through this district for the past few days have been contracting for apricots at \$30. A few peach buyers have been trying to get clings at \$45, but the growers are reported to be holding out for \$50 and \$55.

Cafe Owner Will Face Booze Charge

August Boell, cafe owner of Eleventh street, Oakland, will appear next week before United States Commissioner Albert M. Hardie for a hearing on charges of violation of the prohibition act. Boell was arrested last night and a quantity of liquor seized behind the bar of his establishment. He was released on \$1000 bail.

SLAYING FEARED BY MEN WOUNDED IN MINE BATTLE

Massacre Reported Planned
to Prevent Victims From
Testifying.

(Continued from Page One)

some protection was afforded; his patients other killings were inevitable. It had been suggested that the patients be removed at night.

Dr. Black, a thin, stooped, elderly man, came to the front porch in his bare feet and bath robe.

"Yes," Dr. Black admitted, "some of the patients are mighty scared."

Questioned as to the incoming of troops, Dr. Black said that would be about the worst thing that could happen, as it might immediately provoke hostilities.

MAYOR TO ESCORT WOUNDED FROM TOWN.

"Let a good guard such as your self, mayor, and a few men of your type, escort them to the station, or as far as Carlsbad, and none of these men will be attacked," Dr. Black suggested.

Mayor Pace then said: "I am convinced that there is no likelihood of further bloodshed. There is, of course, always the possibility that some fanatic who wants a last lick, will start something. For this reason I shall escort these men from the hospital."

"I am willing to sleep in the hospital from now on and take my family there."

HERRIN, Ill., June 27 (By the Associated Press).—Removal to safety out of "bloody" Williamson county and the Southern Illinois coal fields, of wounded non-union men now in the hospital, is one of the problems coming in the wake of last Thursday's mine massacres.

Twelve wounded survivors of the 47 guards and workers who were shot on the "death march," out of the Lester strip mine, still are in danger, according to information reaching state and federal investigators.

Lying on their hospital cots, their wounds swathed in bandages, some of the wounded sensed that they still were in danger and expressed

Citizens Ask Probe Of Special Deputies

UNION TOWN, Pa., June 27.—The Fayette county Common Pleas Court was asked in a petition filed here today to recall the June grand jury and investigate the "importation" of several hundred men from New York City who have been sworn in as deputy sheriffs, marshals, and special policemen for strike guard duty. The petition, signed by four residents of the county, names the H. C. Frick Coke Company and other coal companies charging that they "imported" the men in violation of the act of assembly of May 29, 1922.

The men are of "intemperate habits and reckless disposition," the petitioners declare, adding that they were mistreated, assaulted and abused by them, and that their presence in the county endangers the peace and safety of the community.

Herrin's law-respecting citizenry believes a body of state troops could solve the problem and dispel any further danger to the imported guards and workers from the wrath of striking miners.

19 MEN MISSING.

NO CLEW AS TO FATE.

Herrin was speculating today on the fate of nineteen missing men who completed the gap of sixty-six in the bunk cars Wednesday night. Allen P. Findlay, of Chicago, timekeeper, who is in the hospital with forty bullets in his side and a bullet in his foot, is authority for the statement that there were sixty men in the cars when the attack was made.

Whether the missing nineteen escaped or were killed in the cars and burned when attackers fired the train was still unknown today.

Angered because their town has been blamed for the atrocities, Herrin citizens say Johnson City, Zeigler and other mining towns should bear part of the responsibility because many of the rioters came from other towns to join the riot mob which stormed the Lester mine.

Sheriff Melvin Thaxton said he had been unable to get any information leading to the identity of any member of the mob.

Trouble Threatened In West Virginia

CHARLESTON, W. Va., June 27 (By International News Service).—The state police sent to Monongahela county was received here today by Colonel Jackson Arnold, head of the state police. The telegram, authorized by a mass meeting held in Morgantown yesterday, said the strike situation was very threatening. The sheriff is reported to have increased his force of deputies and to be swearing in more men.

TEXAS MILLIONAIRE DIES.

FORT WORTH, Tex., June 27.—Captain S. Burk Burnett, widely known cattleman, oil man and rancher, reputed millionaire, died at his home here this morning. Captain Burk Burnett had been in ill health for more than a year.

BOOSTERS' TOUR OF SACRAMENTO VALLEY DECIDED

Special Train Will Leave
For Four Days' Trip
On October 5

Announcement that a special train of Oakland boosters will tour the Sacramento valley in October was made at an enthusiastic meeting of those who were members of the Chamber of Commerce party which recently visited the San Joaquin valley, at the Hotel Oakland last evening.

Max Greenberg, who was a member of the committee in charge of the San Joaquin trip, said that October 5 is the tentative date on which the special train would leave and that if the present plans carry the party would put in five days in the leading cities of the great northern valley.

Encouragement was given to those whose energy is making these tours possible, by Robert G. Sproul, controller of the University of California, who, in an inspiring talk, terms Oakland "a city of destiny." "Nature has blessed us with all the elements that go to make industrial greatness," said Sproul.

Harry Lafier termed the recent San Joaquin valley trip "one of the finest pieces of constructive work put over by business men of Oakland in recent years."

Lee Newbert told his hearers that "the city" to the people of the San Joaquin valley no longer means San Francisco or the San Francisco bay region, but Los Angeles. He stated that at the present time there was \$8 of Los Angeles money being invested in San Joaquin valley to \$1 from the bay region and that because of this southern money the trade was going to the southern cities.

Martin M. Hoffman declared that the time had come when the city should carry the story of progress into the east and middle west.

Among the others who spoke were Calvin M. Orr, W. H. Pinkston, Charles E. Wehn, Farris Hartman and S. L. Stroud.

The professional entertainers were assisted by volunteer contributions by Jo Mills, S. L. Stroud, Ralph Seeley and Robert Lloyd.

Wife Asks Divorce From S. F. Lawyer

Charles L. Firebaugh, attorney of San Francisco, is charged with extreme cruelty by Mrs. Vita G. Firebaugh in a complaint for divorce filed with County Clerk Geo. Gross. In her complaint Mrs. Firebaugh specifies a number of alleged acts of cruelty toward herself and also toward her mother.

Firebaugh, his wife asserts, although he has an income of \$1000 a month, demanded she pay half the cost of an expensive automobile and half the cost of his membership in the Diablo Country Club out of her private means. She also charges that, although he spends two and three hours in dressing himself in the morning he has refused to allow her to employ any household help or himself assist her in preparing breakfast. She has sternly forbidden her mother to enter the house, she says, with the result that the mother has never seen the younger of their two children, Vincent, now aged 5 years. The family home is at 187 Montecito avenue, Oakland.

Tardy Recognition To Be Given Rowan

WASHINGTON, June 27.—Lieutenant-Colonel Sorners Rowan, U. S. A., retired, bearer of the world-famous "message to Garcia," is to receive a much-belated reward from his government. Due to the recommendations and efforts of Senator Shortridge, California, Secretary Weeks has decided definitely upon that much. But as to the nature of the reward the secretary is much at sea.

Soviet Rule May Last Ten Years

Russia Realizes, However,
That Foreign Aid
Is Needed.

THE HAGUE, June 27.—The Associated Press has obtained, with permission to publish, a copy of a private report on Russia which will be distributed to the chiefs of the delegations from non-Russian countries. This report embodies the views of a prominent and competent European observer of liberal tendencies, who recently came from Russia after making a thorough investigation of the political conditions there.

The report contains ten paragraphs, remarkable for their brevity. The name of the investigator is withheld by agreement. The "ten points" follow:

First—Barring unforeseen events the soviet regime is not near collapse; their most ardent adversaries, the socialists, think they may continue in power for another ten years.

Second—The economic exhaustion of Russia is complete and admitted by the soviets. All power of purchase has disappeared.

Third—The soviets are divided among themselves and internal struggles have begun.

Fourth—Hatred of the old regime is general among the people.

Fifth—Blockade and foreign military aggression have maintained the soviets in power, but resumption of contact with Europe will destroy them and accelerate their evolution in the direction of conservatism.

Sixth—The soviets recognize without hesitation that only the foreigner can reconstruct Russia.

Seventh—For the moment the intransigent faction of the soviets triumphs.

Eighth—Liventoff does not arrive with conciliatory intentions.

Ninth—The Russian socialists would adhere immediately to some right to vote, the secret vote and liberty of speech and the press.

Tenth—The blockade and foreign military intervention have developed very powerful nationalism and xenophobia in Russia.

"The world," says the report, "must keep these facts in mind."

Forty Americans Seized in Mexico Held for Ransom

Employees of Oil Company
and Property Taken As
15,000 Pesos Asked.

(Continued from Page One)

former head of the bureau of investigation of the Department of Justice, who is reported kidnapped by Mexican bandits, announced that an order had been telegraphed to a Mexico City bank for 10,000 pesos for payment of the ransom demanded by his captors.

WASHINGTON, June 27.—Mrs. Ruth B. Shipley today notified the State Department that \$5000 ransom money was on the way to Mexico for the release of her brother, A. Bruce Bielaski, captured by Mexican bandits.

Mrs. Shipley said she had been advised by her brother's New York employers. The money had been despatched to Mexico City. Mrs. Shipley is employed in the State Department.

Knowledge of Complexions by Judges Urged

SAN FRANCISCO, June 27.—Training in discrimination between natural and "drug store" complexions is necessary for judges if defendants are to be properly anchored, Mrs. Mina Van Winkle of Washington, D. C., president of the International Association of Policewomen, told the women of San Francisco yesterday. Women are better judges of women than men, Mrs. Van Winkle asserted, although she admitted that those cases should be handled entirely by men.

"A first time shoplifter, if intelligently dealt with, will seldom repeat her offense. If women really want her there and believe in the task they should cooperate with that public official and support her," Mrs. Van Winkle urged. She reviewed how college women were being recruited to the profession of policewomen throughout the country.

Governor William D. Stephens and Mrs. Stephens were guests of honor at the luncheon commemorating Mrs. Van Winkle at the Palace Hotel. She was introduced by Mrs. Annette Abbott Adams.

War Reparation Includes English Channel Tunnel

DARIS, June 27.—(By the Associated Press).—A huge war reparations plan under which the Germans would reconstruct France and also build the long planned tunnel under the English channel has been submitted by the minister of public works, M. Lefranc, to Premier Poincaré, who has laid it before the French member of the reparations commission. The plan involves the use of German labor and materials to the extent of twenty billions of francs.

The newspapers assert that if Germany is able to carry on the construction of railways and telegraph lines at home, she is able to reconstruct the war-torn areas in France and also to help build the canal, electric power plants and railways which are needed in France and which are now under partial construction.

Residence Zone Recommended

In response to the plea of the Glenview Improvement Club for the establishment of a single family residence zone in the Glenview and Fourth Avenue Terrace districts, the city planning commission today recommended that the tract be made a residence zone. The matter was referred to the city attorney.

There is a difference between a residence zone and a single-family residence zone, the former allowing small stores or apartments in certain specified places. The city planning commission, according to the report of the city attorney, is so far away from the market centers small stores at certain intervals are sure to be needed.

The contract of the Oakland Paving Company for patching streets was rescinded by the city council and given to the Hutchinson Company. The Oakland Paving Company won several contracts and was awarded to this company, in a lump contract covering everything. Patching was this morning made a separate contract.

All bids for furnishing city gasoline for 1922-23 were rejected and gasoline will be bought in the open market.

The city engineer was instructed to prepare plans for paving Twenty-sixth avenue from East Ninth to the railroad tracks.

Property owners along Fourteenth street, from Fifteenth to Oak, were notified on yesterday that they were to be notified on everything but patching, which, by mistake, was also awarded to this company, in a lump contract covering everything. Patching was this morning made a separate contract.

All bids for furnishing city gasoline for 1922-23 were rejected and gasoline will be bought in the open market.

RESIDENCE ZONE RECOMMENDED

In response to the plea of the Glenview Improvement Club for the establishment of a single family residence zone in the Glenview and Fourth Avenue Terrace districts, the city planning commission today recommended that the tract be made a residence zone. The matter was referred to the city attorney.

There is a difference between a residence zone and a single-family residence zone, the former allowing small stores or apartments in certain specified places. The city planning commission, according to the report of the city attorney, is so far away from the market centers small stores at certain intervals are sure to be needed.

The contract of the Oakland Paving Company for patching streets was rescinded by the city council and given to the Hutchinson Company. The Oakland Paving Company won several contracts and was awarded to this company, in a lump contract covering everything. Patching was this morning made a separate contract.

GIRL KILLED, 8 HURT BY AUTOS

BAKERSFIELD, June 27.—A 9-year-old girl was killed and eight persons injured in twelve automobile accidents that occurred in Bakersfield Saturday and Sunday. Most of the accidents took place at night.

The one fatality of the weekend, the death of Dolores Wilson, 9-year-old daughter of Mr. and Mrs. Oliver Wilson of Porterville, took place in Taft. She was struck by a car driven by R. L. Hummel Sunday night.

The most seriously injured of those who were in wrecks were Mr. and Mrs. John C. Daly of San Francisco, who were pinned underneath their heavy sedan when it was forced off the road by a speeding

Oakland Woman Passes at Turlock

TURLOCK, June 27.—The death of Sophie E. Sharp, aunt of Mrs. Veda H. Calkins, publisher of the Turlock Tribune, occurred here Sunday morning.

Mrs. Sharp had been ill for some time and her demise was not unexpected. At the time of her death Mrs. Sharp was 69 years of age. The body will be cremated at Oakland today.

Mrs. Sharp had been a resident of Oakland for twenty years and was a respected member of the W. R. C. For some years she resided at Manteca, and she had friends who adored her all over the valley.

Those relatives surviving are Mrs. Olivia Hight of Chowchilla, sister; Mrs. E. L. Hatfield, sister; Mrs. Adelaide Richards, Oakland, sister; Fred J. Sharp, San Francisco, son; and George W. Sharp, Oakland, brother.

OPENING GUN IN UNMERGER FIGHT FIRED BY DEVLIN

Former Railroad Commissioner Inaugurates Campaign of Education.

The opening gun of a campaign of education favoring the unmerger of the Central Pacific and Southern Pacific lines was fired today with the announcement that Frank R. Devlin, former president of the California State Railroad Commission, has been retained as attorney for the Union Pacific, which favors the separation.

Devlin will lead the fight before the civic and commercial bodies of central and northern California and through the states of Utah and Nevada in an effort to show that the unscrambling of the Southern and Central Pacific lines will result in the opening of another transcontinental railroad into the territory affected, and that the logical consequence of the unscrambling will be the acquisition of the Central Pacific by the Union Pacific.

UNMERGER IS OPPOSED.

Practically all the civic and commercial bodies in California which have taken action have gone on record in opposition to the unmerger.

Devlin, in his statement, declares that California bodies have been misled by propaganda. He says: "It has been truly said that one of the results of the World War has been to make a science of propaganda. There is unquestionably no organization in California better equipped for effective propaganda work than the Southern Pacific company. I say this not in criticism of that company, but as a statement of what I believe to be a fact."

WOULD STAMPEDE PUBLIC.

"That many far-reaching and effective agencies have been put into full operation during the past ten days to stampede public opinion is obvious. The ultimate decision in this matter cannot be rendered at this time, but will undoubtedly be the subject of extended inquiry and study before and by appropriate tribunals. The questions involved are many and complex, including railroad operating conditions in its many phases, industrial and agricultural expansion, and all the other things which follow and become a part of transcontinental railroad development."

GUY WOLF TO SPEAK.

Guy W. Wolf, director of research of the California Real Estate Board, will be the principal speaker at the Business and Professional Women's Club dinner to be held at 1741 Broadway next Thursday night. His topic will be: "Bankrupt Electric Railway Transportation in California."

CHINESE LIFE IS THEME.

Rev. Father Alphonsus, O. F. M., recently returned from China, where he resided eight years, will address Council No. 784, Knights of Columbus, at 600 Thirteenth street, tomorrow night. He will lecture on Chinese life, customs and ideas. The lecture will be supplemented with stereopticon views.

Colgate's and Lazell's Talcum Powders, 10c
Assorted odors. You all know what these famous makes sell for regularly, so 10c a can is a real bargain Wednesday.

"Oakland, Most Beautiful of World's Cities"

S. NAPHTHALY, NOTED ELECTRIC ENGINEER, DIES

Won Prominence in Reconstruction Work After San Francisco Fire.

Samuel Naphthaly, founder of the Antioch Railway, now known as the San Francisco and Sacramento Railway company, and vice-president of the Great Western Power company, died yesterday in San Francisco, following a heart attack. Since March, when he suffered the first attack, Naphthaly has been under the care of physicians. He is survived by a widow, Mabel Naphthaly, and a daughter, Miss Gertrude Naphthaly, who have apartments at the Palace hotel.

Born in San Francisco, Naphthaly took his degree from the University of California, with the class of 1896. He has been prominently identified with the electrical development in this state. His greatest service to the public was perhaps that which he rendered following the earthquake and fire in 1906, when he completely reorganized the generating plants, repaired the wires which were down and rallied his forces to a stupendous task of re-lighting the city. Through his efforts street lighting was carried into the Fillmore street district. He was, at that time, general manager for the San Francisco Gas and Electric company, which was later absorbed by the Pacific Gas and Electric company.

The Lake Alvarado project in Plumas county, the chief reservoir of the Great Western Power company, will remain a monument to his genius. He accomplished the engineering feat in 1912. Naphthaly became general manager of the Great Western Power company after the City Electric company, with which he held the same position, was absorbed.

Naphthaly organized, built and operated the Oakland and Anchorage railway in 1912. He was vice-president of the company. Five years later he organized the Los Angeles Shipbuilding and Dry Dock company at San Pedro, where he constructed cargo boats for war use. Naphthaly returned to San Francisco last January, becoming general manager for the Great Western Power company, as well as vice-president. Ill health necessitated his retirement from active life three months ago. He was formerly associated with the Equitable Gas Light company and the Central Light and Power company.

DOCTOR'S MYSTERY DEATH.
GUATEMALA CITY, June 26.—Dr. P. W. Mason, an American, who came here from Kansas thirty years ago, committed suicide by taking some mysterious poison.

Violinist Plays in Flames to Calm 200 Restaurant Guests

RIGO, "the Gypsy Violinist," and one-time husband of Princess Chimay, calmly leading his orchestra in the Hungarian Rhapsody, while 200 diners in the Little Hungary Restaurant, marched in safety from the building as it was being destroyed by fire.

Musician Who Eloped With Princess Gains New Fame for Heroism in N. Y. Fire

Janesi Rigo, violinist, who became the center of world attention for a while several years ago by his romantic elopement with the Princess Chimay, has leaped again into the limelight through his heroism in "playing" 200 diners to safety from a burning restaurant in New York City.

The Little Hungary restaurant, 257 East Houston street, where Rigo was a member of the orchestra, was destroyed by flames, but the 200 diners were saved from panic or injury by marching out in orderly fashion to the strains of Rigo's violin.

Rigo, who began life as a Hun-

garian peasant and later played before crowned heads throughout Europe, caused a world sensation several years ago, when he eloped with the Princess Chimay, after having been hidden by her for several weeks among the tombs in the underground galleries of her husband's ancestral castle, to prevent her husband from discovering him. Later he and the princess were divorced.

ROBBERS CAVE FOUND.
PUEBLO, Colo., June 26.—A cave containing several rifles and believed to have been used by a band of robbers has been found 35 miles west of this city.

INTERNATIONAL HEALTH, SAFETY MEET BOOSTED

Authorities and Experts at Luncheon Indorse World Exposition Plans.

The First International Health and Safety exposition to be held under the auspices of the Oakland Chamber of Commerce at the Municipal Auditorium November 17 to 26, was enthusiastically indorsed yesterday at a public luncheon at the Hotel Oakland, attended by the Mayor and members of the Consular Corps representing foreign countries on the Pacific Coast, and by prominent citizens, public health authorities and experts, and others.

Joseph H. King, president of the Oakland Chamber of Commerce, acting as toastmaster, explained the scope of the Exposition, and introduced the speakers. Dr. Julien Neltner, consul-general of France in San Francisco and dean of the Consular Corps; Frank Colbourne, commissioner of public health and safety; Dr. Herbert J. Samuels, chairman of the board of directors of the projected exposition, and Dr. Ray Lyman Wilbur, president of Stanford University and president of the American Medical Association.

Commissioner Colbourne emphasized the fact that this is the age of prevention of the ill that beset the human race. Nothing he said, equalled the importance of prevention of disease.

DEEPLY INTERESTED.
Consul-General Neltner said, speaking for the Consular Corps, "We are deeply interested in the International Health and Safety Exposition. We will help in every possible way. I have written to my government recommending it to send both delegates and exhibitors. We know that we can also learn many things of the United States, because we know of the progress made in this country in the domain of public health."

Dr. Herbert J. Samuels, who conceived the idea of the exposition, stated that among the participants and sponsors of the event would be the United States Public Health Service, the California State Board of Health, the University of California, Stanford University, the County of Alameda Public Health Service, the Department of Public Health and Safety of the city of Oakland, the American Red Cross and other public organizations.

Dr. Samuels stated that the exposition had no connection with any medical propaganda or any group or profession. Its main purpose, he said, was to make the city a better place to work and to live in. Pure air, clean water, proper sanitation, prevention of industrial accidents would benefit both workers and employers, he said.

PROTECTS COUNTLESS LIVES.
Dr. Samuels stated that the lives of countless children and grown-ups could be saved through public health measures. He quoted from a TRIBUNE editor, stating that the deaths from disease in this country, during a given period of the war, exceeded the total of the casualties in the army for the entire war.

Dr. Samuels concluded: "Both war and peace have their horrors. The horrors of peace can be combated through public health nursing system, public health centers, free

public health exhibits and the dissemination of public health literature. This is an era of responsibility in which we should gather all essential facts and make it an era of life and health preservation."

OF VITAL IMPORT.
President Ray Lyman Wilbur of Stanford University said: "The city of Oakland is showing a more intelligent approach to the all-important matter of public health than any other community in the West. Health is a matter of racial and economic import. Too long have we been drifting along as social animals, barely tackling such problems as food supply and housing in their vital relationship to public health. We lack common sense in our international health relations."

Dr. Wilbur traced the interdependence of the world from a public health point of view, stating

that the '49-ers, coming across the Panama Isthmus, brought in malaria, and that the negro slaves from the Southern plantations brought in other diseases. There were numerous organisms and parasites in human bodies that easily cross the boundary lines, he said, and these parasites injure the body and damage the brain. Therefore, Dr. Wilbur indicated, public health is an international task for all the world to tackle. Public health in its best application for the human race is, after all, only a matter of money, he said. Thus the expenditure of one cent per day per man has made the Canal Zone the healthiest place in the world.

NEVER FIRED THIS COOK.
GENEVA.—Mlle. Fanny Hauck has been cook in the same family for 65 years, serving five generations.

Organization Holds Down Fire Damage

WOODLAND, July 27.—Although there have been some eleven grain fires within the past ten days, the Yolo County Farm Center fire department, with a branch in each of the ten communities where there are farm centers, has minimized the loss to about \$5000. Large fires were averted on the A. C. Stevens grain ranch of 320 acres, while Farm Adviser W. D. Norton gives credit to the rural fire fighting department of Yolo for saving the entire town when the Wallace grain ranch caught on fire a few days ago. The rural fire departments, it is claimed, will reduce the losses here close onto \$100,000 this year, based on previous averages, and the rate of loss during the month of June to date.

Burning Range Lands Menace Napa Homes

NAPA, June 27.—Fire swept 30 acres of pasture land, consumed a quantity of timber and was only prevented from destroying a dwelling after heroic work by the Oakville rural fire department and other volunteers at the Hyland ranch, near Oakville, Sunday. The fire was discovered by members of the household of Mrs. D. Doak, widow of the lately deceased millionaire, who spread the alarm and sent their workmen to fight the flames. After more than an hour's hard labor, the fire was finally conquered as it was about to ignite the cottage of the Hylands, who were absent.

Army Men Are Not Guilty of Murder

JACKSONVILLE, Fla., June 27.—Lieutenant B. J. Toohar and Sergeant Kristian Bredvold of the United States air service were found not guilty of a charge of first degree murder by a jury in federal court here. The case grew out of the killing of F. B. Pitt at Punta Gorda in April, 1921, and attracted wide attention because of a threatened clash between civil and military authorities over jurisdiction.

Friends and acquaintances are respectfully invited to attend the funeral Wednesday morning, June 28, 1922, at 10 o'clock, at the chapel of Grant D. Miller, 37 3/4th st., Oakland. Interment private.

GIRL GRADUATE UNDER MAKE UP BAN CHEERED

EUREKA, June 27.—Miss Gladys Lavery, high school senior here, used "make up" when her picture was taken for the high school publication, the "Sequoia," and when the "half tone" showed that such was the case, her likeness was removed from the "lay out" with a hack-saw.
Miss Lavery, supposedly sunk low in public esteem, was greeted with a storm of cheers, appreciation and good will when she stepped forth with other members of her class to receive her diploma.
"I did use make-up," said Miss Lavery, "and it did improve the picture; anybody could see that, and I do not see why a girl should not be allowed to look her best under the circumstances. I know teachers that help themselves out a bit, and it does help, too."

PIONEER WOMAN BURIED.
NEWMAN, June 27.—The funeral of the late Mrs. A. D. Olary, pioneer of this district, was held this morning at 11 o'clock from the Presbyterian church, Rev. H. S. Saxby of Modesto officiating. Interment was made in the Newman cemetery. The funeral was largely attended. Deceased was the widow of the late "Daddy" Olary, for 27 years supervisor of this district and for whom a popular highway was named. Two sons and two daughters survive. Mrs. Olary was a native of Missouri, aged 79 years.
Lavery, "and it did improve the picture; anybody could see that, and I do not see why a girl should not be allowed to look her best under the circumstances. I know teachers that help themselves out a bit, and it does help, too."

RUSSIAN REVOLT
LOOMS PREDICTS
COUNT TOLSTOY

Failure of Hague Conference
Will Mean End of Soviets,
He Believes.

CHATELAIN, N. Y., June 27.—The Russian revolution, which is predicted by Count Tolstoy, will follow the inevitable failure of the proposed Russian economic conference at Hague, was the prophet of Count Tolstoy, son of the late Count Leo Tolstoy, the Russian author, in an address here last night before the convention of the General Federation of Women's Clubs. Inability to pay soldiers and other government employees, who have not been paid for months, will bring about the downfall of the Red government, Count Tolstoy declared. He predicted that the conference will fail, and that the result will be the end of the Soviet government. He said that the conference was called to pay the soldiers, but they returned empty-handed. He said that the conference was called to pay the soldiers, but they returned empty-handed. He said that the conference was called to pay the soldiers, but they returned empty-handed.

DEPLORING RECOGNITION.

The willingness of British and other European statesmen to recognize the Bolshevik government, Count Tolstoy declared, was a deplorable recognition of the Russian revolution. He said that the Russian nation belongs to the people which the present rulers do not represent. The Bolsheviks have not been elected by the people, but have been imposed upon the people. He said that the Bolsheviks have not been elected by the people, but have been imposed upon the people. He said that the Bolsheviks have not been elected by the people, but have been imposed upon the people.

Kilauea Volcano
Taking Little Nap

HONOLULU, T. H., June 27.—Kilauea, the ever active volcano on the island of Hawaii, seems to be taking a nap after the recent cessation of its activity. It has flowed into the pits of Makena, Papau and Napua, which has been dead for eight decades, according to the weekly report of T. A. Jaggar, Jr., government volcanologist at the crater. The repose being enjoyed by Kilauea is similar to that of 1913, which followed a period of around 100 years. The pit is now a pond of water over 800 feet deep with conical debris slopes of reddish rock on the bottom. Jaggar said that the boring experiments on the sulphur beds have been completed and the drill has been removed to the Kilauea floor. The two holes drilled in the sulphur beds were capped and will be preserved for further experiments in gas chemistry.

Osteopaths to Meet
in Los Angeles

LOS ANGELES, June 27.—Visiting osteopathic specialists will occupy pulpits of Los Angeles churches, Sunday, July 2, according to an announcement of the American Osteopathic Association. The following day the annual international osteopathic convention will open under the auspices of the association with an address by Governor Stephens of California. Smallpox, mental and nervous diseases, dentistry and public health will be among the subjects discussed at the sessions. Dr. Samuel L. Scott of Dallas, Tex., will preside. Dr. C. D. Swope of Washington, D. C., is chairman of the program committee. The annual session of the American Osteopathic Society of Ophthalmology and Otolaryngology will precede the convention. Women osteopaths will convene under the title of the Osteopathic Women's National Association.

Rare Collection Is
Given University

EUGENE, Ore., June 27.—A huge collection of rare books which had been the property of a private collector, a Chinese inscription catalog for the death of a foreigner and a valuable collection of lacquers are part of the Murray Warner collection accepted by President P. L. Campbell and the board of regents of the University of Oregon recently on the occasion of the establishment of a university department of museums and collections. The collection, which was presented to the university by Mrs. Murray Warner, will form the nucleus of the new department.

STARLIGHT
by IDA MCGLONE GIBSON

Virginia Fairfax, daughter of the first family of Virginia, rebels against the pure blooded aristocracy of her race, and, fired by a love for a poor boy, runs away to become a model actress. Virginia Fairfax, daughter of the first family of Virginia, rebels against the pure blooded aristocracy of her race, and, fired by a love for a poor boy, runs away to become a model actress. Virginia Fairfax, daughter of the first family of Virginia, rebels against the pure blooded aristocracy of her race, and, fired by a love for a poor boy, runs away to become a model actress.

as they shut the door of the operating room upon him. "Oh, Virgie, Virgie, I can't stand it!" "Don't John, it will be all right. Surely your God will give her to you." John Storm dropped silently to his knees beside the chair and buried his face in his arms. The minutes dragged into the hours and passed with leaden feet. John raised an agonized face to mine. "Why are they so long, Virgie? Why are they so long? Surely if I am to have her, she will come. They would come and tell us." "Of course they would, John. No news is good news." As though his agony was too great to be shown even to me he dropped his face upon his arms again. I put my hand upon his head and as I did a convulsive shudder shook him while a sobbing cry, such as I had never heard before and I hope never to hear again, broke from him: "I can't bear it. I, who loved her so much, have caused her death."

NEW INDEXES ARE
NEEDED BY SCHOLARS

DETROIT, Mich., June 27.—The creation of new indexes to aid scholars and investigators was recommended to the American Library Association at its meeting here today by Harry Miller Lydenberg, chief reference librarian of the New York Public Library. "We have no indexes to periodical articles in the field of industrial art," said Lydenberg. "A union list of periodicals and a record of bound files of newspapers available for investigators are two desirable enterprises."

Ten Million Stamped
Envelopes Daily

WASHINGTON, June 27.—More than ten million stamped envelopes are being turned out daily by the manufacturer at Dayton, Ohio, who is under contract with the Postoffice Department to supply the government with all envelopes, according to an announcement today by Postmaster General Work. It is estimated that the contractor will be required to reach an average of eleven million daily if the demand continues to grow, it was explained. On May 26 a record mark was reached when nearly twelve million stamped envelopes were produced, was confirmed by the Postmaster.

Missing Schooner
Found "Frozen In"

NOME, Alaska, June 27.—The schooner "Teddybear," missing nearly eight months and believed lost, frozen in at Potosi river, 12 miles south of Emma, a village on East Cape, Siberia. All on board are well and waiting for the ice to clear out of the river before returning to Nome. The "Teddybear" sailed from Nome last October with a crew of five or six men.

NOMINATION CONFIRMED.

WASHINGTON, June 27.—The nomination of Vernon W. Van Fleet of Indiana to be a member of the Federal Trade Commission was confirmed by the Senate.

Japanese Admiral
Is Victim of Cancer

TOKYO, June 27.—Prince Yorihito, admiral of the Japanese navy, died yesterday at Eiyama. The prince is believed to have been suffering from cancer complicated by an attack of influenza. He was 55 years old.

Boost Given For
Tunnelling Scheme

TOKYO, June 27.—With the appointment of J. K. Okami of the Yokohama Specie Bank as chief of the railway reconstruction office newly established at Shimonoseki, the proposed submarine tunneling scheme of the Atsuta-Shimonoseki line has assumed a tangible shape. The construction work will be taken in hand this summer and will be completed by 1923 at the estimated expenditure of yen 18,000,000. More or less difficulty is anticipated in the excavation work, but the experts in charge are quite confident of success. The tunnel will be four miles long.

Japan to Train
Her Own Flyers

TOKYO, June 27.—The naval department has notified the Master of Sempill and other British aviators brought here to teach Japanese officers and men of the navy the art of flying, that their services will not be required after this year. In fact, most of the instructors expect to leave Japan early in the fall.

Japanese Urge
South America
For Emigration

OSAKA, Japan, June 27.—The English edition of the Osaka Mainichi, the only foreign newspaper in Japan, conducted exclusively by Japanese, claiming that the latest statistics show that there are 420 Japanese on every square mile of Japan proper and that the population is increasing at the rate of 1.6 per thousand, says it is a grave problem for Japan to find an outlet for her people.

Three Men Die
In Desert Heat

BRAWLEY, June 27.—Death from "heat prostration" as the verdict reached by a coroner's jury here at an inquest over the bodies of three men who died in the desert a few miles southeast of Niland, near the Southern Pacific main line, last Saturday.

Martinez Man Is
Called By Death

MARTINEZ, June 27.—Charles Ball, respected resident of this city and for many years a prominent business man here, passed away at his home on Court street on Monday morning.

Banker Faces Trial

OLYMPIA, Wash., June 27.—O. S. Larson, former president of the defunct Scandinavian-American Bank of Tacoma, must stand trial on a charge of accepting a deposit of \$1409 from George Chapman when he knew the bank was insolvent, the supreme court decided yesterday.

Maccabees Hold Dance

The Ladies of the Maccabees held a dance at W. O. hall, East Fourteenth street and Fruitvale avenue, Saturday evening. A prize waltz was the main event and was won by Roy Lutz and Norma Hopper.

Briefs

BRIEF, Pa.—A lighted pipe, which he put in his pocket when he went to bed, set a fire which burned the home of John S. Mills.

SOROPTIMISTS WILL AID GIRLS' EMPLOYMENT

Positions Are Required
to Carry On Work of
Oakland Y. M. C. A.

To protect the employment bureau of the Young Women's Christian Association against discontinue, the Soroptimist club voted a sum of approximately \$240 at a business luncheon at Hotel Oakland yesterday. The business and professional women also voted to purchase a pole in the Lake Merritt scheme of beautification. With orders being received from the board of directors of the Young Women's Christian Association to close the employment bureau on July 15, because of lack of funds for its maintenance, Miss Alice Brookman, executive secretary, made an appeal yesterday to the Soroptimist women. Other organizations will be asked to assist in financing the work for the coming six months. Yesterday's appropriation is contingent upon raising the full amount needed to continue the service. A department budget asks for \$130 for monthly expenses. Four "Y" secretaries have volunteered \$35 of this amount. Over 1000 girls were placed in positions last year, according to reports of the employment bureau, which registered 2025 calls for help

and 2687 applicants for positions. Of the employed women in Oakland, two-thirds are between the ages of 16 and 21, according to Miss Brookman, claiming that young women between the ages of 16 and 25 were those whom the bureau served.

Following up the club endorsement of the project of the purchase of the Redwood area in Oakland for a city park, a special committee was named to co-operate with the general campaign committee. The members are: Miss Edna B. Kinard, Mrs. Lavinia Harris and Dr. Pauline Nussbaumer.

The expansion campaign which will be carried on July 11-14 by the Chamber of Commerce was presented by a representative of that body.

Miss Violet Richardson, president, presided as chairman of the business meeting. Mrs. Emily Wilkie was chairman of program. Department reports were presented by Mrs. Sylvia W. Smith, chairman of the program, and Mrs. Helena Gamble, secretary.

The club will omit the regular luncheon next Monday.

Hunt for Bodies of Drowned Trio Halts

NEWPORT, Wash., June 27.—Hope of finding some of the bodies of the two boys and a girl drowned here Sunday was practically abandoned here today, experienced fishermen believing the bodies will be found some distance down river, near Metairie Falls.

Those drowned were Miss Ivy Richards, 17; her brother, Elbert, 22, both of Tiger, and Frank Sheppard, 17, of Seattle. With a cousin of the latter boy, Hazel Sheppard, 17, they were taking pictures on a log boom at Lone when the boom, standing started to roll, throwing them into the water. Miss Sheppard was rescued.

NATION'S MEAT BILL HOISTED BY TARIFF: WALSH

Massachusetts Senator Says
Schedules Will Add
\$379,500,000.

WASHINGTON, June 27.—Duties on fresh meats and meat products proposed in the pending tariff bill, if effective, would increase the nation's meat bill \$379,500,000, Senator Walsh, Democrat, Massachusetts, declared today in the senate. He was discussing the agricultural schedule, and announced that from time to time he would "submit figures, staggering in their size, showing what an unbearable burden these duties on agricultural products will be to the consumers."

Senator Walsh estimated that the duties on beef and veal would increase prices of those commodities by \$22,100,000 a year; that on mutton and lamb would advance by a total of \$11,500,000 a year; that on pork would be \$105,000,000 and lamb by \$12,000,000. He said the total would be \$37.77 for each man, woman and child in the country, or \$18.85 for a family of five. The Massachusetts senator contended that the increased cost to the people of his state alone would be \$15,140,000.

FAILS TO SEE BENEFIT

The speaker argued that the proposed tariffs could not result in any benefit to the farmers, for reasons which he outlined as follows: "A tariff on agricultural products, except in a very limited number of instances, may not have at all the effect of raising the general level of prices to the producer.

"To whatever extent it will raise the price to the producer it will: (a) react in higher cost of living to the people of the country, and; (b) react in higher costs of the things the farmer must buy. This was well illustrated during the war. As the prices of agricultural products increased, an increase in price of things the farmer purchased closely followed, and the result was little net advantage to him.

"The wages of labor have been and are becoming more and more dependent upon the cost of living. Increased costs through tariff rates of those things the laboring people of the country must eat means increased wages, and increased wages in the industrial and large centers of population means that labor will be scarce and will demand correspondingly high wages on the farms.

IN RESTRICTED SECTIONS.

"In those cases where the duties on agricultural products will be most effective in increasing prices, they are levied upon commodities produced in restricted sections by the small percentage of the farmers of the United States. Thus high duties are proposed on lemons, almonds, walnuts, figs and wrapper tobacco, of which the great majority of farmers are consumers rather than producers.

"In an examination of statistics and well known information in regard to some of these agricultural articles," Senator Walsh continued, "will prove, I believe, beyond question, that this schedule will not meet with the success claimed for it, but will result in very serious losses to the American people as a whole, and will imperil and injure materially the growing and expanding export business of the country. If this is true, then these tariff duties are more paper duties and will be of no benefit to the farmer."

McAdoo Refuses To Discuss Politics

SAN FRANCISCO, June 27.—En route to the Oregon where he will deliver the keynote speech at the Democratic convention tonight, William Gibbs McAdoo, former secretary of the treasury, arrived here yesterday.

As usual, McAdoo was adamant in his refusal to give out statements as to his political intentions. He smiled pleasantly when asked whether he would be a candidate for the Democratic nomination for the presidency and changed the conversation.

McAdoo also refused to discuss California politics, saying that he is merely interested in learning the law of California at present.

NAMED AS SHERIFF.

ALBANY, Ore., June 27.—William S. Dinnel of Shedd, football star at the Oregon Agricultural College a decade and a half ago, has been appointed sheriff of Linn county by the county court, to succeed C. M. Kendall, who was killed last Wednesday by Dave West, farmer-moonshiner, on the latter's farm near Plainview.

STRIKE FOLLOWS RATHENAU DEATH; FEAR UPRISING

Communists and Royalists
Plan More Serious Demon-
strations in Germany.

By CARL D. GROAT.
United Press Staff Correspondent.
BERLIN, June 27.—Germany was faced today with the critical aftermath of the murder of Walter Rathenau. A great general strike was declared in Berlin on the occasion of the late foreign minister's funeral.

Trains throughout the country stopped their wheels for two minutes at noon in honor of Rathenau's memory. Communists and Socialists held great meetings in the larger cities, closely watched by the police and troops who were called out in full force to prevent possible disorders.

It was learned that further and more serious demonstrations are planned for tomorrow, both by Communists and Royalists, on the occasion of the anniversary of the signing of the Versailles treaty. The government, struggling to preserve order, has demanded that Pan-German meetings be abandoned.

Royalist plotting, constant throughout Germany since the revolution, has been carried on openly. The assassination of Rathenau put an end to this temporarily, at least. It caused a tremendous revulsion of feeling and stirred liberals to active opposition. Former Kaiser Wilhelm has been kept constantly informed of these Royalist activities. It is not the intention of Pan-Germans to restore the Kaiser to the throne, however.

Ten members of a secret organization, which was suspected of being responsible for the assassination of Rathenau, are under arrest in connection with the murder of Rathenau. A lieutenant, Karl Tillesen, whose brother is supposed to have taken part in the attack upon Rathenau, also is under arrest at Frankfurt. A Captain Hoffmann, another suspect, is held at Munich, an enormous placard bearing the words "Ebert, Wirth and Scheidemann still live," was torn down by a mob.

The funeral of Rathenau, attended by the entire government and many members of the diplomatic corps, started from the Reichstag building, where the body was placed upon a bier and drawn through the streets. Berlin was in deep mourning.

NOMINATIONS FOR WOMEN'S CLUBS OFFICERS MADE

Minneapolis Woman Heads List; Election To Be Held Thursday.

CHAUTAUQUA, N. Y., June 27.—Mrs. Thomas C. Winter, of Minneapolis, Minn., was nominated for reelection as president of the General Federation of Women's Clubs at the biennial convention, in session here today. The remainder of the ticket, all of which is unopposed, includes: Mrs. William S. Jennings, Jacksonville, Fla., first vice-president; Mrs. Wallace T. Perham, Glendale, Mont., second vice-president; Mrs. James Hayes, Atlanta, Ga., recording secretary; Mrs. Florence Floore, Cleburne, Tex., treasurer.

The election will take place on Thursday. The corresponding secretary will be appointed by the board.

ENDORSE BETTER FILMS.
Two resolutions concerning motion pictures were considered today by the resolutions committee. One resolution sponsored by the Georgia Federation of Women's Clubs, endorsed the "better film organizations." The other, advanced by the federation chairman of moving pictures, Mrs. Woodallen Chapman of New York, recommends cooperation with all organizations interested in improving motion pictures.

Under the rules discussion of the resolution went over until tomorrow, when Will H. Hays, president of the motion picture producers and distributors, is expected to speak before the convention.

Today's program called for conferences on industrial and business relations, institutional relations, Indian welfare and social service.

WOULD ABOLISH JAILS.
"Conditions in the average county jail are intolerable," said Miss Julia K. Jaffray, of New York City, chairman of the common institutional relations committee. "The jails should be abolished and in their stead farm colonies should be set up under state control, where convicts can be trained to work, and where they are paid according to the amount of work they do."

Mrs. H. A. Atwood, of Riverside, Cal., presented the results of a survey of Indian reservations and urged education for Indians with the ultimate aim of fitting them for full citizenship.

A suggestion is before the convention to choose the corresponding secretary from the same city as the president. If the suggestion is adopted Mrs. Henry S. Coffey, of Minneapolis, will be presented as a candidate.

Taxi Man Is Fined \$150 in Dry Case

RICHMOND, June 27.—A. J. Weber, taxi man, pleaded guilty to having illegally sold liquor and was fined \$150 yesterday by Police Judge C. A. Odell. Weber was arrested in a recent raid of bootlegger joints.

Carl Carlson, tailor, pleaded guilty to illegal possession of liquor and was fined \$100.

Or the fourteen arrested in the wholesale raid of two weeks ago several are expected to demand jury trials.

FIRECRACKER CAUSES DEATH

CRAIGMONT, Ida., June 27.—Miss Leatha Young, 18, whose dress was ignited by a firecracker thrown into it by a small boy on a Craigmont street, Sunday noon, died from her injuries.

RICHMOND \$265,000 BOND ISSUE PLANNED

RICHMOND, June 27.—Richmond voters will have an opportunity to decide at the November election whether or not they wish to bond for playgrounds, swimming tank, hospital and grounds, memorial building and extension to the public library, the bond issue to be for \$265,000.

Architects are to be invited to submit plans for a swimming tank, hospital building and memorial building. The amounts to be voted on for the different purposes follow: Playgrounds, \$50,000; swimming tank, \$40,000; memorial building, \$100,000; hospital building and grounds, \$50,000; extension to library, \$25,000. Total, \$265,000.

By voting bonds Mayor Garrard estimates that the city's tax rate could be lowered about 15 cents this year and 30 cents next.

Richmond Opposes S. P. C. P. Unmerging

RICHMOND, June 27.—Angling that the unmerging of the Southern Pacific and Central Pacific would cause material damage to Richmond, through cutting off of train service, the City Council last night voted to record its opposition to the movement.

City Manager J. A. McVittie brought the matter before the Council. It was pointed out that unmerging would cause the taking off of through train and serving of Richmond by a few local trains daily. Freight rates, it was stated, would be increased.

New Bids Sought On Street Paving

RICHMOND, June 27.—On advice of City Attorney D. J. Hall, the City Council last night rejected all bids for the improvement of twenty-ninth street. New bids will be called in two weeks. Although Frank Auzer was low bidder, his bid did not conform to legal requirements.

WOMAN GETS FINE BIRTHDAY PRESENT

"Good morning, Mrs. White. Your daughter tells me that you just decided this morning to go to Omaha for your son's commencement."

"Oh, yes, and I'm so excited about it. My husband gave me a round trip ticket for a birthday present today."

"My goodness, I think that's just fine. Your husband surely is thoughtful to give you a nice present like that."

"Yes, it's mighty nice of him. I never dreamed that I would be able to go back there this year. I'll visit my folks in Iowa, too, before coming back. My ticket gives me six weeks back there."

"If it was me that decided to go so suddenly I'd be a nervous wreck from worrying about getting my clothes ready in time."

"Well, I was sort of upset at first till my husband told me I could go to Cherry's, at 515 13th street, and get any clothes I want. You know that's the place where they have such lovely things that one can buy on credit."

Cherry's store for men is at 523 18th street.—Advertisement.

Health Center Head Makes First Report

RICHMOND, June 27.—Director Nora T. Lovelace of the Richmond Health Center submitted her first report at the Council meeting last night. During May, the report reads, there were 144 visits at the institution, 49 dressings and treatments, 30 prescriptions issued, 53 laboratory tests, 27 blood tests, 26 cases referred to it by the Red Cross, 30 cases referred to it by the school nurse; number of hours put in by paid workers, 426.

W. O. W. Drill Team Gives Exhibition

RICHMOND, June 27.—Log Cabin Camp, No. 637, received two applications at its meeting last night in W. O. W. hall. The business session was followed by an entertainment given by the drill team of the camp. Zoe Holten, a young girl, and Miss Theis gave vocal solos.

The balance of the evening was given up to dancing. L. A. McLean was chairman of the entertainment in charge of the entertainment.

Poultry Raisers Plan Whist Party

RICHMOND, June 27.—The Richmond Poultry Producers, at their meeting last night in Pythian Castle, made further plans for the big whist party to be given Friday night.

Various breeds of chickens were discussed and displayed during last night's session. Included in the display were white Cornish chickens of Frank Stewart, a partridge Plymouth Rock bantam and bantams of Mrs. A. W. Roselynn and W. R. Fuller.

Two new members, Martin J. Krogler and Joseph Banli, were added last night.

ELKS MEETING.

RICHMOND, June 27.—The final Elks' meeting of the spring season will be held at the Elks' clubrooms tonight. Following initiation there will be an entertainment by a trio and a high-class singer. As a wind-up there will be a feed. Exalted Ruler Frank Gordon expects a big turnout, as this will be the last big meeting before the summer vacation.

COUPLE MARRIED.

RICHMOND, June 27.—Mrs. Myrtle Schererville, former resident of Richmond, and Frank S. Coburn of Portland were married Sunday in Portland according to word reaching friends of the bride here.

JAIL TENOR IS SENT TO PRISON

DALLAS, Texas, June 1.—No longer will "regulars" and strangers passing in the thoroughfare adjacent to the Dallas county jail pause and gaze upward in amazement as they listen to the strains of some popular air issuing from the sixth floor of the jail building and wonder, perhaps, if a new Caruso has fallen into the clutches of the law.

Jim Robinson, negro, he of the powerful and well-trained tenor voice, has gone to other fields—the state penitentiary, in fact—to be gone for four long years.

When first arrested, Jim declared his intention of "singing his way out," and daily his shining black face could be seen as he clung to the bars that kept him from "without," while he poured forth his very soul in the sweet strains of some plantation melody.

Jim made a hit with passersby, a decided hit, and he will be greatly missed by his fellows, but he failed to make a hit with a jury, which, upon his plea of guilty to a charge of burglary, suggested that his voice was entirely too powerful for such a small "audience" and sent him on his way to the great expanse of the state penitentiary farms.

GUARD AGAINST TITLED FAKES, PARIS WARNS

PARIS, July 1.—"Beware of ducs and vicomtes, not to mention duchesses and marquises."

It has been proposed to placard that warning in all hotels which frequent, especially hotels near the Opera, following the arrest of Jose Terol, alias Vicomte Romero, whose career in high society cost several guests of leading hotels huge sums of money and no little humiliation.

The "Vicomte" always registered at the best hotels. His charming personality and fascinating, although somewhat descending manner, won him innumerable friends, especially among American society women.

Ambitious mothers cultivated him. Ambitious fathers were induced to invite him to dinner. He was understood to be eligible and an excellent match.

But he was "sneakers." The "Vicomte" was shy and went out very little. He preferred to give parties in the large, expensive hotels he chose as his residence. He invited to his parties all the admiring young women, charmed by the ambitious mothers and the no less ambitious fathers.

Every time the "Vicomte" gave a party, thefts were reported in the hotel in which the party was coincidence J2G. (Jvbgkqanrm)

Eiffel Tower to Lose Observatory

PARIS, June 27.—"What's the Eiffel tower good for?"

Asks the question every American asks when he comes to Paris. And Monsieur Baillaud, director of the Observatory of Paris, echoed it seriously when he requested recently that the observatory be removed from the top of the tower and set up on some less imposing elevation outside of Paris. The Academy of Science is considering his request.

The director argues that the smoke, dust and vibrations of a modern city, with its street cars and taxicabs, throw out the accuracy of delicate instruments. Since it is from the Observatory of Paris that the correct time is determined for the entire world, it doesn't do to miss or gain a few seconds every time a motor bus rumbles by.

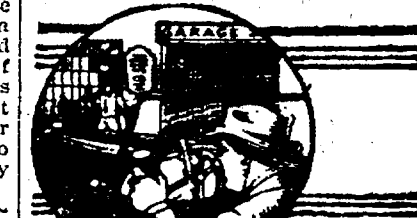

Nobody though the coincidence stranger than the "Vicomte." He made jests about it. He consoled the victims and suggested to the hotel management a system of burglar alarms.

Police say weeks passed before they were able to catch the "Vicomte," who is a Spanish confidence man known to the police, who believe that with his arrest by detectives diagnosed a very ants work has been begun on the breaking up of a large gang of "nobility" crooks working in first-class hotels in all the tourist centers of Europe. They are eager to warn all travelers against against them.

To Designate Swamp Federal Reservation

WAYCROSS, Ga., June 27.—Setting aside of the Okefenokee Swamp as a national reservation will be urged on the federal government if a unified movement launched here is successful.

The movement was launched at a banquet recently by the University club, at which a resolution endorsing the project was read.

A Better Day Than Yesterday

Each day should be a better day than yesterday—better health, better work, better play. Whether it is a better day or not depends largely on what kind of a breakfast you eat. Start the day right by eating

Shredded Wheat

With Strawberries

Being made in biscuit form it is so easy to prepare a delicious, wholesome meal with Shredded Wheat and berries or other fruits. The porous shreds of the Biscuit take up the fruit acids, presenting them to the palate in all the richness of their natural flavor. A boon to busy housewives.

When you ask for Shredded Wheat be sure you get the original Shredded Wheat you have always eaten, made at Oakland, Calif.—always clean, always pure, always the same high quality. Two Biscuits with milk or cream, or with berries or other fruits, make a satisfying meal.

RODEO BOOSTERS OF LIVERMORE VISIT OAKLAND

Cowboys, Cowgirls on Trip
to Advertise Event for
July 2, 3 and 4.

Announcing the annual Fourth of July Rodeo, which is to be held at Livermore on July 2, 3 and 4, a delegation of cowboys and girls visited Oakland today in charge of Thos. W. Norris, president of the Livermore Stockmen's Rodeo Association, and of M. G. Callaghan, secretary. The visitors were the guests of honor of the Oakland Ad club at its weekly luncheon.

Sixty-four horses and twenty-five men arrived today at Livermore from Oakland. Horses and men belong to the 143d Field Artillery, and will participate in the military maneuvers during the rodeo.

Two carloads of wild horses arrived today from Nevada, and Bob Anderson and J. J. Millerick also arrived with their runners and buckers.

The wild horses from Nevada came in the care of Chas. Farrell. They have been purchased by the association for use in the wild horse races.

Youthful Arsonists Granted Probation

MODESTO, June 27.—Four young men were granted probation by Judge Cushman in Superior court Monday. E. L. Keen, 16, and Alvin and Alva Graham, twins, 15, who were accomplices of Mrs. Florence Gray in the Santa Fe hotel fire at Riverbank, were placed on probation for a term of seven years. They will be held in jail here until provided with funds to carry them back to their homes in Texas.

Alexander G. Gordon, found to be a British subject, was granted probation for a term of five years provided he boarded a British vessel and never returns to this country. He recently pleaded guilty to burglarizing a Modesto home.

DIES AT CENTERVILLE.
CENTERVILLE, June 27.—The funeral of Miss Della Eaton was held from the Eaton home here at 2:30 this afternoon. Miss Eaton died here Sunday afternoon after a long illness. Miss Eaton was born in Grahamville, N. Y. She is survived by a mother, a brother, Dr. Du Bois Eaton, and a sister.

MOVED

DR. F. L. STOW
has moved from 1309 Washington
St. to 1444 San Pablo ave., Wood-
ward bldg., room 205.

Hard Workers

A prominent business man said to another, "I enjoy visiting a Skaggs Store. Their clerks are such fast, hard workers. I wonder if Skaggs demand such work from their employees. The other man answered him correctly. 'No,' they could not get such willing, enthusiastic clerks by demanding."

This is very true. Skaggs employees are working for more than just a salary. They know that Skaggs Stores offer unusual opportunities to men who are ambitious. They are taught that their future as well as ours depends on how well they take care of our patrons. The natural result you can see in all Skaggs Stores. Quick, snappy service, by courteous salesmen, who get greatest pleasure from a hard day's work, knowing they have accomplished much.

Shop at the nearest Skaggs Store and share in the profits with progressive, co-operative employees.

Get Set, Folks, Here Comes the Livermore Rodeo

Livermore's big annual Rodeo opens Sunday next and to say that the whole town is on tiptoe and set to go, is telling it mildly. On the left, for instance, is that DON JOSE SEWENEY. He is practicing a little Bill Hart stuff—rolling one with one hand, and all that. His shirt is not considered a sartorial triumph; it is merely another way Don Jose has of expressing wild enthusiasm. It's a real enthusiastic shirt. In the center is a dainty little Carmen of Livermore, dressed in the finery of her grandmother half a century ago. She is MRS. JOSIE SACHAU. At the right is MARGARET MARTIN, just busting into a few fandango steps. The two girls will be among the hostesses at the big Spanish baile, which is to be a feature of the Livermore show.

COUNCILMEN END SIX YEARS OF CITY SERVICE

SAN JOSE, June 27.—Elmer E. Chase and W. L. Atkinson last night brought to a close six years' faithful service as members of the city council of San Jose. Their attendance at the final meeting of their term was the cause for expressions of appreciation for their long and untiring service and the adoption of a motion calling for the appointment of a committee of three to draft resolutions commending their record in the council.

City Manager E. B. Goodwin, Council President Albert C. Jayet and City Councilman Joseph T. Brooks all delivered brief addresses in which they lauded the work of Atkinson and Chase. President Jayet appointed Councilmen Arnold and Chase to the committee to draft the commendatory resolutions. The retiring councilmen in turn voiced their appreciation of the co-operation they have been given in their years of service and expressed regret that their own duties made

BEAUTY'S HOPES BLIGHTED; SUES THEATER MAN

PARIS, June 27.—Because he dashed her hopes of becoming a stage star, France's "most beautiful girl" is suing a theatrical manager for breach of contract. Elected by popular vote, France's queen of queens for 1922, and acclaimed the most adorable out of 5,000,000 of automobile blondes and brunettes, Mlle. Germaine Buchet expected to fulfill her childhood dreams of appearing before the footlights. She turned down many offers of marriage, she alleges, to sign a contract for appearance in the opera "Helen Returns," but the role went to a rival beauty.

Now Mademoiselle Buchet demands that the court make the manager keep his promise or pay. It is imperative that they not seek re-election. William Irons and Dan W. Gray will take their seats for six-year terms next Monday night, July 1. A resolution which would impose a license fee on all slot machines was given lengthy discussion, with the result that City Attorney Archer Bowden was ordered to draft a prohibitory ordinance rather than a licensing one. The councilmen expressed the opinion that the machine game was a gambling evil which should not be tolerated.

Announcement was made of the calling of a special meeting of the council for July 1 at 4:30 p.m. in the office of City Manager Goodwin, at which time they will meet with officials of the Hester District Annexation Club. The meeting will be for the purpose of discussing plans for the holding of an annexation election and should be a long step forward toward the goal of a Greater San Jose, officials believe.

Eighteen auto stage licenses were renewed for the coming year by the council.

A mass of steel improvement proceedings, virtually all relative to work already under consideration, was given over and pushed ahead.

Police Officer Theodore Chargin was granted a year's leave of absence, effective August 1.

Chinese Classes to Open at Y. M. C. A.

"How Americans Can Learn Chinese with Least Difficulty" will be the subject of an address by Franklin C. H. Lee tomorrow night at the opening of a summer course in Mandarin Chinese at the Oakland Y. M. C. A. The given in room 224 of the Y. M. C. A. building at Twenty-first street and Telegraph avenue, at 7 o'clock. According to Lee, who has issued an invitation to the public to attend the lecture, classes in the course on Chinese will be held on Monday and Wednesday evenings throughout the summer, while arrangements will be made to accommodate those who can attend only once a week.

Quota Committee of C. of C. to Meet

To discuss progress up to date of the Oakland Chamber of Commerce Expansion campaign, the first meeting of the quota committee, of which Harriet Robinson is chairman, will be held this evening.

The committee is composed of thirty-two members representative of every business interest in the community.

It is duty is to apportion among the various business interests the \$25,000 service fund that will be raised to finance special activities of the Chamber during the coming year.

ONE KILLED IN POKER GAME

NOGALES, Sonora, Mex., June 27.—Cayetano Mosquera was killed and Carlos Richards was wounded by Jesus Robles, who had \$1,000 in a poker game with them in a saloon here last night. Robles left the table and a few minutes returned and opened fire through the saloon door. Robles, who was on parole on another murder charge, was captured.

NEW KEY FERRY STEAMER TO BE NAMED HAYWARD

Hayward is to be known on the water as well as on the land, it was assured yesterday by W. R. Alberger vice-president and general manager of the San Francisco-Oakland Terminal Railways. In the announcement that one of the company's two new ferry boats being built at a cost of \$1,000,000 will be named the Hayward to comply with

request of the Hayward boosters, a request of the Hayward boosters of Commerce Alberger was yesterday petitioned by all civic, improvement, business and fraternal organizations to change the name of the new ferryboat Peralta to the Hayward. The petitioners pointed out that San Leandro has already been honored by naming one of the new ferries after the Cherry City.

Names of the new boats were recently announced by Alberger as the San Leandro and the Peralta. The announcement got the Hayward boosters to wondering why the name of the Peralta could not just as well be changed to the Hayward, and yesterday secured immediate results when they called upon Alberger.

The San Leandro and Hayward are expected to be in operation between Oakland and San Francisco by the end of November. Built along the same lines, they will differ from the present Key System ferries mainly in size, motive power and speed. They will be electrically driven and heat the speed of any passenger boat now operating on the bay. The new ferries will each accommodate 3000 passengers, 1000 more than any Key ferry now carries. That the San Leandro and the Hayward will be the last word on trans-bay transportation is claimed by Alberger.

SIGNS ON LINER

MARTINEZ, June 27.—David Jackson, graduate of this year's high school class, has signed as a member of the crew of one of the Matson liners plying between Crockett and the Hawaiian Islands and will join the ship in about ten days. He anticipates remaining with the ship for a year.

MILK IN SUMMER

—needs special attention

Many things enter the milk business. The delivery wagon is one of them.

To deliver your milk safe and cool the wagon has to carry ice around the bottle. The boxes have to be scrupulously clean.

The supply has to be covered so that dust, flies and the sun cannot reach it.

The driver must place your bottle in the coolest spot he can find.

Cleanliness and punctuality at all times.

—and that's but one feature of our business of getting safe milk to you.

Walnut Grove Creamery Co.
41st and Market Streets
"Piedmont 70"

Washington Notes

WASHINGTON, June 27.—Hearings by the House irrigation committee on the Swing bill which will be temporarily completed tomorrow, will, in the opinion of members of the committee tend to promote an agreement in the Colorado river commission upon a general plan for the distribution of the waters of the river among the seven states in its basin. The commission will meet at Santa Fe, N. M., August 1, when the record of the hearings on the Swing bill, which would provide for improvements in which California, Arizona and Nevada are interested, will be placed before it.

The Senate today concurred in the House amendment to the bill authorizing an appropriation of \$7,500,000 for new work on the Wilson Dam, at Muscle Shoals, Alabama, effective next October 1.

The House postoffice committee voted today to postpone consideration of the Kelly bill for reduction of the second-class postal rates until the December session.

Twenty-five new federal judgeships are created by a bill agreed upon today by the Senate and House conferees who have been wrangling over it for several weeks.

The administration has not been consulted regarding any proposed loan by American bankers to the Mexican government, it was stated officially at the White House this afternoon.

Congressional action on the annual army appropriation bill, pending for a year, may be completed today through final adoption by the Senate of the conference report on the bill.

Woman's Club to Give Two Dances

LIVERMORE, June 27.—The Woman's Improvement club will have charge of the two dances here on Saturday and Monday evenings in connection with the rodeo. They will also have charge of the concessions at these dances. This was decided following a request by the Rodeo committee that the club handle these affairs.

One dance will be a street dance and will be held on J street, and the other will be held in Sweeney opera house. The dance in Sweeney will be conducted as a real old-time Spanish fandango. Concessions of various kinds will be conducted and the committee composed as follows: Mrs. T. E. Knox, hot dogs; Mrs. Wm. Doonan, hot booths; Mrs. Carl Jorgensen, soft drinks and ice cream; Mrs. R. R. Kingsley, coffee and sandwiches; Mrs. E. J. Lawless will have charge of the dance.

The woman's improvement club has also decided to enter a float in the parade of July parade. Mrs. J. O. McKown is chairman of the committee appointed to make the necessary arrangements.

PETE IS IN GAOL

LODI, June 27.—Peter de La Porte, who paid two fines amounting to \$600 last September on bootlegging charges, is again in trouble on the charge of having liquor in his possession. Yesterday he pleaded not guilty before a jury trial. No date was fixed. He was arrested in a raid in which several jugs, which the officers state, contained wine, were seized. De La Porte claims the lace is his residence, however, and that he has the right to keep liquor on the premises.

GARAGE MAN FINED.
J. J. McDonald, retired coal merchant, today was fined \$25 by Police Judge Edward J. Tyrrell, after he had been found guilty of operating a garage without a permit.

FILMS AT PLEASANTON.
PLEASANTON, June 27.—Pleasanton was invaded yesterday by the Lasky Famous Players Corporation, who are taking New England scenes here for a Valentino picture to be released in November.

OBSTACLES FOR CHINESE REUNION GROWING FEWER

Sun Yat-Sen Alone Has Not
Offered Allegiance to
Central Government.

SHANGHAI, June 28.—(By the Associated Press.)—The British consul-general at Canton has instructed British residents of Shanghai, a foreign settlement of Canton, to arm themselves in expectation of another bombardment by the forces of Sun Yat Sen, deposed President of South China, according to advices just received here from Hongkong.

PEKING, June 27.—(By the Associated Press.)—Political obstacles to the reunion of China seemed fewer in number and less in power than at any time for a number of years. Except Mr. Sun Yat Sen, deposed president of the southern Chinese government, who has declined to admit his deposition, there was no outstanding figure contending with the recognized officials, or even apparently likely to contend with them for the supremacy in Chinese governmental affairs.

D.W. Sun's appeal, it seems, is to be by force of arms, and while the Cantonese faction predicts it will be crowned with success, the northern or Peking government, and the adherents of that faction movement, are optimistic that the reverse will be the case. In this it is probable that they are placing considerable reliance on the military genius of General Wu Peifu, conqueror of Chang Tso-lin, the Manchurian super-tuehuan who last month threatened to overwhelm the Peking government.

WU IS STRATEGIST.
Wu, regarded as a strategist comparable to the best produced by the Great War, has overcome superior forces several times in the past, and from all reports would have a supremacy of numbers himself in the conflict with Sun's forces which appears likely to develop within the next two weeks. Sun's army, with which he made a bold bid for control of the Yangtze valley and a consequent threat toeking, is hastening southward to complete a pincer movement against General Chen Chiung-ming, who ousted Sun from Canton. It is said, however, that nearly two weeks will be required for Sun's men to displace themselves for attack on Chen, whose headquarters are at Weichow, and while Sun's men outnumber Chen's, supporters of General Wu do not expect him to be idle in that period.

The withdrawal of Sun's army southward apparently leaves its rear open to an attack by Wu, provided communications are adequate for him to bring up an effective force. Sun's troops were reported yesterday as reaching Paoingfu, on the Gulf of Leaoching, in considerable numbers on their way back from fighting Chang Tso-lin in the north.

TO SUPPORT GOVERNMENT.
Chen, although he adhered to President, to the extent of engaging to remove Dr. Sun from control, has offered conditions precedent to his complete support of the Peking government. These involve, in brief, establishment of a federal and state government system much like that of the United States, and abolition of the tuchun, or provincial military governor, regime throughout the country. Li Wu and other who lead the unificationists received Chen's proposals enthusiastically, so that it appears there is to be no delay to their plans on that score.

Prince Deserts Moro Wives and Weds American

(By United Press)
MANILA, P. I., June 27.—Prince Hadji Culami Rasul of the Moros has deserted his Moro wives for an American girl.

The prince and Miss Elma Stewart of Washington were married here and today announced they were leaving for a tour of Europe.

"We will not return until the American governor is gone from the Philippines and complete independence is obtained," Prince Hadji said.

None of the native Moro wives of the prince, which he had taken in accordance with tribal customs, will accompany the bridal party in any capacity and a bigamy charge brought on the ground that the prince already was married has been dismissed.

MARRIAGE LICENSES.
MARTINEZ, June 27.—Marriage licenses have been issued the following: Victor Silva, 24, and Marie Joseph, 19, both of Benicia; Valdo Porter Otto, 25, Berkeley, and Eva Sullenger, 21, Martinez; John E. Mittal, 30, Great Falls, Mont., and Elizabeth Marie Keller, 25, Berkeley.

BRILLIANT WOMAN DIES IN NAPA CO.

NAPA, June 27.—Miss Sarah Elizabeth Williamson, a native of Missouri, aged 65, died at the home of Mr. and Mrs. Peter Lass of Napa, on Sunday afternoon at 2:10. Miss Williamson, in early years, was a teacher in the schools of Illinois and later in Montana. She also taught commercial work in the State Normal school of San Jose in the year '89.

For more than thirty years she has been a home missionary to the Chinese, first in Bakersfield and later in San Francisco and Oakland. She was much beloved, not only by the Chinese, but by many warm friends.

She was an intimate friend of the Gordon-Hitchcock Sisters, and had come to Napa for a two days' visit when she was taken seriously ill.

Miss Williamson is survived by two sisters, Mrs. W. N. White and Mrs. L. M. Bradley of Berkeley, and one brother, S. A. Williamson of Montana.

The funeral was held at a local funeral parlor this afternoon. The Gordon-Hitchcock Sisters had charge of the services.

**SHREDDED
KRUMBLES**
deliciously flavored WHOLE-WHEAT

Joy in work and play!
Delicious whole-wheat KRUMBLES—with the full, enticing flavor of whole wheat for the first time in food history—build red-blood health into children, renew the strength and spirit of men and women and sustain the aged.

KRUMBLES are a necessity because they offset the denatured, devitalized foods we eat daily—foods robbed of life-giving substances! KRUMBLES not only contain every atom of the whole-wheat berry, but they supply the food elements the body needs!

KRUMBLES are a vital part of a child's diet because they build bone and tissue and make red blood! KRUMBLES will develop puny striplings into robust health; they will make them into strong men and women who can go out into the world prepared right to win the priceless joys of life! Buy KRUMBLES at all grocery stores.

The only whole-wheat food with a delicious flavor!

SIXTY-FIVE ROOMS OF APARTMENT HOUSE AND HOTEL

FURNITURE TO BE SLAUGHTERED

TRAGEDY OF WAR VISUALIZED IN PARADE OF DISABLED HEROES

CHEERS, TEARS GREET LIVING HALL OF FAME

San Francisco Pays Homage to the Nation's Wounded

Upper left: Bluejackets from the Pacific fleet marching today in the Disabled American Veterans of the World War parade. Upper right: The Oakland Chapter of the Disabled American Veterans of the World War, which led the first division of the parade. Left center: The "Living Hall of Fame," composed of former soldiers who have been picked by the governors of their various states for bravery in action. Lower left: SERGT. J. E. WEST of Berkeley, who is attending the convention and who received the distinguished service cross for gallantry under fire. Lower right: National float of the Disabled Veterans' organization which was one of the features of the parade.

Veterans March Through Flag-Decked Streets in Tragic Array.

SAN FRANCISCO, June 27.—Promptly at 9:30 a. m., the scheduled hour, the huge siren on the Ferry building shrieked "forward," and the first unit of a parade of war-torn campaigners—right never to be forgotten by San Francisco—moved up Market street through a canyon of flags and bunting.

Natty blue jackets and marines from the Pacific fleet, now in harbor, police and troops, men who were wounded on the battlefields of France—some so badly disabled that they had to ride in automobiles—those men who struck out toward the east with a right good will back in '17 and '18; fraternal organizations, war nurses, state and city officials—they were all there.

Thousands of San Franciscans lined the sidewalks and the street intersections all the way from the Ferry building to the Civic Center to pay homage to the marchers, and when the badly wounded passed, hobbling on canes or crutches or in automobiles, great cheers went up from the multitudes.

TEARS FOR HEROES.

Many a hat went off in respect, and many eyes clouded with tears as the men, wrecked from shrapnel machine gun bullets and German bayonets, swept by with a smile, while overhead, hundreds of white flags of the Disabled American Veterans of the World War, flapped softly as if to aid the marchers in acknowledging San Francisco's hospitality.

It was an ideal day—clear, with little trace of fog; a gentle breeze and golden sunlight. It seemed as if the siren which started the procession, frightened during the early morning to hang close over the city.

COMMANDER CHEERED.

Judge Robert S. Marx, of Cincinnati, national commander of the organization, was "right up in front" and was cheered lustily as his machine rolled by.

Governor Stephens of California was also given an ovation.

The line—a shattered fragment of the casualty list from the horizon-long battlefields of France—passed in review before a stand at the city hall where Major General Ketter, U. S. A. retired, the gov-

ernor and many state and civic officials, stood in reverence.

The first section of the parade was made up of police, regular army, sailors and marines. The disabled filed by state by state. Many limped, some used canes to aid their halting steps, others were on crutches. There were many who could not walk at all, and they were in automobiles.

ENTHUSIASM MANIFEST. But those who did walk not only had thrust out chests, but kept up with the parade, responding to the cheering with a right good will. They manifested in the first days of the war, when whole—without the scars and empty coat sleeves and trouser legs they have now—they boarded the transports impatient to brave the guns "over there."

Many were in uniform, the same old battle-scarred "O. D.'s" of the French campaigns, and they marched behind the old tunics snapped out with all of the old pep and blare—"Madison," "The Stars and Stripes Forever," "The Old Gray Mare," and many others.

The stirring old Civil War days of 1861 reached out a hand across the years to clasp that of 1898 and 1917: most of the old veterans riding in carry-alls, and a few of them marching along as bravely as ever.

The Spanish-American war veterans and the Veterans of Foreign

Wars had floats which were fragments of the history of Cuba, the Philippine insurrection and the Boxer uprising.

There were Red Cross nurses, too.

LIVING HALL OF FAME.

Perhaps the greatest feature in the parade was the men of the "Living Hall of Fame," ex-service men picked by the governors of each state as the war's greatest hero from that commonwealth.

Amid flags they marched, all of them disabled, and many of them with empty sleeves and terrible scars.

What tales of war horrors, of bravery and of sacrifice these men could tell of the days when life was cheap!

All of them wore medals. The march of the disabled was a triumph, although the cheering was a bit subdued, perhaps, by the multitudinous "cop" sympathy. And, when it was over, the veterans sank gratefully into the seats along the long "chow" boards that had been provided at the civic auditorium, and proved, with a right good will, that their disability, no matter how severe, did not apply to their appetites, at least.

Anti-Grain Gambling Bill Passes House

WASHINGTON, June 27 (By International News Service).—The new Capper-Tincher "anti-grain gambling" bill, designed to prevent manipulation of grain prices by regulating trading in futures, was passed by the House this afternoon. The vote was 208 to 76.

The first Capper-Tincher act was declared unconstitutional by the United States Supreme court, but the new measure is declared by its sponsors to meet the objections raised by the court.

Twenty-Six Perish In Rail Disaster

BERLIN, June 27 (By the Associated Press).—Twenty-six persons were killed and numbers of others injured, 30 seriously, in a railway accident just outside Berlin today.

Ex-Service Men Demand Hospitals Be Speeded Up

SAN FRANCISCO, June 27.—Demand that hospitals and beds be provided for disabled war veterans with the same speed with which army cantonments were built during the war, was voiced at the national convention of the Disabled Veterans of the World War by Judge Robert S. Marx, Cincinnati, national commander of the organization.

"We cannot condemn too strongly the delay and inefficiency and the red tape which has held up the actual opening of new beds and new hospitals for more than a year and a half after Congress appropriated \$17,000,000 for that purpose," he said.

Another \$17,000,000 has now been appropriated so that altogether there is \$35,000,000 available for more beds and more hospitals. We demand that these hospitals and beds be provided with the same speed with which army cantonments were built in the crisis of the war. There is just as great a crisis now, for men are still dying daily from the injuries and ailments received in the war. They are as truly battle casualties as any man who fell in action."

Another demand of Judge Marx was for a law prohibiting employers from taking into consideration the compensation pension received by the disabled soldier in determining his salary.

"It is not necessary yet to make employment of disabled men in America compulsory by law," he added. "The government itself, however, should set the example to the private employer by having enough confidence in the trained disabled men to give these men the preference in government appointments. This, I think, should be made compulsory."

WAR FOR HIGH IDEALS.

Judge Marx closed with a statement that "the war for the accomplishment of the high ideals we set out to attain will never be over until these ideals become part of the fabric of the structure of mankind. World justice, world freedom and world peace are still possible of attainment."

His address in part follows: "As national commander, upon my shoulders has fallen the responsibility for directing the work of organizing, building and financing this great structure. The task has not always been an easy one, but it has been lightened by the cheerful willingness of thousands of our members and officers to help in this great task. To all of you who have given your time and service so generously and unselfishly to this work, I now make grateful acknowledgment and give this expression of my personal thanks and appreciation. When I agreed last year to accept the responsibility of leading our organization for another year, I realized that it would require a tremendous amount of energy, effort and time, and this I have willingly given. I realized that we would meet opposition, but I did not realize that there were men in America who, although not wounded or disabled themselves, would nevertheless be mean enough to impugn the motives and to attack the integrity and the patriotism of men and women who had actually been wounded and disabled in the service of their country. I say to you here and now that the men or women who stoop so low as to attack the Disabled American Veterans is not only disloyal and dangerous, but is unworthy the name of an American."

"Frequently during the past year we have had to fight for our comrades, but personally I do not mind a fight and there is no cause in the world for which I would rather

fight than that of the Disabled Veterans of the World War. We have had to fight for more hospitals and better hospitals. We have had to fight for real vocational training. We have had to fight for just compensation. We have had to fight against red tape, inefficiency and indifference, but the big thing is not that we have had to fight, but that we have won."

"This, therefore, is not a report of future promises. It is a report of progress, performance and accomplishment. You have a right to know how the confidence which you reposed in me a year ago has been discharged and I am proud to report to you that today there is not a single state in the union in which the Disabled American Veterans are not strongly organized, and that behind this organization there is an ever increasing membership of many thousands with a powerfully working body, a completely equipped national headquarters in Cincinnati, Ohio, an efficient national service department in Washington, D. C., with a liaison representative in each of the fourteen districts, an able and aggressive national legislative committee, also located at Washington, D. C., and a weekly newspaper going into the home of each member each week, and, finally, that all of these activities are adequately and honestly financed and that the report of our national treasurer will show all debts paid and a surplus of more than \$30,000 in the national treasury."

FORGET-ME-NOT DAY.

"From reports received from every portion of America there is no question about the popularity and the success of our annual 'Forget-Me-Not' day. It has placed the organization in a sound financial position, nationally and locally. It has given our organization needed publicity and is a clean, open and honest way of collecting all debts and placing our work before the American people."

"In the collection of this fund, we followed the practice of the American Red Cross, which raises its funds through an annual roll-call and divides the fund so raised equally between the local chapter and the national organization of the Red Cross. I know of no better example for us to follow than that of the American Red Cross, and I therefore recommend that following the precedent set last year that this national convention establish 'Forget-Me-Not' Day as an annual event to be held this year on Armistice Day, Saturday, November 11, and to be conducted in substantially the same way as our appeal was conducted last year."

FOUGHT FOR IDEALS.

"After all, we did not fight this war in order to secure benefits for our comrades. We did not fight the war in order to obtain money from Congress nor to provide work for the builders of hospitals or the surgeons of the Nation. These things are the necessary aftermath of every war. The high ideals which we fought for are the great goal of our association. We have said that the war is not over for the men who gave their limbs and lungs, their eyes or their health to make a realization of these ideals possible. In a larger sense the war for the accomplishment of the high ideals we set out to attain will never be over until these ideals become part of the fabric of the structure of mankind. World Justice, World Freedom, and above all, World Peace are still possible of attainment. In the years to come I can think of nothing nobler than our association of wounded and disabled veterans of America

Thousands Pay Tribute When Veterans March

(Continued from Page One)

recommendations of the organization's activities during the past year.

Mayor James Ralph Jr. welcomed the veterans, and Charles H. Kendrick, junior national vice-commander of the American Legion, spoke for the ex-Yanks. Tonight a high jinks will be held at Native Sons' hall and a mid-night buffet luncheon will be served immediately following the entertainment.

Tomorrow a resolution, signed by 450 disabled veterans now in training at the Chillicothe, O., cantonment, requesting congressional investigation into the system followed by the Veteran Bureau in managing the unit and asking the convention to go on record as opposed to that system of rehabilitation, will be presented to the convention.

PLAN IS FAILURE.

The Chillicothe camp was opposed by the Disabled Veterans from its inception seven months ago, but they agreed to permit a trial of the plan which, they now say, has failed in every particular.

Lyons, whose resolution has the endorsement of the officers of the Disabled Veterans, says he has signed statements from more than 150 students and from a number of the instructors and officials complaining of the inadequate instruction, lack of equipment and improper training and failure successfully to rehabilitate students.

The statements also alleged the men have been sent to the camp under false representation and are held there in spite of their desire to leave under penalty of losing their training if they quit the camp.

The resolution asks that veterans be trained under the regional plan now generally in effect, and the experiment at Camp Sherman be abandoned.

Arrivals today were C. C. McGonegal of Grand Forks, N. D.,

who was wounded no less than 102 times and who carries hooks in place of hands; Mrs. John Paul Jones, the lone woman delegate who hails from Minnesota, and Clyde Doney of Lovell, Wyo., who "rode the beams" to San Francisco.

Eastbay Soldiers Hospital Is Urged

Better hospitalization and general improvement of the condition of disabled soldiers are subjects on which Sergeant John E. West of Berkeley will address the Disabled Veterans of the World War convention in San Francisco.

Sergeant West, who is attending the California School of Arts and Crafts at Berkeley, has the Distinguished Service Cross. He was cited for "extraordinary heroism in action" near Verdun in October, 1918, when he "ably led his platoon with extreme courage and gallantry" against a strong protected enemy machine gun nest and captured the position under heavy fire.

West will urge that the excellent climatic conditions of the Eastbay make it an ideal location for a disabled soldiers' hospital.

COMMUNISTS IN BOARD CHARGED WITH PLOTTING

Premier Poincare Replies Heavily to Accusation He Means War.

PARIS, June 27.—(By the Associated Press.)—Accusing the communist deputies of plotting a coup d'etat, Premier Poincare and his cabinet today declared that they were not prepared to place the most violent members of the communist party under arrest, Leon Daudet, Royalist member of parliament, caused an uproar in the chamber. The debate developed into invectives to the premier from the communist benches, in the cry "Poincare means war! Poincare la Guerre!" were hung at Poincare by Deputy Lafont.

Springing from his seat and pointing a warning finger at Lafont, Premier Poincare shouted: "Do you take the responsibility for that remark?"

Lafont retorted something about "explaining the charge before public opinion."

The incident arose from the refusal of the communist deputies to vote an appropriation of 35,000 francs for France's representation at the wedding of King Alexander of Yugoslavia on June 8.

Georges Levy, a communist, said his party refused to vote for the

Death Calls Hero Who Underwent 48 Operations

CATAWISHA, Pa., June 27.—Herbert McCarty, 28, a veteran of the Seventy-ninth division, lost a four-year fight for life, after undergoing nearly fifty operations to overcome wounds he had suffered a few days before the armistice, when his body was riddled by bullets from a machine gun of a German airplane.

McCarty had been in hospitals almost continuously since he was wounded.

Twenty-four of his operations were major ones, and 24 others were minor. Eighteen machine gun bullets had been taken from his body and he carried two, grown into his jugular vein, to his death. In the operations 14 ribs had been entirely removed, a portion of one shoulder blade and a collar bone taken out.

His case is said by specialists to be one of the most remarkable in American surgery. Until this month he had recovered sufficiently to leave the hospital for short periods.

McCarty had been cited for extreme bravery, his citation stating he was dragging bodies of his comrades back from exposed positions when wounded.

Appropriation because of the "white terror," to which he said the communists were subjected in Yugoslavia, another communist, interrupted by saying:

"As you were not responsible while you were president of the republic you wash your hands of all that happened?"

Pale and laboring under intense emotion, Premier Poincare replied: "You communists will never be able to wipe the stains off yours."

Activities of WOMEN

Plan Motor Trip Across Continent

When Dr. Albert E. Acker and Mrs. Acker arrive from Jacksonville, Florida, their home, next month it will be after an interesting and strenuous cross-country trip by motor. Before reaching California it is their intention to stop at Yellowstone National Park. Upon their arrival in this state they will be the guests of Mr. and Mrs. Nicholas Alexander Acker, who will spend the summer making short motor trips to Tahoe and the surrounding country.

Mr. and Mrs. Thomas Bunker (Helen Acker) have taken a cottage at Carmel-by-the-Sea for the summer, and will entertain the members of their families there at intervals, affording the travelers an opportunity to view the Monterey coast.

Mr. and Mrs. Earl Borton of Alameda will spend the first two weeks of August at Mono Lake, motoring through that country.

Among the visitors to Oakland during the past week was Mrs. Irving Green of San Rafael, who has been the guest of Mrs. A. L. Coward of Berkeley.

Dr. and Mrs. Guy Brown are spending a short vacation at Sonoma and vicinity.

Attorney Carlos G. White and family leave this week for a month's stay at Phillips.

Mrs. Fletcher Ames of Claremont has taken a cottage at Inverness for a few weeks' sojourn, joining many others from the Eastbay who seek recreation at this time of the year in the Marin county resort.

Mrs. William Thornton White has returned from an eastern trip, spending most of her time in Chicago. After a ten-day sojourn in the windy city, the young matron has returned to her home in Verona Heights.

The Norman DeVauxs are back from New York, and with their daughter, Miss Myrtle DeVaux, will leave for Lake Tahoe to remain for the summer. Miss DeVaux is a student at Miss Ransom's.

Miss Mildred Dodge, daughter of Mr. and Mrs. Herbert Dodge of Hunt, will leave July 5 for Mexico City to spend her vacation. Miss Dodge is a member of the faculty of the University High school.

WILL LEAVE FOR SOUTH

Miss Elizabeth Allardt, daughter of Mr. and Mrs. George Allardt of Piedmont, will leave Sunday for Los Angeles to spend the summer

MISS DOROTHY LILLESTON, who will leave Saturday for the Yosemite Valley for an outing, and who will be accompanied by her mother, Mrs. M. J. Lilleston, of Alameda. —Boye photo.

as the guest of her fiancé's parents, Dr. and Mrs. Page Brown. Miss Allardt is the fiancée of Thomas Brown, and received her degree from the University of California with the class of '22. Plans for the wedding will be made upon her return.

WILL MEET IN PARIS

Mrs. Walter Scott Gannon and her daughter, Miss Geraldine Gannon, who left on June 12 for New York and who sailed for Europe June 22, will join Mrs. Frederick L. Wolfe, who left her Claremont home several months ago and has been touring the continent with her three children. They are among those who will witness the Pascha play at Oberlin.

Mrs. Wolfe will return to Paris to meet Mrs. Gannon and her daughter. Together the two families will continue their travels.

Mrs. Gannon spent a few days in Chicago en route as the guest of

GIRL ACCUSES ART TEACHER OF GRAVE OFFENSE

L. A. Instructor Faces Investigation by State School Head.

SACRAMENTO, June 27.—Evidence has been received by the State Board of Education now in quarterly session here, in which Ray E. Chase, teacher in the Manual Arts high school of Los Angeles, is charged with misconduct involving a girl pupil in one of his classes.

The charge against Chase was contained in a communication from George N. Thorne of Los Angeles, only a portion of which was made public by Will C. Wood, state superintendent of public instruction, who stated the board would consider the charges probably today or Wednesday.

According to the letter, Wood said the girl is 17 years old, and the eldest of a family of four motherless girls. Her name was withheld.

The letter charges, according to Wood, that Chase gained the confidence of the girl by proposing marriage to her. His alleged attentions to the girl were said to have covered a period of more than a year, and ended only at the close of school recently, it was said.

The young woman suffered nervous prostration, according to the evidence Wood holds, and has been in retirement. It was stated that only recently had the girl been persuaded to make a statement concerning the affair.

Chase is said to be a widower and the father of three grown daughters. His home address is given as 3013 1/2 Euclid avenue.

LOS ANGELES, June 27.—No action against Ray E. Chase, a teacher charged with misconduct with one of his girl pupils, is planned by Los Angeles school authorities. It was stated here last night by Arthur L. Gould, deputy superintendent of the city schools, as Chase some time ago resigned his position as instructor in psychology in the Manual Arts high school here.

Chase admitted he had resigned, but denied guilt or any previous knowledge of the charges against him, it was said by newspaper men who found him at his residence at 3013 1/2 Euclid avenue. They said his furniture was rated and indications were he was moving, but Chase declined to name his destination.

The charge against Chase was made by George M. Thorne, a printer, according to Dr. Gould. Thorne declined to discuss the matter.

The girl in the case is said to be motherless.

\$25,000.00 FOR CAT

MOSCOW.—A Petrograd woman advertised a reward of 2,000,000 rubles for the return of a lost cat. In normal times this sum would equal \$2,500,000.

SHOCK CAUSES DEATH. MARTINEZ, June 27.—Matthew Lee Dickey, Concord farmer, who was killed several weeks ago when his automobile overturned near his home, came to his death from shock induced by hemorrhage, according to the verdict of a coroner's jury at an inquest held Saturday night by Coroner C. F. Donnelly at the Brunscher funeral parlors. The jury verdict held his death accidental.

DOUBLED RENT FORCES US TO QUIT!

For Economy's Sake: Come Come Come

Irving Home Is Destroyed By Fire

The home of Mrs. C. Irving, on the Joaquin Miller road, near Lincoln avenue, was destroyed by fire early last night. A grass fire started a short distance from the house and before it was discovered the building had caught fire. The damage is estimated by the fire department at \$2500.

For Bad Breath

Coated Tongue, Biliousness, Sour Stomach, Sick Headache, Bloating, Gas, Constipation, or other result of Indigestion, no remedy is more highly recommended than

FOLEY CATHARTIC TABLETS

They cause no griping or nausea. Cleanse the bowels, sweeten the stomach and benefit the liver. Never discontinue.

Mrs. Elizabeth Sloan, 137 So. Main St., So. Norwalk, Conn. "I can honestly say Foley Cathartic Tablets are wonderful."

Sold Everywhere.—Advertisement

Children Who Are Sickly

Mothers who value the health of their children, should never be without MOTHER GRAYS SWEET POWDERS FOR CHILDREN. They tend to break up Colds, Relieve Feverishness, Worms, Constipation, Headache, Teething disorders and Stomach Troubles. Used by Mothers for over 30 years. Sold by Druggists everywhere.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Advertisement.

If you see it in The TRIBUNE tell them so.

PASADENA POLICE ARREST 'THE EEL,' BURGLAR SUSPECT

Fugitive, Accused of At Least 14 Local Robberies, Now in Custody.

BERKELEY, June 27.—The "afternoon burglar" called in police circles "the eel," because of his slippery tendencies in evading officers of the law, has been caught at last in Pasadena.

He will be brought to Berkeley to answer for fourteen burglaries in this city. His loot is estimated at approximately \$25,000.

Inspector J. A. Greening of the Berkeley police department left to bring him here.

The man gave the name of Harry Hintze and his age as 25 years.

Fisherman Tells of Fish That Smokes

LOS ANGELES, July 1.—Hall the cigarette-smoking fish! That's the latest report from Lonnie Gargia, fisherman near Santa Barbara, and it is not the human kind, either, eh adds.

According to the fisherman, who brought the fish tale to Los Angeles recently, the "fish flapper" is of the variety known as the "ronkie" or king fish. Gargia contends that when a cigarette is placed between the jaws of the fish it will puff away at it with perfect contentment.

Why Be Skinny?

No matter how thin you may be—you should try Ironized Yeast which thousands of thin folks have taken with startling results, many gaining 5 pounds on the very first package!

The reason Ironized Yeast brings such amazing results is because it embodies the new scientific process of ironization—which enables yeast to build flesh just twice as quickly. Why be content with a scrawny, under-developed figure when so easy to build new firm flesh? Get Ironized Yeast from your druggist today.

Prominent Girl Amateur to Act in Drama Recital

JANE CUTHILL, talented amateur dancer, who will appear in an entertainment this week.

Jane Cuthill to Be Feature At Entertainment Saturday

Jane Cuthill, prominent in amateur theatricals here, will offer one of the feature acts of the recital to be presented by the McDonald-Johnson theatrical training school at Odd Fellows' hall, Eleventh and Franklin streets, next Saturday evening, according to announcement made today.

Glady's Hope, who played the fairy queen in "The Lost Prince" at the Jefferson school recently, will offer a toe dance, and other leading characters of the "Lost Prince" cast will appear in solo numbers.

Some of those who will be seen are: Thelma Olanie, Nellie and Margaret Grant, Mae Haagerty, Josephine Murray, Gladys Hope Johnson and Carl and Marquis Hunsinger.

Vegetable Traffic Works Inspectors

WASHINGTON, July 1.—Nearly 25,000 shipments of fruit and vegetables were inspected by the department of agriculture during the last ten months, mostly at Pittsburgh, Philadelphia, New York, Chicago, Cleveland and Boston, according to officials here.

More than 240,000,000 pounds of farm products also were inspected for the navy and marine corps at naval supply stations and navy yards, resulting in the rejection of 2,500,000 pounds as "not up to specifications," it was stated. At six large consuming centers the department's representatives also inspected 5500 pounds of butter.

Bishop in Hydroplane Blesses Sea Waves

PARIS, Jr. 2.—Every year since Marseilles was a Roman colony and a refuge for fleeing Christians a bishop of the church has pronounced a benediction over the waves of the Mediterranean Sea in order to assuage their cruelty to fishermen and sailors. In previous years he has journeyed a distance of more than fifty miles in a little boat, taking an entire day in order to do the task thoroughly.

This year the Archbishop of Aix, who blessed the waves, used a hydroplane. He covered more sea than any bishop in history and was back in Aix comfortably for lunch.

HARDING TO CALL PEACE CONCLAVE IN MINE STRIKE

Threat of Coal Famine Prompts Action by Cabinet and White House.

(Continued from Page One)

that all men who had been discharged would be reinstated.

CHICAGO, June 27.—Central and northwestern states face an almost certain coal famine next fall and winter, according to railroad officials and leading coal retailers.

Only a small tonnage of coal is moving on the railroads now and little of next winter's supply is in the bins, they pointed out, but immediately upon settlement of the coal strike railway coal tonnage will jump 100,000 cars a week, bring traffic congestion and a certain shortage of cars.

Movement of coal to Chicago the last two months was from 50,000 to 100,000 carloads less than during the corresponding period last year, the railroads reported. This is less than 60 per cent normal.

Coupled with the warning of an impending coal shortage was the announcement by retailers that prices for soft coal will be advanced July 1, and that all chances of cheaper coal this year have departed.

GUARD SOUGHT AGAINST RUNAWAY COAL MARKET.

WASHINGTON, June 27.—Business organizations affiliated with the Chamber of Commerce of the United States here called upon today by Julius H. Barnes, president of the chamber, to lend their cooperation in the effort to prevent a runaway coal market by setting up machinery for co-ordinating the distribution of coal among their local industrial and individual consumers. Each of the 1400 chambers of commerce and trade associations was urged to appoint a fuel committee and make an immediate survey of the local coal situation.

Small Craft Carries Booze Cargo to Cuba

DETROIT.—Seagoing vessels with only one equipment are now traversing the Detroit river. A small punt, less than seven feet in length, loaded with whiskey, was seized by a United States patrol boat in the river.

Officers of the patrol boat and government agents hurried to the punt with the expectation of seizing the liquor, but it was not to be.

"What have you there?" they asked the small man who was seeking the boat.

"Whiskey," he replied.

"Where is it bound for?" he was asked.

"To Cuba," he responded, and to prove his statement he produced clearance papers from Canada. He was allowed to proceed.

ASK THE TRIBUNE Bureau Information

"How do you make sour milk gingerbread?" queries a TRIBUNE reader.

One cup molasses, one cup sour milk, 2 1-3 cups flour, 1 1/2 teaspoons soda, two teaspoons ginger and 1/2 teaspoon salt. Mix soda with sour milk and add to molasses. Sift together remaining dry ingredients, combine mixture, add butter, and beat vigorously. Pour into a buttered shallow pan, and bake 25 minutes in a moderate oven.

The TRIBUNE Information Bureau will answer all questions of a general nature, except school and legal problems, debts, trade and firm names and queries as to the time of day.

The bureau is open every day except Sunday, from 8 a. m. to 9 p. m.

If answers are desired by mail, stamps must be enclosed. Quickest results can be obtained by telephoning to the Bureau. If you have any problems of a general nature to solve ask The TRIBUNE Information Bureau, Lakeside 6000.

Many Die of Colds In Pennsylvania

HARRISBURG, July 1.—"Spring colds are dangerous and not mere sniffles," was the comment of the state health commissioner, Dr. Edward Martin, in announcing that out of 11,738 deaths in Pennsylvania during the month of March 18 were due to influenza and 2015 to pneumonia. The statistics were announced recently by the State Bureau of Vital Statistics. Tuberculosis has a death toll of 812. Bright's disease 925 and cancer 659. There were 321 children under two years old died during the month. Births totaled 19,721, as compared with 21,333 in March of 1921.

Belgian Town Has Fair for Fiancees

BRUSSELS, July 1.—Ecuassines, Belgian village famous for its pretty girls, is the only town in the world that has an annual "fiancee fair."

The "fair," a literal "marriage market," was held this year for the first time since the war. In spite of the death of men, still a marked result of long casualty lists, hardly

GERMAN GOODS FLOODING EGYPT

CAMBRIDGE, O., July 1.—The crime wave has not hit Egypt to the extent that it has swept over America, according to President Charles P. Russell, of Assuit College, Assuit, Egypt, who visited this municipality recently.

While many travelers are held up between villages, it is rarely that anyone is ordered to put up his hands and allow to pass over his valuables in the Egyptian cities, declared Russell.

In fact, he still, it is an every-day occurrence in Egypt to see persons carrying hundreds of dollars in currency in their hands about the streets. On a street car, he stated, he saw a man ask another to count money for him.

The German post-war business drive is invading Assuit, Russell stated. Previously that city never was considered able to afford a piano store. Today a German firm is selling pianos there. In Cairo a barker, or street faker, can get a crowd instantly by crying out: "See something new that's just come from Germany."

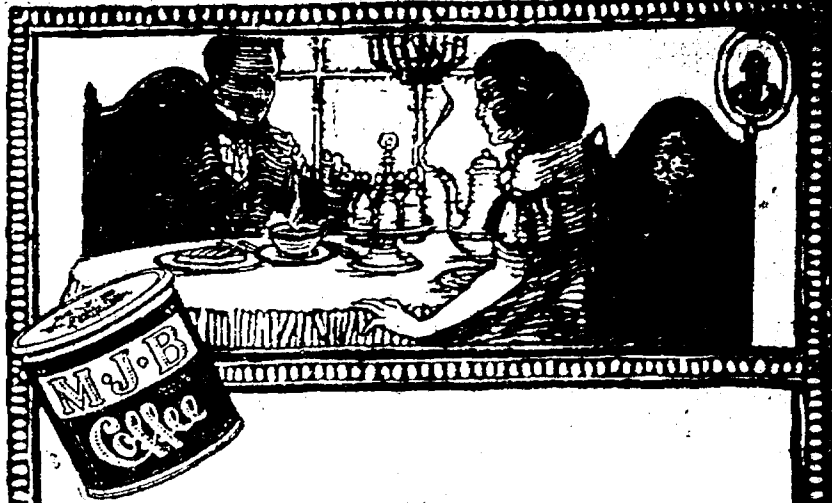

Prices are much lower on German goods than on those from England. This, said Russell, is helping make them more popular among Mohammedan races. Russell said ordinary camera films of German make could be obtained eight cents cheaper in Europe than is asked for an American-made film.

Much dissatisfaction in Syria is found with the French protectorate, Russell declared. Desiring American supervision, but unable to get it, the Syrians spurned British help and took French. It seems the Frenchmen selected for the work have met with difficulties, for today, looking across the boundary at the improvements the British are making in Palestine, Syrians, it is claimed, are jealous and want British suzerainty.

an eligible fiancee in Ecuassines now remains unengaged.

The village is decorated for the fair—just as it would be for a lace fair, or a cattle fair, or any kind of a kermesse. The girls themselves put on their best dresses and wash most cleanly—but undue rouging is prohibited.

Dancing is the order of the day and the stealing of kisses does not constitute a misdemeanor. A speech, encouraging marriage and decrying celibacy, is made by the mistress of the fair.

Many people would sooner dispense with breakfast altogether than to miss their steaming cup of MJB coffee. It's rich flavor lends enjoyment to every meal.

Why?

The Quality Coffee of America

OAKLAND TRIBUNE, Oakland's greatest evening newspaper.

Josh Billings as a Prophet on Tires

YOU may recall what Josh Billings had to say about cats:

"The hardest thing in everyday life, is to pick out a good kat, not because kats are so skate, az because they are so plenty."

If this Yankee philosopher of the 70's had been talking about the tire situation today he couldn't have stated the case any better.

There are 200 or so different brands of cord tires.

A variation of standards up and down the scale hardly duplicated by any other article of human use.

Selling methods have their own variety also. Some dealers encourage the car-owner to buy a tire he doesn't know much about by offering an "inside price" or "wide discount."

Other dealers hold "sales."

These don't satisfy the brass tacks tire user. His habit is to be sure of the quality first. Then when he asks the price he knows how much of his dollar is related to money's worth.

Prices on United States Passenger Car Tires and Tubes, effective May 8th, are not subject to war-tax, the war-tax having been included.

THE Oakland Tribune

The Only Newspaper on the Pacific Coast With Five (5) News Services

To the Associated Press, daily service exclusive for Alameda County, the United Press, International News Service and Universal News Service, a combination that in itself was larger than any possessed by a Pacific Coast paper, there has been added the Consolidated Press Association, with its staff of famous writers in all parts of the world, and the Los Angeles Times News Bureau, which is furnishing the news of Southern California.

With this equipment it is impossible for any news story in any part of the globe to escape the attention of The TRIBUNE. As each of these bureaus has correspondents in the main centers and is affiliated with the European services, Oakland is placed by The TRIBUNE as one of the centers of a network of telegraph and cable communication that covers both hemispheres. It is a service unique and complete.

ALL THE NEWS IN ONE NEWSPAPER.

TUESDAY, JUNE 27, 1922.

FILIPINOS MUST WAIT.

More responsibility often attends the relinquishment of a task than was present at the undertaking. The easier way, many times, is to delegate to others the more uninteresting and tedious routine which comes with the perfection and the perpetuation of a good work well started. There are men who are organizers and others equipped to "carry on" and there is a critical period in the life of an undertaking when it would move from the formative to the permanent state.

This idea applied to politics and government has resulted in the decision that the future of the Philippines will be more secure if complete self-sovereignty is not granted at this time. The impulse of the Filipinos toward independence, the orderly and statesmanlike manner with which they have presented their claims to Washington, show the advances the island has made. Oakland was recently privileged to entertain the delegation which, within a week, has received from President Harding a notable statement of the position of the United States.

To grant independence to the Philippines now would be to risk the undoing of more than twenty years of effort, to endanger the peace and happiness of the islands and allow doubtful experiment to take the place of what is now a domestic control sponsored among the nations by the American government.

Within a few years the test of the Philippines will be applied and the Filipinos will be united in their desires for independence or for a permanent union with this country. The easier way might be to act now, the thoughtful and humanitarian way is to wait.

The Government's effort to re-establish a merchant marine is not meeting with success that is signal, and is costing fifty millions a year. There is a growing feeling, even in Congress, that something ought to be done about it. Either the craft that has been amassed should be sold or junked, or the nation should settle down to a complacent contemplation of the cost. The matter has been accentuated by a communication from Chairman Lasker of the Shipping Board to Congress summarizing the situation. The alternatives are simple—quit or go ahead. Congress, however, is not given to swift action, and perhaps until there is evidence of a pronounced attitude on the part of the public, no action at all will be taken in the matter.

A despatch tells that "Chicago men buy high-priced goats. It is reassuring news, for Chicagoans have been rather too much in the habit of getting goats in other ways. Mary Garden did something in that line as to Mr. Muratore, the tenor, and Harold McCormick may figure also, though his case is somewhat complicated. It is due the city by the lake to explain that this recent acquisition of goats is commercial, and that the animals are to be staked on the demesnes of the rich, there to give down a laconic flow for exclusive aristocratic consumption.

The chiefs of police and detectives of the United States adjourned their national session without determining whether the somewhat celebrated lie detector, invented by one of their members, is a valuable adjunct to police paraphernalia, notwithstanding that Detective Pinkerton make a demonstration with it on Chief of Police O'Brien. Perhaps a disappointment is felt because of this indecision. Otherwise the recent conclave appears to have been a complete success.

In the face of the possibilities as to railway men, the strike of fifty thousand garment workers in New York city may not seem important; still, it is to be considered. That so many in one branch of an industry in a single city should go out doesn't denote industrial tran-

quility, at least; and that it is to compel all work to be given to union labor doesn't show that distinct headway is being made in composing the differences between employer and employees.

THE END OF THE DEUTSCHLAND.

As the world moves exploits fade in memory and things which thrilled the thousands fail, even, in attracting an admission fee. The Deutschland is the property of a junk man; she is being scrapped to pay a debt.

When the Deutschland bobbed out of the sea in Baltimore and Newport harbors after crossing the Atlantic, she created one of the greatest sensations the country had known. The problem of under-water navigation was solved, warships had been outwitted and blockades meant nothing. It was predicted a fleet of submarines would take supplies to Germany and it was said the whole war situation had changed overnight. There were those who saw approaching the day when America would enter the conflict and dreaded the day when armed submarines might cross the sea as had this merchant one. Twice the Deutschland crossed the Atlantic.

Not long ago Horatio Bottomley, British publisher, purchased the U-boat from the British Admiralty to which it had been surrendered. He proposed to establish it as a show place and charge admission. Men would have crossed a continent and paid fabulous prices to see this wonder a few years ago. They refused to buy tickets of Bottomley and the Deutschland rusted at her moorings. Had the war turned out differently she would have adorned a public square and taken permanent place in the history and tradition of Germany.

Bottomley went to jail for embezzlement. His creditors took possession of all he owned and the Deutschland is being pulled to pieces to pay the bills a politician could not meet.

GERMANY'S MONARCHIAL OUTBURST.

News from Berlin is to the effect that a scare is on about a monarchist uprising. The assassination of Dr. Rathenau, prominent in the republican government, is believed to have been a premature manifestation of a widespread plot.

There is an undoubted desire on the part of a very large contingent to see the monarchy restored, even with the Hohenzollerns in the saddle. What the "upper classes" are not at all reconciled to is being governed by the common people. The mainstay of the existing order abides in the socialists and the labor unions, but even these may find it impossible to stem the tide. Kaiserism is ingrained, and however it may be repressed by such an overturn as the recent war, was sure to manifest itself when the excitement which caused it wore off and restraint was relaxed.

It will require great statesmanship and an iron hand, such as that possessed by Bismarck, to hold the country to the course upon which it has started.

The coroner's jury, in the Illinois coal mine massacre blames the mine company. That is to say, in the controversy that developed striking conditions the judgment is that the employing company was in the wrong. Even if this is so, how does that justify the wholesale killing of the other party to the argument? The coroner's jury is exculpatory rather than judicial. Perhaps it reflects community sentiment, which may be accountable for the tragedy.

The arrival safely home of the Prince of Wales from his tour of the world is announced. He visited Britain's far-flung dependencies, and that he safely completed the circumnavigation is some evidence that the world is quieting-down. Some of the countries of which he was the guest were in a state of unrest—India, for instance—and that he came through unscathed may on the whole be regarded as a favorable omen.

AN OLD ARMY-NAVY GAME.

The controversy between Rear-Admiral Simpson and Major-General Summerall which is politely waging in Hawaiian social circles is probably a very old one. It is not difficult to imagine an ensign and a second lieutenant off duty down in Mexico in '48 getting hot around the collar trying to prove which service was better and consequently which outranked the other. Echoes of such an argument were heard frequently during the great war. An officer in the navy, an ensign would say, has to know much more and be better educated than a "shave tail." But the army man would reply that the army service is more of a hardship; an officer has to be more of an inspiration to his men as well as an example in physical courage. When the bigger arguments were exhausted the debaters would fall back on secondary weapons and drag in the comparisons in food, sleeping quarters, handsomeness of uniform; until, too weary to exercise further ingenuity, they agreed that both services were creditably "snappy."

Naturally this irrelevant recollection does not bear very heavily on the question of rank in Hawaii. But it does suggest that the two services have played the game before. Probably they will still play it long after Secretary Denby has left the Pacific and taken away a presence which for the moment transfers a shade more authority to the naval than to the army, officers stationed in the land of Hula. The tradition of the annual football game between the two academies seems to be preserved in a personal game of social rivalry.—New York Sun.

DAILY ALMANAC

Tuesday, June 27.

Joseph Smith, Mormon prophet, killed, 1844.

"Gunner Jim."

Philosophy comes easy to the comfortable-in-mind and the soul that has slept on down and dined at table for the whole of an easy life. It is something else when the spirit is battered and the heart sore. Comes now "Why" Oakland, frequent contrib, with verses that sound autobiographical. "Gunner Jim" is a lengthy poem, this column is but 21 inches from head to signature and there is need to economize. Some of "Gunner Jim" is printed:

I. Gunner Jim slid down hill just as his hand touched gold.

II. I've had my fun and troubles, While keeping up the pace; I've hit the rails And robbed the mails, With life and death a race.

III. The Gunner admits they got him cold for some of these derelictions and sent him over. Also he wore the usual stylish frocks at sea. From jail he went to work in the shipyards, volunteered when war broke out, "soldiered up to gunner."

IV. Out there I found salvation, I did my very best, Yes, war is hell, But all is well, For soon in peace I'll rest.

V. The Gunner believes his sins are paid for and hopes the Almighty will remember that he "started wrong when I was but a youth."

VI. I breathed some gas in Flanders; A "hero"—yes, to rot! I missed the guns Of fighting Huns, But now the "con" I've got.

VII. I cannot live much longer, There are times I choke for breath; With lungs decayed I've coughed and prayed, Life's sweet—but so is Death.

The Nature Club.

From a Nile station in the Sudan a British officer reports a remarkable bit of superstition or natural history, he does not pretend to say which. Being out on a hunting expedition with a party of Sudanese, he came upon the body of a giraffe that had been killed some 36 or 48 hours before, and, as the wound showed, by a lion. Upon asking his servants why, if a lion had killed it, he had not eaten it, they smiled as if to say that he was evidently new to the Sudan and pointed out that the giraffe had fallen and still lay on its left side. They then explained that if, when a lion strikes his game, it falls on its right side he leaves it untouched. Other Sudanese with whom he discussed the matter told him the same thing. The Englishman admits that the natives may have been "spoofing" him and that the belief may be only a superstition; but he is inclined to think otherwise and to believe that the natives have hit upon a fact of natural history that white men had not discovered.

Problem of Conduct.

(Antyville, L. I. Record) What do people want to read in the newspapers? Certain (or, are they certain, come to think of it?) newspapers like the Tribune, the Post, the Times, the World, print columns every day about the weddings of Viscount Grey and Lady Glenconner, Princess Mary of Roumania and the King of the Belgians, etc. But, this week, a young man who will be married this month asked us very earnestly whether we advised him to have the announcements engraved so that women who received them could turn their soft fingers over the raised ink and say, "It's engraved all right," or have them printed for \$12 less money and use the \$12 for a diningroom chair. And, if we had been a manning waiter, we think that right there we would have killed a dual wedding story, if necessary, to give a column or more to our answer to the young man's question. And we would not have lost a reader, is our guess.

Me 'n Myrtilla.

Myrtilla—O my dear, my lord, my master! O my matrimonial plainer! O my race of love's own winner! Tell me what I'll have for dinner.

Me—That is easy, fair Myrtilla; Merely get a pan and filler Up with water; drop within—er—Anything at all, for dinner.

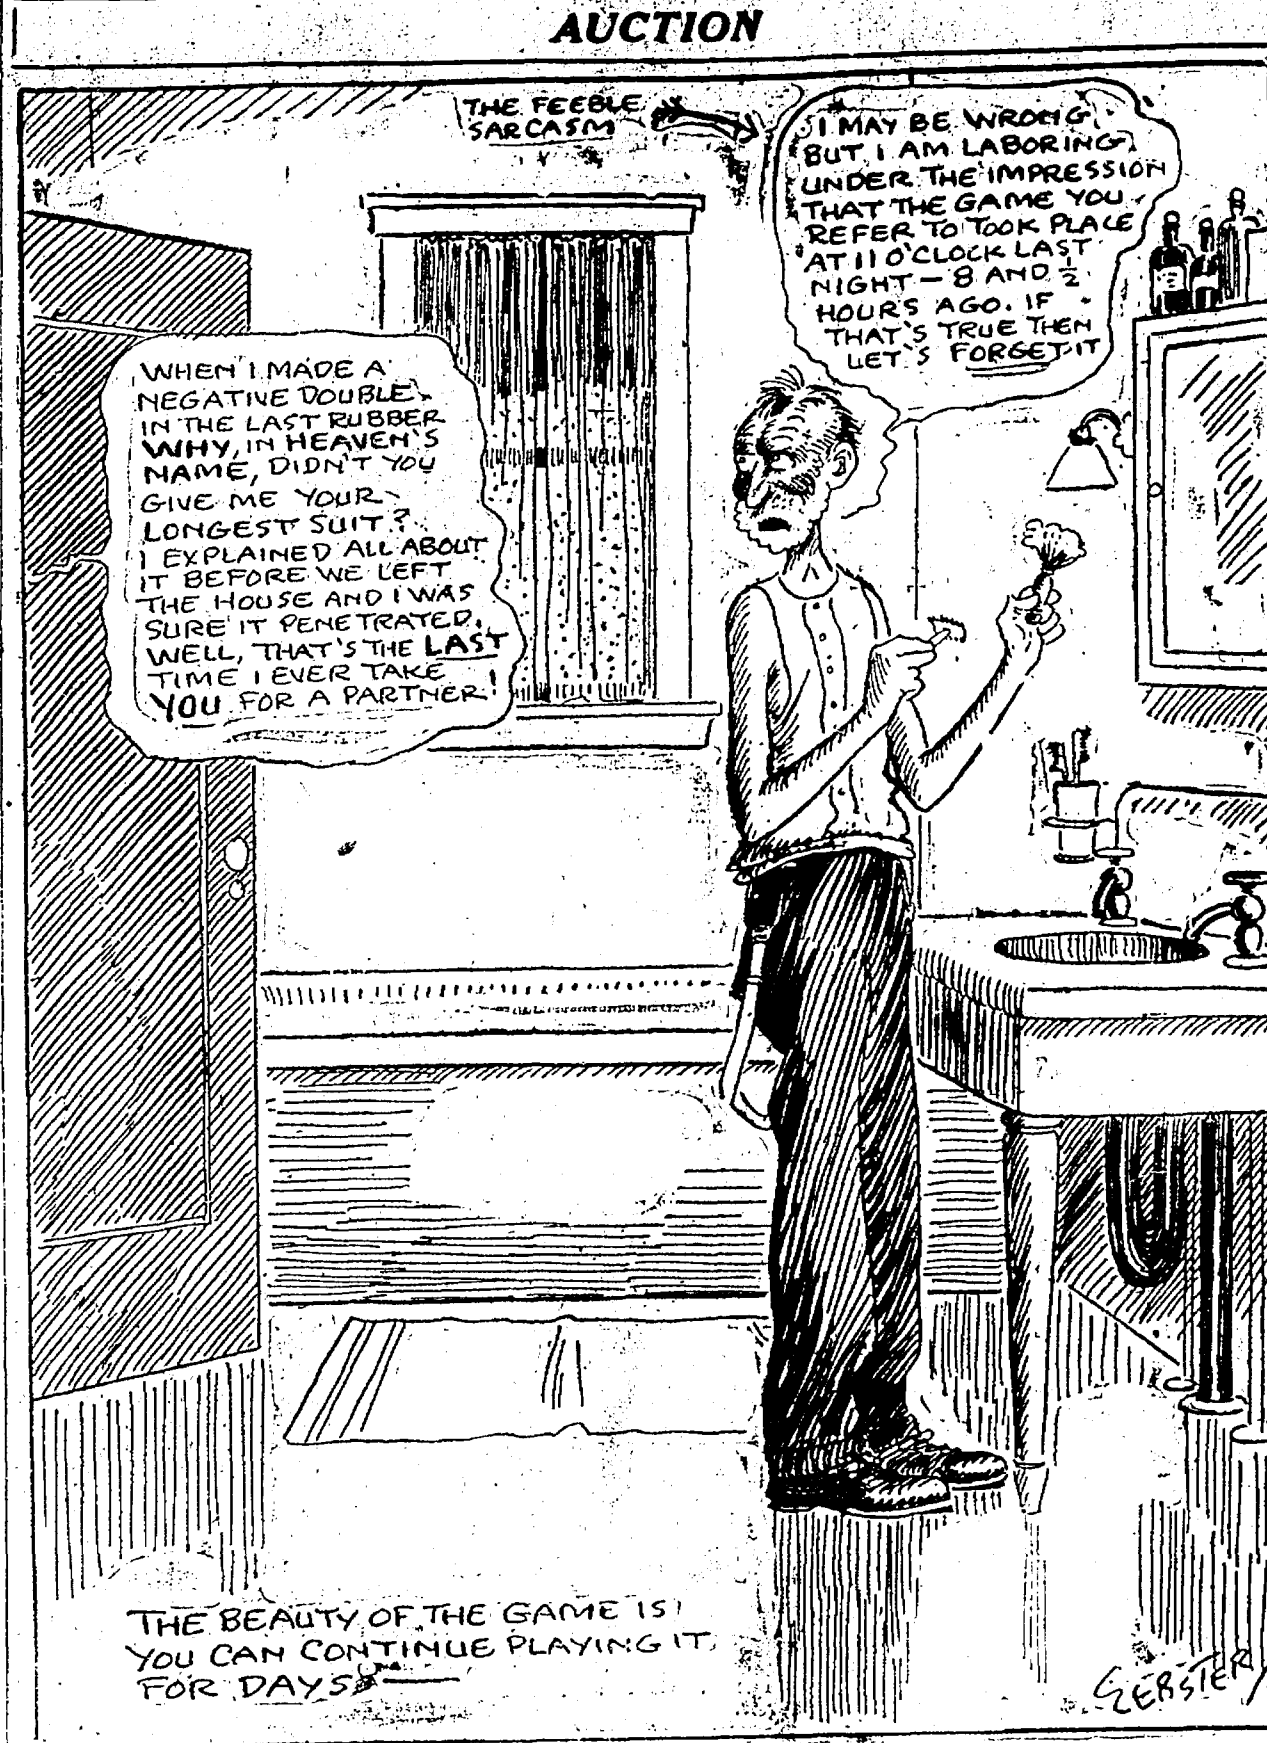

To hurt a woman's pride is bad enough; to flout her love is something to be deplored; but to tell her that she cannot make a salad is to invite the coroner to the house for a deposition.

Spinkysvintz dropped in to remark that the controversy between Adolph Busch and Lasker proves pretty well that the bootleg is on the other foot.

Shoos is probably crossing the Rocky Mountains by this time. We can hear him chuckling over our efforts to fill the column.

—ARCHIE.

BATTING FOR SCHOOLS.

NOTES and COMMENT

The New York Times takes account of appreciation of baseball: "When Sir Arthur Conan Doyle discusses the terrestrial topic of baseball all cars are open. The author of 'Mical Clarke' and 'The White Company,' those red-blooded stories, seems himself again. 'Baseball is a noble game,' he says. 'He once played it with other Englishmen against Americans in Switzerland, and the latter were beaten.' I was short on that occasion," he adds. "Sir Arthur knows that baseball is the game of England needs. For years there has been a demand for a young man's game, and baseball will fill the want." Is he aware that three strenuous efforts have been made by American professionals to interest Englishmen in baseball without weaning them from cricket?"

Chicago News highbrow stuff: "Mud is too clear to suit some scientists, according to Dr. Smith, who is attacking the jargon used by his brother geologists. He sees no point in calling sand 'an arenaceous deposit' or mud 'an argillaceous stratum.' We don't believe the geologists go nearly as far as the psychologists or the pedagogues in the way of jargon, but if there is to be a movement for calling a spade a spade it might as well start with the geologists."

The Brooklyn Eagle tells of a New York spitfire law: "Among a few hundred new laws put on the statute books by the last session of the legislature was one which enables suit to be brought in the supreme court to declare a nuisance any fence more than ten feet high which shuts out light and air from a neighbor's house. The first action under this law is taken in a case in the Bath beach section and will be hotly contested. It is of course denied that spit had anything to do with the fence."

The Stockton Record has erected an interrogation mark: "What do they mean by this new school at Hollywood for motion picture actors and actresses with weekly rating card for good and bad?"

Kansas City Star on Mrs. Olson's chickens: "Mrs. Olson, nominated by Minnesota Democrats for the count, her chickens before they are hatched. If Mrs. Olson stays in politics she probably will find it a good idea to count her chickens frequently even after they are hatched."

Pittsburg is "over the top" in population. Such was the word which spread over local Elldom on Tuesday night, when B. G. Davi, who is taking a special census for the Elks, announced that he had passed the 5000 mark; the population in which a lodge of B. P. O. E. can be instituted.—Martinez Gazette.

After a man has learned not to stick his finger into a revolving electric fan he must then take into consideration the danger of monkeying with an aerial radio set during a thunder and lightning storm. This is a world of progress.—Richmond Record-Herald.

Congressmen might use the muck rake more efficiently if they were not so busy spading the soil around the plum tree.—Watsonville Pajaronian.

Anyway, Southern California hasn't all the Iowans down there. Stockton seems to have a few, judged by Saturday's picnic which 1500 former Iowans attended. And there may have been a few others in town who didn't go. They are fine, sturdy lot of people, too, and we can't have too many of them in Stockton. See what they've done to Los Angeles.—Stockton Record.

marks and expulsion from the company if 75 per cent is not made? Isn't a thing like that going to make the film queens tolerably middling wrath? The rating it appears relates largely to behavior, staying in nights, taking the auto out of autocar and all that. Moreover the screen stars are adjured to improve their minds. The very idea!"

The Scientific American confirms the wheeze about nothing under the sun being new: "The saloon was known in ancient Pompeii, as recent excavations disclose. A bar has been found, with a far, a place and a caldron for making the brew; there was even a little liquor left in the caldron. Election appeals were found on the walls; Lollinus, a dummvir who looked after streets and sacred buildings, asks the votes of the frequenters of the saloon. This method of seeking votes antedates 200 B. C."

Elucidation by the Washington Post: "Since its discovery, rather recently, as a good word which had not been overworked, 'moran' has been in common use to designate a person of morbidly criminal tendencies. There has been plenty of need for such a word. But now comes official information that it has been wrongly applied; that it is derived from the Greek 'morus,' meaning foot; and that that is just what it means—'fool'."

The Kansas City Times finds it this way: "The woman candidate for the senate in Minnesota says her husband has been a great help to her in her political canvass. It is gratifying to hear a woman admit that a husband can take care of the children when it's put up to him."

Kansas City Star on Mrs. Olson's chickens: "Mrs. Olson, nominated by Minnesota Democrats for the count, her chickens before they are hatched. If Mrs. Olson stays in politics she probably will find it a good idea to count her chickens frequently even after they are hatched."

Pittsburg is "over the top" in population. Such was the word which spread over local Elldom on Tuesday night, when B. G. Davi, who is taking a special census for the Elks, announced that he had passed the 5000 mark; the population in which a lodge of B. P. O. E. can be instituted.—Martinez Gazette.

JUST FOLKS

By EDGAR A. GUEST.

HOUSES.

I wonder as I pass them by—
The houses standing in a row,
Beneath the canvas of the sky—
How many various tales they know;

And sometimes musing, as I walk,
I fancy I can hear them talk,
For houses, just like me and you,
Have eyes and ears and voices, too.

They have a common eloquence
To tell their tales of mirth and woe,
The hollyhocks along the fence
Proclaim some charm of long ago;

By many a sign I know full well
The happy homes where children dwell,
And little fingers not in vain
Leave prints upon the window pane.

A house grows wrinkled, too, with age,
And grave or glad, as humans do,
And like some picture on a page
Portrays its life in open view;

Here in some little window shows
The beauty of a single rose,
A symbol, eloquently clear,
That one who loves the flowers is near.

I never walk the street alone,
For I can hear the houses there
Speaking a language of their own
And telling all their joy and care;

The close-drawn curtains, sombre still,
Tell me that some loved one lies ill;
And then I watch to see again
That child's face at the window pane.

You may not know the people there,
But you can read their lives by signs,
Which all their houses daily wear,
As out of them their story shines;

A babe was born here yesterday,
Small bits of raiment proudly say;
And here the crepe upon the door
Tells of a passing soul once more.

RIO'S EXPOSITION.
An international exposition has sometimes left its lasting trace upon the record of civilization's progress; the Philadelphia Centennial in 1876 fixed the starting points in an advance of culture in the United States. It may happen that the Centennial Exposition to be open at Rio de Janeiro next September, to celebrate the one hundredth anniversary of Brazilian independence, will affect history to be made during the next quarter of a century.

Rio has grown to a city of a million people or so, and still the larger hotels there number but six. Only one or two of these have had an elevator running for long with reliable certainty and a supply of ice water at instant command. Hitherto the city has not drawn enough tourists to justify a costly hotel development.

Rio has the opportunity to build more hotels and find guests for them in connection with the coming centennial.—New York Sun.

INCREDULOUS BOSTON.

We refuse to believe the news statement that the bootleggers have been holding a convention at Watertown, N. Y. If they had a convention it would be a Brandywine, Pa., or possibly at Rumney Marsh, N. H. or at New York City.

What Your Health

What Every Graduate Ought To Make a Daily Rule

By ROYAL S. COPELAND, M. D.
Commissioner of Health, New York City.

During the last year I have spoken at many school and college commencements. I have more than ever impressed that to the parents and friends graduation day is always an interesting occasion, and to the graduates it is a red-letter day.

We look upon graduation day as the beginning of life. It should be this in every sense. But my friends who have left school or college, unless your lessons have been well learned it may be the beginning of your physical downfall.

While you are in school you are directed, not only in your studies, but also in your exercises, your gymnasium work and your physical culture. You are reminded of it if your posture is bad, or if you are shuffling in your gait.

Much of the abounding good health which most of you enjoy is the result of the watchful care of your teachers.

When you leave school do not drop into careless habits. If you are wise you will continue the physical exercises you practiced there. Don't let yourself get soft and fat.

In one school I saw a dumb-bell drill. Every girl entered into it with energy and enthusiasm. Every girl could without bending her knees touch the floor at either side by bending forward. If she would keep up this practice every day of her life, if only for a few moments, she would never get a fat stomach, heavy shoulders or thick hips.

It is not uncommon for boys and girls to lose their rosy cheeks immediately after leaving school or college. It is not work and now surroundings is the neglect of the familiar exercises, the regular hours and the well-directed life.

Almost any sort of occupation is physically impossible provided you remember the simple rules of right living, and provided you perform your tasks cheerfully.

Walk in the open air every day, and carry yourself well—chin up, head back, and stomach in. Eat sparingly of good food, sleep a lot, and keep clean.

Read a little every day, and try not to lose what school or college taught you. Make yourself useful to the community, and prepare for a long, active and service-filled life.

One of the defects of the educational system is its failure to impress indelibly upon the mind the importance of a sound body. Unless you keep fit your chance of efficient service is defeated. School commencement is the beginning of a new life. The foundation of that life is a sound body, and to keep it sound requires daily attention. Do not neglect this important service to yourself.

WHAT IS DOING TONIGHT

TRIBUNE radio broadcast.
Merchants' Exchange meets.
Aloha Parlor, Native Daughters, Whist, Pacific building.

Famous Yodelers, Greek theater, evening.
Women and Girl Workers, birthday celebration, 12:30 p. m.

TODAY 20 YEARS AGO

Charles Baldwin's \$3000 auto has been found on the county road. It was stolen from his barn. It was just a short time ago that Baldwin brought the yellow flyer from France, and with it came an imported driver whose duty it was to keep the machine clear of telegraph poles.

William McKenzie, former master mechanic at the West Oakland yards of the S. P., has been promoted to the superintendency of the river and ferry steamers for the entire system.

The reading of the class history by Miss Mabel Gibbs will be a feature of the Polytechnic Business College Commencement tonight.

The Native Sons are planning to hold a street fair at Hayward.

Logical Question.

Millionaire, speaking to a body of students—All my success, all my tremendous financial prestige I owe to one thing alone—pluck, pluck, pluck.

Student.—But how are we to find the right people to pluck? Dinuba (Calif.) Sentinel.

"Baby Mine"

THEY CHUCK ME UNDER THE CHIN AN' SAY AIN'T HE THE TUNNIN'EST, IT'SY, BITSY, TOODLE UMS' BAH! WHY DON'T THEY TALK ENGLISH?

SCHOOLS HAVE NO FUNDS TO BUILD SUBWAY, IS PLEA

Pleading that it has no money for a subway under the railroad tracks near Dewey school, the board of education last night adopted a resolution that "it is the sense of the board that the Railroad Commission ask the railroad company to install a temporary safety device at the tracks," and appointed a committee to ask the Board of Supervisors for money for a permanent subway.

The committee includes Business Manager Don Rice, Auditor John W. Edgemond, School Director George Hatch and Fred Campbell, and delegates from the Dewey district, where they complain that the present situation endangers the lives of children crossing tracks to reach school.

Marston Campbell, chief of construction, advocated a subway under the tracks, rather than a bridge, but pointed out that Dewey school already has had \$25,000 more than originally intended for school expenditures, and there is no more money for Dewey.

The board will have a special meeting Saturday, July 1, at 11 a. m., for its annual organization, including the election of a president and the heads of various committees. It is forecast that Harry Boyle probably will remain as president, but many of the committees may be changed.

Because of the Saturday meeting, and because Monday is almost the fourth of July, there will be no Monday meeting.

Before adjourning, the board awarded the contract for general equipment for Alexander Hamilton junior high school to Schenckley & Hostrawser, at \$16,940.

KNIFE USED IN AFFRAY.

As the result of an argument over a woman, Antonio Baptista and Antonio Costa are being held for investigation by the police. Following the argument Costa was cut on the arm with a small pocket-knife by Baptista. Both the men reside at 2029 East Fourteenth street, where the fight took place last night.

A SUMMER SCHOOL

The Summer Term of the A-to-Zed School is now open and will continue for a period of nine weeks. Two recitations will be held daily and double the usual daily preparation will be required in each subject, so that a full term's work will be completed in any subject taken.

High school and grammar grade students who wish to advance faster than the regular school year will permit to complete a half year's work in two subjects in the Summer School and be ready for advanced standing with the opening of the fall term. Those who fail to make their grades at the close of the spring term can make up their deficiencies and be ready to take up their regular classes in the fall.

Small classes—Individual instruction—Supervised study—no competitive athletics—no social activities

\$10 OFFERED FOR POEM ON JULY FOURTH

Award For Verse On Theme of Independence Day By Boy or Girl Under 16 To Be Given By Oakland

A prize of \$10 will be paid by the Fourth of July committee of Oakland to the boy or girl, 16 years old or under, who writes the best poem or verse on the subject "Independence Day." The poem or verse must not exceed 100 words, and its composer must be a boy or girl who was enrolled in the Oakland public schools during the last term. The winning composition will be read during the literary exercises at Lakeside Park on the afternoon of July Fourth. Fred M. Hunter, superintendent of schools; Mayor John L. Dwyer and Esther Birdsell, Darling will act as judges in the contest, which will close July 3 at 9 a. m.

Manuscripts should be written on one side of the paper only, bearing the author's name, address, age and school in which enrolled. It should be addressed to Fourth of July Celebration committee, room 308, City Hall, Oakland, California, and Independence Day Verse Contest," inscribed on the back of the envelope. The winner will be announced from the band stand during the exercises at Lakeside Park.

The celebration planned promises to be a riot of color and variety of entertainment throughout the day. The parade, which will be headed by the California National Guard, will consist of marching bands, floats and decorated automobiles.

The California Grays, Aahmes Patrol, Aahmes Temple Band, Aahmes Temple Harem Band, Scouts Drill Team, the Elks, the Eagles Uniformed Rank and the Order of De Molay.

MANY TO ENTER.

Floets which have been entered to date are from Women and Girl Workers of the Civil War; Sons and Daughters of Washington; Legion of Columbus; the American Veterans of Foreign Wars; Lieutenant Hascall F. Waterhouse Post, Veterans of Foreign Wars; Aahmes Temple; Wynnan Circle; Lockwood district, with three floats.

The line of march will be decorated with lines of flags across the streets from the trolley poles. The business houses and hotels have given their assurance that their places of business will be decorated.

Following the parade, a barbecue for the service and ex-service men who march in the parade. During the afternoon a carnival of sports

Berkeley Co-ed and Graduate Of '22 Class in Secret Romance

MRS. ELIAS B. MANSFIELD, whose romance was unfolded to her sorority sisters, members of the Chi Omega Chapter of the University of California, yesterday with her marriage to the Pasadena, in this city. No announcement of the betrothal had been made. (Boye Photo)

Marriage of Phyllis Kett and Elias Mansfield Proves Distinct Surprise Even to Families

The secret romance of Miss Phyllis Catherine Kett, daughter of Mr. and Mrs. William F. Kett of El Camino Real, Berkeley, and Elias Mansfield of Pasadena was revealed today when court house records told of their marriage yesterday afternoon in Berkeley.

Not even the members of the family of the bride-elect were aware of the betrothal, the first intimation of which was revealed with the issuing of the marriage license yesterday.

The ceremony was performed by Rev. W. R. H. Hodgkin, rector of St. Mark's Episcopal church.

Information of the Chi Omega wedding could be gained from the Kett household yesterday.

Miss Charlotte Kett, sister of the bride, said: "Why I did not even know that an engagement existed."

The maid "knew nothing."

William F. Kett, father of the bride, is out of town and will not return until Friday, according to word from his office. Mrs. Kett could not be reached.

Mrs. Mansfield and her son, Elias, left their apartments at Euclid in Berkeley on June 15 for Los Angeles. Mansfield is a member of this year's graduating class of the University of California and is 24 years of age. His bride is but 18 and will enter upon her sophomore year at the State university next semester if she returns to college. She is one of the most attractive members of the Chi Omega sorority, members of which know nothing of the romance of their

Message to Garcia Is Told by Rowan

Lieutenant Colonel Andrew Rowan, the man who delivered the "message to Garcia" during the Spanish-American war, yesterday spoke of his reminiscences of that famous episode in an address before the Kiwanis Club at the Hotel Oakland. Colonel Rowan said that he was at Jamaica, British West Indies, when the United States declared war on Spain, and when he received a code cable from Washington telling him to go to Cuba and tell General Garcia of the Cuban forces that he should cooperate with General Miles U. S. A. Colonel Rowan immediately procured a vessel and went to Cuba, where he planned the attack and found Garcia, who, he said, was overcome with joy when he knew the Americans would aid Cuba. Afterward Colonel Rowan was received by President McKinley, who told him "You have done well."

SAN LEANDRO WILL HAVE JUNIOR HIGH RECKLESS CYCLISTS ROUNDED UP

School Will Cost Approximately \$350,000 and Will Accommodate 1200 Pupils—Five Sites Are Proposed

SAN LEANDRO, June 27.—At a meeting held here last night of the Board of Education of Oakland and San Leandro it was decided definitely that this city would have a junior high school. The San Leandro board was requested to recommend one of five prospective sites this week. The building program will begin immediately; it was stated. The school will be built at an approximate cost of \$350,000, with a capacity of 1200 pupils. First payment on the selected property, \$8000, is on hand, the remaining payments to extend over a period of five years.

Harry J. Boyle, president of the Oakland Board of Education, acted as chairman of the meeting. Mrs. Daisy Short and J. P. Chandler, members of the board, together with J. W. Edgemond, secretary, and D. B. Rice, business manager, were present. District Attorney Ezra Decoto, also present at the meeting, was called upon for legal advice and opinions.

Five proposed sites were presented by their respective owners or representatives. A. S. Weaver proposed that the Best property at Peralta avenue and East Fourteenth street, consisting of ten acres, be considered. Farley Granger spoke of the Garcia property, also 10 acres at Broadway and East Fourteenth. Both pieces of property, it was said, contained natural wells.

The Lucio property, Eastbrook avenue and East Fourteenth street, was presented for consideration, as were six acres of land at Magdalena and Maud avenues, and the Andrade property, three blocks from East Fourteenth street, consisting of nine acres, with a frontage of 400 feet.

WILD PIGEONS COME BACK AS ORCHARD PESTS

WESTPOINT, June 27.—Wild pigeons, once seldom seen here, have suddenly reappeared, and this time in great flocks which are devouring the cherry crop. The birds, seemingly realizing that they are protected by law, have grown extremely bold and alight on a tree like a swarm of bees. If left unmolested they leave the tree free of fruit in a few hours. The growers can only "shoo" the invaders off, though they'd like to convert the pests into poultry.

INTERNATIONAL S. S. BODY ADOPTS LARGE PLATFORM

Law Enforcement Use of
Bible in Schools Part
of Program.

KANSAS CITY, Mo., July 27 (By the Associated Press).—The student "the world" is still in heart at war, leading off in the forward, the sixteenth quadrennial International Sunday School Association adopted its platform yesterday, two days before closing its session here.

The program for the new organization includes the broadening of religious education until it shall reach all persons, young and old, introduction of "The reverent and legitimate use of the Bible in public schools," evangelism from the militant viewpoints, advocacy of the strict law enforcement, particularly of the Eighteenth amendment and the Volstead law, temperance instruction, Sabbath observance and supply of relief work in Bible lands.

The forward to the platform as adopted reads: "The world is still in heart at war, leading off in the forward, the sixteenth quadrennial International Sunday School Association adopted its platform yesterday, two days before closing its session here."

With respect to law enforcement, the program says: "Inasmuch as the Eighteenth amendment adopted by a larger proportion of the people than any other part of our American constitution is in the interest of the nation's health and is based on sound moral and economic reasons, we appeal to all good citizens to aid in the enforcement of all laws made to carry it into effect."

In the matter of Sabbath observance, the program reads: "In view of the unspeakable blessing to humanity of the Christian Sabbath and the money to our churches, Sunday school and homes, and to public morality in commercialized inroads upon its sanctity, we more frequent inclusion of the case of the Christian Sabbath in our state, provincial and local convention programs."

The program also recognizes the great need for relief work among Christian peoples in the Bible lands, endorses the near East relief organization and recommends that church and Sunday schools make a special appeal for that cause at Christmas time.

"TIZ" FOR TENDER SORE, TIRED FEET

The minute you put your feet in a "TIZ" bath you feel pain being drawn out and comfort just beginning to flow in. "TIZ" is good to your tired, swollen, burning feet. "TIZ" instantly draws out the poison from the inflamed, swollen feet. "TIZ" takes the pain and soreness out of corns, calluses and bunions. Get a box of "TIZ" at any drug or department store for a few cents. Your feet are never so comfortable as when you have "TIZ" on them. Your feet are never so comfortable as when you have "TIZ" on them. Your feet are never so comfortable as when you have "TIZ" on them.

Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle! How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay every day. Pimples produce prejudice and prevent prosperity. Your heart may be sold, but your face is your business.

S. S. S. Will Rid You of the Crashing Pimple-Calamity.

But who wants to kiss eruptions? Pimples don't look like the owners of anything. Pimples women, too, are puzzled, with no prospect and no power. Young men and women, here's the positive way out. Physics and purgatives cannot purify the blood. Scientific blood-cleanser, S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underlings and poor putty-pot men and women, why you hear of so many rheumatics being freed from this scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get ruddier, your flesh firmer. It will give you a boost in your life. In two sizes. The larger size is the more economical.

'Sea Tiger' Victim
DOROTHY McCLATCHIE,
18-year-old high school girl of St. Petersburg, Fla., a champion swimmer of the district, who on June 17 was attacked and bitten to death by a giant barracuda known to Florida fishermen as "the tiger of the sea," while swimming with her chum, Miss Mary Buhner, in Tampa bay. After the barracuda had bitten her and dragged her under, Miss McClatchie came to the surface, and as her chum seized her by the shoulders, said: "Kiss me, Mary, I'm dying." Miss Buhner supported the body of her dead friend for quite a time until aid came. The sharp-toothed sea monster had severed an artery and the girl swimmer bled to death.—Underwood & Underwood photo.

U. S. SAILORS TELL DISCRIMINATION

SAN FRANCISCO, July 27.—Charges of discrimination against men in uniform, made informally against John J. Davis, proprietor of Coffee Dan's at 138 O'Farrell street, on the night of June 16, were continued until July 6 by the police commission last night after preliminary taking of testimony from naval witnesses who sailed today.

A. B. Knapp, coxswain aboard the U. S. S. Idaho, testified last night that he was refused admission to Coffee Dan's at 138 O'Farrell street, on the night of June 16, having been told that "no sailors were admitted." He said that the special policeman at the door told him it was on the "chief's order."

Other navy men offered similar testimony. J. B. Riley, seaman aboard the U. S. S. Texas, testified that on the night of June 24 he was refused admission at the Crystal Inn, 9 Ellis street, on the ground that he did not rank as a chief petty officer.

Davis, proprietor of Coffee Dan's, said he never refused admittance here. The charges against the two restaurants were filed with Chief of Police Daniel O'Brien by Rear Admiral A. S. Halsey, commander of the Twelfth Naval District.

ELECTROCUTED BY MISTAKE.

U. C. SUMMER SESSION ROLLS NEARING 7500

English Faculty Will Be
Doubled For Courses
At Los Angeles.

BERKELEY, June 27.—With 4500 students enrolled up to 5:30 o'clock last night, registration at the annual summer session of the University of California is continuing today. Late registrants are expected to bring the enrollment well past the 5000 mark.

Counting the registration in Los Angeles, Dean Walter Morris Hart declares that this year's total for both branches of the summer session will reach 7500. Dean Hart has just returned from the East, where he went to secure additional faculty members to meet the increased enrollment both in Berkeley and Los Angeles. So far, the Los Angeles summer session is growing, he states that it will be necessary to double the summer faculty in English.

In his tour of East colleges for faculty members Dean Hart visited all of the bigger institutions. Negotiations were also made for future summer sessions. According to Dean Hart, summer sessions are meeting with unusual popularity throughout the country. "Columbia," he declares, leads in enrollment with 12,000 students.

Institute to Hold Its Annual Picnic

ALAMEDA, June 27.—A day in Paradise will be enjoyed by the members of Alameda Council, Young Men's Christian Association, June 2. The day will be the annual excursion and picnic to Paradise Cove. John Heritage will be in charge of the boats and transportation, while Sam Alden will have charge of the games and shore program. Both men are being assisted by a large and hard-working committee. In addition to games and sports of all kinds the merry-makers will participate in dancing.

Fire Sweeps Many Rodeo Valley Acres

RICHMOND, June 27.—Eleven hundred acres of the Rodeo valley were fire-swept Sunday when the fire apparatuses of Pinole and Hercules Powder company and over 200 men fought for six hours in the grass and grain fields. When brought under control the fire was close in to the powder magazines of the Hercules Powder company. It is believed that careless hunters started the blaze, which was first discovered about 10 o'clock in the morning.

City Not to Observe July 4 Officially

RICHMOND, June 27.—There will be no official celebration of July Fourth by the city of Richmond this year, Council Manager J. A. McVittie announced yesterday. Although the city's banking institutions plan to keep open on the day before the Fourth, many merchants will close their stores from Saturday night until Wednesday morning.

SPECIAL LODGE MEETING.

ALAMEDA, June 27.—Dervy Lodge, Sons of St. George, will hold a special meeting in Odd Fellows hall Thursday night for the purpose of forming a new lodge to be called the Dangers. The members are all requested to bring their wives, daughters and sweethearts and enroll them in the new membership. After the business meeting, which opens at 8 o'clock, a social time will be held and cake and coffee will be served.

FURED ON RAIL.

RICHMOND, June 27.—Nicholas Alexandri, charged with assault by Tom Maroulis, who asserts that Alexandri hit him over the head with a blackjack Friday night, is at liberty on \$100 bail. Maroulis claims that Alexandri hit him from behind while he stood talking with a friend on Macdonald avenue, striking him several times about the head with his fists and knocking one of Maroulis' eyes before making his getaway.

YEOMEN HOLD WHIST PARTY.

RICHMOND, June 27.—Liberty Homestead of Yeomen report a successful whist party at Moose hall Saturday night. More than twenty tables were filled with the players. The committee in charge of the evening consisted of Mrs. Joella Bonham, Mrs. Eunice Goyer and Miss Vivian LaSelle.

VISITS BROTHER.

RICHMOND, June 27.—Porter Perkins, 561 Fifth street, has as a guest his sister, Mrs. Annie Griffin, of Salt Lake City, who he has not seen for the past eleven years. Mrs. Griffin is planning to leave here shortly for Los Angeles on a two months' auto trip through Southern California.

LADIES' AID ARRANGE TEA.

RICHMOND, June 27.—The Wesley Ladies' Aid society is making preparations for the June tea to be held tomorrow afternoon at the church parlors. The committee in charge assures an entertaining program. The tea will start promptly at 2:30.

REDMEN PLAN OUTING.

RICHMOND, June 27.—Although the recent two-day carnival netted the Redmen's Hall association \$700 toward the proposed home for Redmen here, the association is planning to add to its funds by holding an outing about August 20.

SAN LEANDRO

CHERRIES BEST IN MANY YEARS AT SAN LEANDRO

SAN LEANDRO, June 27.—San Leandro orchardists have begun picking the crop of Royal Ann cherries. It will require two or three pickings to gather the crop, constituting a period of from 10 to 14 days. According to Farley Granger, the crop while not exceptional, is decidedly good. The cherries, he says, are the largest, firmest and sweetest grown here for many years. The Royal Ann crop is proportionately larger than that of the black Tartarian.

Public Concerts By Radio Are Planned

SAN LEANDRO, June 27.—A petition for the establishment of a radio receiving set on the city plaza, whereby night concerts may be heard, is being circulated among the merchants of this city by H. H. Iverson and N. R. Mello. J. E. Faustina, business man and radio fan of San Leandro, is fostering the idea.

Speeders Arraigned And Assessed Fines

SAN LEANDRO, June 27.—The following traffic law violators appeared before Judge W. J. Gannon court yesterday afternoon and paid fines: George Becker, \$25; Robert Franco, San Francisco, \$10; C. A. Best, \$10; Franz Borgh, pleading not guilty to a charge of cutting across a stationery street car lane, but proved otherwise by the court, \$25; Thomas Foley, Oakland, \$35. J. G. Daldeen, Richmond, appearing the second consecutive week, received a two-day jail sentence, on top of the previous sentence of five days. Malcolm McGowan, 17, Oakland, was placed on probation for one month.

Space Is Granted For Health Exhibit

SAN LEANDRO, June 27.—Mrs. Helen Bramhall, city health nurse, was granted window space in the Chamber of Commerce office for a display advertising the organization which she represents. The display will consist of descriptive literature, safety test signs and various other exhibits of various methods employed by the health center. The display will continue through July.

PARIS FLOODED WITH AMERICANS

SAN FRANCISCO, June 27.—Paris is flooded with Americans who are spending liberally, and in return they are getting a new twist to entertaining the Americans, M. H. De Young, San Francisco publisher, said yesterday on his return from a visit to Europe. De Young stated that France alone of all European nations seems to have regained her equilibrium, and that she has overcome many of her economic difficulties. He thought the through the devastation of France may be written in certain parts of the country and upon the pages of history, it has been erased from Paris. De Young says that nowadays the thrifty Parisians dine reasonably in restaurants "before the sun goes down." But when the lamps are lighted, he said, prices begin to go up in restaurants and places of entertainment visited by foreigners.

Girl Honored By Birthday Party

RICHMOND, June 27.—A birthday party in honor of Belle Simpson was held Saturday afternoon at her home, 440 Fourth street. The afternoon's entertainment included attendance at the T. & D. theater, followed by a candy hunt at the Simpson home.

Dr. Wheeler Goes On Fishing Trip

BERKELEY, June 27.—President Emeritus Benjamin Ide Wheeler of the University of California will devote the next two weeks to demonstrating his ability as an angler. With Mrs. Wheeler Dr. Wheeler has left for the McCloud river, where he will be the guest of Dr. and Mrs. Joseph Marshall.

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter. Mother and oftentimes grandmothers have taken and have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others. The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value. Mothers—daughters, why not try it?

Powerful Skin Remedy Discovered

Dries Up Eczema, Barbers' Itch, and All Skin Eruptions in a Few Days; Absorbs Wens, Goitros and Piles.

Many thousands of people know how speedily and painlessly Moone's Emerald Oil reduces swollen veins and blemishes, and how powerful penetrating and safe it is. This wonderful emulsion's prescription is now known all over America as Moone's Emerald Oil, is so efficient in the treatment of skin diseases that it has become a household name with one application; the eruptions dry up and scale off. A few applications and the most persistent case of piles is absorbed never to return. It absorbs goitros; dissolves wens and in the treatment of ulcers, abscesses, carbuncles, varicose veins, it is supremely efficient. Moone's Emerald Oil in the original bottle is dispensed by pharmacists. It is not a patent medicine, but a wonderful prescription for practicing surgeons. With each bottle complete directions for use are enclosed. Your druggist always has Moone's Emerald Oil on hand. Advertisement.

P. I. LEGISLATURE NOT TO BE CALLED

MANILA, P. I., June 27.—Belief was general here today that no extra session of the Philippine legislature to continue the fight for Philippine independence and to advise the Philippine independence mission now in Washington will be called.

Posibility of the early return of the mission from Washington was given as one of the reasons. Major-General Leonard Wood, governor of the islands, returned yesterday from a two-weeks tour of the islands, and he will decide immediately whether the special session is to be called.

Although the formal reply of President Harding to the mission's presentation of the independence question has not been received here, native newspapers expressed appreciation of the cordial reception the mission in the United States.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher for over 30 years to protect the coming generations. Do not be deceived. All Counterfeits and "Just-as-goods" are but experiments that endanger the health of children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the stomach and bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Prescription Books For Whisky Changed

Notification has been received by local physicians to turn in before July 10 all old-style whisky prescription books for the new "blank note paper" books. The order was issued by Prohibition Director S. F. Rutter, who said that promiscuous writing of emergency whisky prescriptions will not be countenanced in the future.

GYPSIES ORDERED OUT.

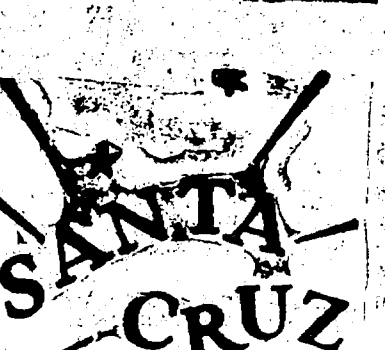

RICHMOND, June 27.—The group of gypsies that camped within the city limits of El Cerrito, were ordered to move on Sunday. At Friday night's session of the trustees the gypsies' influx was discussed and it was agreed to take such action. The gypsies said they would have to motor back to Oklahoma, as California communities had proved anything but hospitable.

Work to Begin On Steel Skyscraper

With the arrival of the assignment of steel work will start immediately on the construction of the first steel skyscraper to be erected here in the past five years, according to the Pacific Gas and Electric Company, which is soon to be installed in a new home at Seventeenth and Clay streets. The new Pacific Gas and Electric building has been delayed for two months, due to the fact that the steamer McKinnier, carrying the steel, broke a propeller in the Atlantic two months ago and was forced to return to New York for repairs. The building will be eight stories high and will be constructed by R. W. Littlefield.

Plans For Revival In July Formulated

Plans for a revival, to be conducted here starting July 15, under the direction of Times Temple McPherson, were formulated at a meeting held last night by the campaign committee at Jenny Lind hall, 2223 Telegraph avenue. According to the preliminary arrangements the meetings will be held in a tent with a capacity of 2,000. W. F. Ford is in charge of the arrangements.

Spend the Fourth at Santa Cruz. From morning till midnight the day will be replete with interesting and appropriate events.

Patriotic Exercises Athletic Events Band Concerts Fireworks

Besides these special features there are the joys of Swimming, Tennis, Boating, Motoring, Fishing, Dancing, Hiking. Really you should come to Santa Cruz on July first and stay right through the Fourth to get in all that this wonder resort offers. You can count on good accommodations and low prices. Special rates on Southern Pacific. Write Santa Cruz Chamber of Commerce for information.

BOTULISM CAUSE OF DEATH OF S. J. STORE MANAGER

End Comes to Five Days of Terrible Suffering; Poisoned in S. F. Cafe.

SAN JOSE, June 27.—Botulism poisoning, caused, it is believed, from food eaten in a small San Francisco restaurant during the recent Shriners' convention, yesterday caused the death of Charles Raymond Davidson, manager of the local branch of the Reich & Lievre Company and one of the city's best known young business men. Death came on the eve of the first anniversary of his marriage. Davidson was but 28 years of age.

The victim had suffered terribly for five days, being delirious throughout that time. The combined efforts of three physicians failed to restore him to health. Davidson was born in Denver, Colo., on March 2, 1894. For six years past he has been associated with the Reich & Lievre chain of stores throughout California. He came to manage the local branch store two years ago. Two brothers, George Edmund and Edward Maxwell Davidson, reside in Oakland. His widow is prostrated with grief.

Railway to Lend Hand In S. J. Policemen's Ball

SAN JOSE, June 27.—Here, you dancers who plan to attend the fourth annual grand ball of the San Jose police department next Saturday night! Cut this out and paste it in your hat! It will prove valuable! It is the schedule of special cars to be operated for the benefit of the dance through the San Jose Railroad on Saturday night and was released as authorized this morning to The TRIBUNE. Here it is:

12 m.—Leave Third and Santa Clara streets for Tenth, Seventeenth, King road and Santa Clara. Leave Second and Santa Clara streets for Delmas avenue and end of line. Leave First and Santa Clara streets for North City limits. Cottage Grove and The Willows.

1 a. m.—Leave Third and Santa Clara streets for Santa Clara and Tenth streets. Leave Second and Santa Clara streets for Delmas avenue and end of line. Leave First and Santa Clara streets for Cottage Grove and The Willows.

1:30 a. m.—Leave Third and Santa Clara streets for Tenth, Seventeenth, King road and Santa Clara. Leave Second and Santa Clara streets for Delmas avenue and end of line. Leave First and Santa Clara streets for North City limits. Cottage Grove and The Willows.

2 a. m.—Leave Third and Santa Clara streets for Santa Clara and Tenth streets. Leave Second and Santa Clara streets for Delmas avenue and end of line. Leave First and Santa Clara streets for Cottage Grove and The Willows.

2:30 a. m.—Leave Third and Santa Clara streets for Tenth, Seventeenth, King road and Santa Clara. Leave Second and Santa Clara streets for Delmas avenue and end of line. Leave First and Santa Clara streets for North City limits. Cottage Grove and The Willows.

PRIZE IS OFFERED FOR VERSE ON INDEPENDENCE

City Will Give \$10 to School Boy or Girl Under 16, For Best Poem.

(Continued from Page 17)

will be held on the lake. Exercises will be held at the band stand. The orator of the day will be Judge Fletcher A. Cutler of Berkeley. On the program will be Miss Effie Steinhardt, soprano, and Rafael Brunetti, baritone.

EVENING OF FIREWORKS.

In the evening an elaborate display of fireworks will be held over Lake Merritt. The lake will be lighted for the occasion and the fountain in the center of the lake will be illuminated with varied colored lights.

R. H. Chamberlain, chairman of the music and hall committee, has complete arrangements for the free public ball to be held in the Municipal Auditorium in the evening, following the fireworks display.

Eugene K. Sturgis is chairman of the general committee. The sub-committees are: Parade committee, H. L. Rederick; music committee, H. H. Chamberlain; outdoor events committee, Henry C. Reynolds; patriotic events committee, George W. Langan; finance committee, Dr. R. B. Newell; firework committee, E. C. Parker; barbecue committee, Earl Warren; transportation committee, E. P. Gallagher.

Some of those assisting the various committees are: Harry Huber, field artillery, California National Guard; Major J. Rogers, U. S. A.; Harry Anderson of Ashland Temple, Mystic Shrine; William H. Hamilton, supervisor; Harry Huber, field artillery, California National Guard; Major J. Rogers, U. S. A.; Harry Anderson of Ashland Temple, Mystic Shrine; William H. Hamilton, supervisor; Harry Huber, field artillery, California National Guard; Major J. Rogers, U. S. A.; Harry Anderson of Ashland Temple, Mystic Shrine; William H. Hamilton, supervisor.

MELON GROWERS BRING KEEN MEN TO DIRECTORATE

Board Reorganized to Make It More Representative of Tuglock District

TURLOCK, June 27.—The directorate of the Turlock Melon Growers' Association has been changed with the idea of making it more representative of the growers of the Turlock district. Three members of the original board resigned in order to make way for the new body, which is now perhaps the strongest body of men ever arrayed together as the custodians of an industry in these parts.

The new directors are Messrs. Manuel Garcia, J. M. Vierra and John Gomez and they are men held in high repute by the growers and merchants of this district, who recognize in them men of integrity, foresight and ability.

Garcia has been in active cooperation with some of the largest associations in the Santa Clara valley, and Messrs. Vierra and Gomez are vice-presidents of the Stanislaus-Merced Sweet Potato Association.

The full board of the association now is J. H. Smith, president; John Gomez, P. A. Pierson and Louis Domecq, with D. L. Wolfe as secretary and treasurer. The association has signed up over 1000 cars of melons this season, and is still signing them.

Dalton E. Cross, the sales manager of the association, says that the association members are in for one of the best seasons ever experienced by the melon growers of this district, for they will be paid cash for their produce, and the old system of consignment will be forgotten. So will the waiting on the street for a buyer.

HAYWARD

HAYWARD, June 27.—Street repair work which will cost in the neighborhood of \$65,000 was voted for at a meeting of the board of trustees held here last night. The work includes the repair of Watkins street from A to Jackson, D from Castro to Valley, and First from B to E streets. A change of grade has been authorized on D street.

Bids will be called for on June 10. It is expected that several local men may enter bids for the work, and a move is said to be on foot by property owners to negotiate sub-contracts from the original contractor so that certain property owners may put in their own curb and sidewalks.

The repair work will be paid for, it was announced yesterday, by the issuance of serial bonds bearing six per cent interest.

SHOW CHIEFS TO MEET.

HAYWARD, June 27.—Directors of the Eden Township Farm Products Show Association, department heads for the show this year and last year will meet this evening to make definite plans for this year's show. Selection of a site will be announced by Judge Jacob Harder. A report on the success of the committee in securing tents for this year's show will also be made.

Plans for the show will be carried steadily forward now, according to the directors. It is understood that farm centers are already making arrangements for exhibits to be given this fall.

TEN O'CLOCK CLUB.

HAYWARD, June 27.—For the first time since May the Ten O'Clock club of the chamber of commerce met this morning. During the Shriners' entertainment and the Eden Township Farm Products Show campaign, the chamber has devoted all of its energies to other work than membership, the purpose for which the Ten O'Clock club was organized.

TELLS OF GROWTH.

HAYWARD, June 27.—The growth of the state department of agriculture, from its inception in 1899 to its present standing, was outlined for Hayward Rotarians at a luncheon yesterday by Dr. J. P. Iverson, head of the animal husbandry department of the state department of agriculture.

Dr. Nels E. Clemmons and W. H. Daniels, president of the club, reported on the presentation of the Rotary charter to the Santa Cruz club.

LAW ENFORCERS PLAN CAMPAIGN FOR SAN JOSE

Famous Flying Squadron to Put on Speech-making Tour of City.

SAN JOSE, June 27.—Plans for the holding of a spirited law enforcement campaign in this city on the afternoons and evenings of Friday, Saturday and Sunday, August 11, 12 and 13, were announced here today by local citizens interested in the project.

The arrangements have been completed by C. C. Morrow of Indianapolis, leader in the movement, following the complete organization here of those interested in law enforcement, and the three-day campaign promises to be one of unusual interest.

The campaign will be conducted by the famous Flying Squadron Foundation, comprised of three groups of speakers who conduct the meetings each afternoon and evening.

The organization consists of five speakers, so divided that meetings can be held simultaneously in three cities. There will be mass meetings on the afternoon and evening of August 11 by group one, similar meetings on August 12 by group two and the final meetings on August 13 by group three.

Speakers of national reputation will be included in the famous flying squadron. Oliver Wayne Stewart of Chicago, who speaks with the third group, is in charge of the campaign. He is president of the Flying Squadron Foundation.

Among other speakers listed will be Frank S. Regan of Rockford, Ill., a former member of the Illinois state legislature and well known as a cartoonist; Arthur B. Whitney of Columbus, Ohio; Christian Endeavor leader, James H. Woertendyke of Chicago, noted as a campaigner, and Rev. Norma C. Brown of Bloomington, Ind., prominent as the only woman who has ever served as chaplain of the Illinois senate.

SISTERS BUY OLD BUTTERS HOME

The old Butters home at Hillside and Vista avenues, Piedmont, has been purchased by the Sisters of the Holy Family, who will remodel the property and use it as a new home to carry on their work.

The home is at Eighth and Chestnut streets, but the increase of the nursery and the day school has necessitated the obtaining of larger quarters. For the past ten years the Sisters have shared their home at Eighth and Chestnut streets with the children, but they plan to vacate the premises within a very short time and devote the entire three floors of the present location for the use of the school.

A nursery is conducted by the Sisters in which they take care of children whose mothers are employed during the day.

Jay Nash Tells Of Mountain Camp

Oakland's mountain camp in the high Sierras was described in detail by Jay E. Nash, superintendent of the recreation department of this city at the luncheon of the Ad club at the Hotel Oakland today. His talk was illustrated. Vocal selections were rendered by Postmaster Joseph Rosborough.

BUY the Fisk Cord Tire because it is big, because it has strength and toughness with its unusual resiliency and because its safe deep-cut button tread is long enduring. These are all big mileage qualities.

Increased capacity now means quick, complete filling of dealer orders; but the demand for Fisk Cords is growing so tremendously, it is wise to order them a few days in advance of actual need.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

New Commander at Fort Scott Arrives

SAN FRANCISCO, June 27.—Lieutenant Colonel William H. Raymond, former commandant of the War College at Washington, D. C., today assumed his new duties as commander of Fort Winfield Scott. He succeeds Lieutenant John R. Musgrave, who has been transferred to the Eighth Corps area in Wyoming.

DROWNED NEAR WILLOWS.

SAN FRANCISCO, June 27.—Carl Green, 21, of San Francisco, was drowned Sunday at Hamilton City, according to word received here from Willows. Green was attacked by cramps while swimming. He was employed by the Glenn-Colusa Irrigation district.

Naval Officer Back From Trip North

SAN FRANCISCO, June 27.—Lieutenant Commander J. V. Gates, U. S. N., communications officer at the Twelfth Naval District headquarters, returned yesterday from a 20-day leave of absence. He visited friends around Puget Sound and while there made a study of the outlook for naval radio in the northwest. He declared that unless Congress makes provisions for the naval radio stations there, particularly the smaller ones, in the near appropriations bill, they will have to close.

Gordon Is Speaker Despite Opposition

ALAMEDA, June 27.—A squad of policemen were present last night at American Legion hall to keep order while Lieutenant D. J. Gordon spoke upon the Towner-Sterling bill. Two of the audience had to be ejected by the police but despite threats no violence took place.

Considerable dissension occurred in regard to Gordon using the American Legion hall for his lecture following his address of last week in which he took issue with several members of the local Knights of Columbus at that time, and because of the heckling he issued a challenge to a debate for last night.

On last Tuesday the Legion Post voted not to allow him the use of the hall. He had paid the rent for the evening and refused to take it back. Last night when he appeared at the hall he found the door locked and a crowd of interested spectators waiting in front. Some cheered him while others gave him cat calls.

He appealed to the police for permission to break into the hall and was informed that he held a receipt and was entitled to enter. He opened the place by means of a skeleton key. The hall soon was packed to its limit with spectators and a lively heckling of the speaker followed. Others in the audience were equally in his favor and for a time the police feared there would be active trouble. No one appeared to debate so Gordon gave an address.

Cost of Boulevard In Itemized Table

A table showing the segregated cost of the Harrison boulevard extension, around Lake Merritt was furnished the street department today by Harbor Engineer Ralph Beebe at the completion of the job of making the land. The boulevard is now ready for paving.

The entire cost is \$58,486.05, including soundings, surveys, rock wall, supplies, dredging, insurance and everything else.

The boulevard runs from the present Harrison boulevard to Oak street, where it will connect with present streets. Its completion gives Oakland a complete boulevard system around Lake Merritt. Contract work, such as building the great rock wall, came to \$18,006, and in the cost of this boulevard job is included part of the cost of dredging and deepening Lake Merritt, as much of the ground came from the bottom of the lake.

Street department officials will now take charge of the made land and start the job of paving.

Clubs to Hear Talk On Transportation

Guy W. Wolf, director of research of the California Real Estate board, will be the speaker at the June dinner of the Business and Professional Woman's club on Thursday night. "Bankrupt Electric Railway Transportation of California" will be the subject for his address. H. C. Capwell will introduce "Our City—Oakland."

The baby doll marionettes will be presented during the evening by Miss Marian Chalmers.

The dinner will take place in the club rooms at 1741 Broadway. Mrs. Gladys Barnard is president of the group of 225 women.

Drinks Poison, Calls Police, May Recover

Because he changed his mind about wanting to commit suicide, Albert E. Buckingham, 1622 Magnolia street, may recover from poison he took today in a fit of despondency over the loss of his eyesight several years ago. Buckingham telephoned the police and was rushed to the emergency hospital.

Buckingham is 43 years old and the proprietor of a cigar stand at First and Oak streets.

The correct answer to Mr. Edison's question: "What is Grape-Nuts made of?"

Answered by the makers of Grape-Nuts

THIS is one of a number of questions which Mr. Edison is putting to applicants for an important position in his organization. We are happy to learn the interest shown in the food, Grape-Nuts, by a man of such broad attainments as Mr. Edison.

There has never been any secret about what Grape-Nuts is made of. It has been on the market for 24 years, and practically everybody knows its composition.

But inasmuch as such a simple, everyday question as "When did Columbus discover America?" is often incorrectly answered, it may be well to take this opportunity to restate the following facts about Grape-Nuts:

Grape-Nuts is a highly nourishing cereal food, made from a mixture of whole wheat flour, malted barley, salt and water. The mixture is raised by yeast, baked in loaves, then sliced, further baked, and then crushed into granules.

No food in the world is so thoroughly baked as Grape-Nuts. More than 20 hours are consumed in the various baking processes.

As every diet expert knows, this long baking brings about conversion of the carbohydrate elements, developing dextrin, maltose and dextrose or grape-sugar—a form of sugar to which all starch elements must be changed before they can be assimilated by the system.

Grape-Nuts when eaten does not form a pasty mass difficult to digest—the 20-hours baking makes this delicious food easily digested by even those with the most delicate stomachs; and the character of the food requires thorough mastication.

Grape-Nuts is a well-balanced food for building bone, tooth and nerve structure. When combined with cream or milk, it is admittedly a complete food.

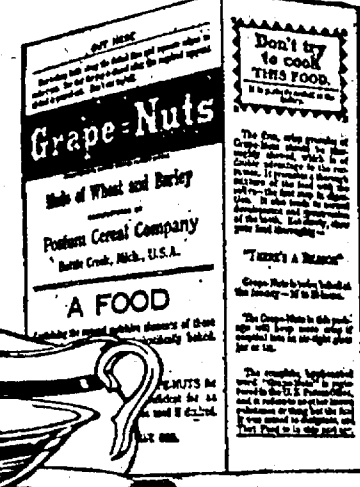

You will find Grape-Nuts everywhere. At your grocer's, your club, your hotel, your restaurant.

In America, where you don't find Grape-Nuts you won't find people.

Postum Cereal Co., Inc., Battle Creek, Michigan.

Grape-Nuts

THE BODY BUILDER

CLOSE RACE ON FOR COAST LEAGUE BATTING HONORS

DUFFY LEWIS OF SALT LAKE BEES WOULD LIKE TO HAVE SOME MORE 'TRAMPS' LIKE SCHICK

JIM O'CONNELL IS BARELY LEADING THE P. C. LEAGUE HITTERS

Oaks Are Showing Up Better Each Week With Stick; Bill Mariott Setting Pace

No longer does Jimmy O'Connell, the San Francisco Seal, bat in a different society than the other players of the Pacific Coast league. For a long time Jimmy had the honor of hitting better than 400, but the past week at Sacramento saw Jimmy hit the slump that dropped him out of that class, and now he is acting more sociable to the other members of the league. If Jimmy does not take a brace in his hitting he is going to soon lose the batting crown, as Joe Kelly, his team-mate, is only a point behind him, with .385. But Kelly, like Jimmy, has also slumped in his hitting and he is also being threatened with losing his position. Manager Duffy Lewis of the Salt Lake Bees and his first sacker, Paul Strand, along with Art Griggs of the Angels, all had good batting days at Salt Lake last week and are within a step of catching up with O'Connell and Kelly. Now that O'Connell has come from his high perch the race for the Coast league batting crown promises to become interesting.

Almost every player except those who were up at Salt Lake last week, are showing changes in their batting averages to indicate that the pitchers of the league are beginning to get down to pitching real ball. William (Merry) Mariott, the Oaks' flashy third sacker, is the leading hitter for the club. His average is .318 compared to .326 he boasted of last week. Bill got a whole flock of base hits off the Seattle hurlers last week, and most of them came when he was on the paths. If Bill can continue to bat as timely as he did last week, he will never have to worry about the size of his batting average. Don Brown is another Oak who is over the .300 mark. There is only a difference of two points in this week's average. Ted Cather, the Oaks' second sacker, had a good week against the Seattle hurlers and came within two points of reaching the select class.

Essick Likes His Work

Meet JESS DOYLE, pitcher for the Vernon Tigers. He is one of Bill Essick's newest pitchers, and although he has a record of only five games won and eight, loss, Essick believes that he will be a very good man to have around in the final stretch of the pennant chase.

'Hack' Miller Hits Three

Stan Coveloskie Wins for Cleveland

Ruth's Homer Beats Boston

CHICAGO, June 27.—(By the Associated Press.)—Fabe Ruth, the king of swat, celebrated his return to the game yesterday after his five-day suspension because of a run-in with Umpire Dineen by crashing into a home base before he was able to get it. It was his eighth homer of the season. Bob Shawkey, the Yankee pitcher, also poked a circuit drive, which helped defeat the Boston Red Sox, 6 to 4.

The Cleveland Indians broke their losing streak yesterday and with Stan Coveloskie pitching effectively, shut out the leading St. Louis Browns, 6 to 0.

Pitcher Miller of the Boston Braves, could not stand the bombardment of the Philadelphia bats yesterday and was driven to the mound before he was able to get a man out in the third inning. The Phillies piled up such a big lead during his reign on the hill, that he had nothing to worry about.

Cy Williams, the elongated outfielder of the Phillies, did his share in the victory over the Braves with three hits, one of which was a homer and one a double.

Hack Miller, since his return to the Chicago Cubs' lineup, is doing good work with the willow. Hack poked three hits against Morrison yesterday, one of his blows being good for two bases.

Cliff Heathcote, who came to the Chicago Cubs from the St. Louis Cardinals, in the trade for Max Papp, has put a lot of speed into the Cubs' team. He cracked out three hits yesterday and stretched one of them into a triple. He scored three of the Cubs' runs in their 6 to 4 victory over the Pittsburgh Pirates.

Arlett, Scott In Close Race For Most Wins

Mitchell and Ponder Are Leading Hurlers with 10 Wins, 2 Defeats.

Jim Scott, veteran hurler of the San Francisco Seals, has promised to win twenty-five ball games for his club this season. Jim thinks he will be doing a big job if he can win that number of games. But Oakland has Pitcher Russell (Buz) Arlett, who is willing to make a try at winning thirty games this season. It B

My Favorite Stories

by IRVIN S. COBB

A Warning to the Yanks

When Sherman, after his march from Atlanta to the sea, turned his columns northward, he was temporarily halted just below Fayetteville, North Carolina, while his engineers threw a temporary bridge across a swollen creek, the Confederates in falling back having destroyed the only bridge which spanned the stream. The retreating Southern army had left behind in Fayetteville a population made up almost altogether of women, children, boys too young to fight and men too old for service.

In response to a call, practically all of these older men gathered at the courthouse to discuss such measures as might be taken for the protection of the town in view of the approach of the invaders and the prospect that within a few hours the place would be entered. Various expedients for saving the town from the fate which had already overtaken Atlanta and Columbia were discussed. But none of them seemed feasible, inasmuch as the community could muster no adequate defending force.

Finally an aged veteran of the Mexican war rose from his seat and caught the eye of the presiding officer.

"Mister Chairman," he quavered, "I make a motion that we collect a fund and have a lot of dodgers struck off at the printin' shop and circulated amongst the Yankee army, warnin' them that they enter Fayetteville at the peril of their lives."

Uncle Wiggly Stories

UNCLE WIGGLY AND TOMMIE'S TOES.

"WHAT'S the matter, Susie? Why aren't you out playing with the other boys and girls?" asked Uncle Wiggly one day as he hopped past the house where Susie Little, the bunny rabbit girl, lived with her brother Sammie. Uncle Wiggly knew the other animal boys and girls were having a good time, for he had just hopped past a green field where they were playing ball, hop-scotch, ring-around-the-rosie and games like that.

"We're playing tag."

and see how they are getting along."

"I—I can't go play with them," answered Susie, trying to make her little pink nose, twinkle like Uncle Wiggly's bigger one. But Susie didn't do it very well. "You can't go play with the others?" exclaimed the bunny uncle in surprise. "Why not? I hope you haven't been a bit bad, Susie, so your mother is keeping you home."

"Oh, it isn't that," laughed Susie. "It's only that mother saw some red spots on me this morning and she thinks maybe they're measles and she doesn't want me to give them to the other children."

"Your mother is quite right, Susie," said Uncle Wiggly. "I don't see any red spots on you myself, but perhaps that's because my eyes aren't as good as they once were. But it is best to be careful."

"Uncle Wiggly," begged Susie, as the bunny gentleman was hopping away. "I wish I had some one to play with me!"

"I wish you had!" said Uncle Wiggly. "I'll tell you what I'll do, Susie. As soon as I get back from going to the store for Nurse Jane I'll play with you myself!"

"Oh, will you? How lovely!" cried Susie.

Uncle Wiggly hopped on and soon he came to the house where Tommie Kat, the pussy boy, lived. Tommie was swinging on the front gate.

"Why aren't you out playing with the other boys and girls, Tommie?" Uncle Wiggly wanted to know.

"Oh! cause," mewed Tommie. "Cause I got red spots coming out on me and mother thinks maybe they're the measles, and she doesn't want me to give 'em to the other children."

"Ha! Ha!" laughed the bunny. "This is very lucky. Here, Tommie, you run over and play with Susie. She has red spots, too, and if you are both going to have the measles it will be all right. Run along and play with Susie."

"That will be fun!" mewed Tommie, so he hopped off the swinging front gate and ran over to Susie's house.

"Now neither of them will be lonesome," thought Uncle Wiggly. "I'll stop on my way back

and see how they are getting along."

And the bunny rabbit was quite surprised when he passed Susie's house again, to hear the little rabbit girl saying:

"Go on home, Tommie Kat! I don't like you at all! If I can't have something else to play with besides you I don't want anybody! So there!"

"Dear me!" thought Uncle Wiggly, thoughtfully twinking his pink nose. "That doesn't sound very polite. What's the matter between you and Tommie?" he asked.

"It's Tommie's toes," answered Susie. "He's all the time scratching me with his too nails."

"I can't help it," said Tommie. "All us cats have claws, and I try not to scratch Susie, but I can't help it. We're playing tag and when I tag her my claws come out from inside my paws before I know it, and I guess they scratch her."

"I guess they do!" exclaimed Susie, rubbing her furry back.

"Well, I'll tell you what to do," said Uncle Wiggly. "Play ball or beanbag to each other. Tommie won't get near enough to you to scratch you, Susie," said the bunny.

"That will be fun!" said the may-be measles children. Soon they were tossing a ball to and fro, but Uncle Wiggly had no sooner reached the front gate than he heard Susie crying again.

"Oh, dear! Oh, dear! Oh, dear! sobbed the little rabbit girl.

"What's the matter now?" asked the bunny.

"It's my nice new red rubber ball," answered Susie. "I threw it to Tommie, but I didn't throw very straight, and it went up in the apple tree and it's there yet. My lovely ball is lost!"

"Oh, no, it isn't!" mewed Tommie. "I'll get your ball down for you, Susie!"

"How?" asked the rabbit girl.

"With my toes," answered the pussy boy. "My claws are sharp so they will stick in the soft bark of the apple tree, and I can climb up and get your ball." And Tommie did, and when he came down with Susie's ball the rabbit girl said:

"Well, even if your toes do scratch, Tommie, they're very useful. Then Uncle Wiggly went home, Tommie and Susie played ball all day and neither of them had the measles after all. The red spots were only raspberry jam, which soon washed off.

IMPROVEMENT IN STATE BUSINESS SEEN BY BANKERS

Reserve Report Tells of Better Conditions in Trade and Prices.

Steady improvement in business through the state's great reduction in the unemployed and advancing prices for land produce of all kinds are features of the monthly report of the Federal Reserve Bank of San Francisco, issued by Reserve Agent and Chairman John Perrin. "In May for the first month in 1922, the dollar value of sales of two representative departments—department stores and mail order houses—was greater than in the corresponding month a year ago, sales in May, 1922, being 15.5 per cent greater in value than in May, 1921," says the report.

lines (except automobile tire and shoes) report increases of 1 to 5 per cent in the dollar value of their sales during May, 1932, compared with May, 1931, by far the most favorable showing made this year. These increases reflect the general purchasing power of the community growing out of increased activity in industry, with improved employment situation and advancing prices for farm products.

Since January of this year there has been a steady increase in the production of lumber in this district and in May reporting lumber was operated at 100 per cent of

two years. Orders received extended the output and unfilled orders on hand at the close of the year were nearly twice as large one year ago.

POWER SALES INCREASED. Reported increases in industrial activity are confirmed by increases of electric power for industrial purposes. The most noteworthy improvement is reported in the intermediate district, where largely in response to the growing needs of the mining industry, sales of electric power during April increased approximately 30 per cent over March.

The banking situation in the

will make the sixth steel
ing unit to go into operation.
the coal strike was declared.

WATER TONNAGE SHOWS INCREASE OF 25 PER CENT

Figures of Seattle Port Trade Indicate Steady and Substantial Revival.

BY PAUL C. HEDRICK.
SEATTLE, June 27.—Water tonnage made at this port for the first five months of this year was 25 per cent greater in tonnage than for the corresponding period of 1921, according to announcement today from the port wardens' office. There has been a big improvement in exports so far this month. The situation as to buying by retail merchants has been reversed from what it was at the end of 1921. There is a tendency now being manifested to carry larger stocks instead of buying from hand to mouth as has been the policy so long.

Estimates made at Washington agricultural centers indicate that the wheat and apple crops of this state will exceed \$80,000,000 in financial and census requirements to harvest and distribute may result in a slight hardening of money rates in this section about August 1.

KANSAS CITY.

BY DICK SMITH.
KANSAS CITY, Mo., June 27.—Harvesting of wheat is in full swing in Oklahoma and Southern Kansas and general trade conditions have improved in consequence. It is now estimated that the wheat crop of Kansas, Oklahoma, Nebraska, Missouri and Texas will reach 235,000,000 bushels, compares with 238,548,000 bushels for the same season last year. Generally favorable weather has prevailed in the Southwest, although excessive heat did some damage to the crops in the West. Reduction of the cost of producing live stock and grain has helped the farmers very materially.

William H. Lewis, state labor commissioner, reported today that employment had returned to normal in Kansas City and St. Louis. The strawberry season in southern Missouri, which has just ended, brought in more than \$2,500,000. Possibility of a railroad strike have tended to check advances in the prices of produce in the St. Louis field, although last week the price advanced from \$30 a ton to \$22.50.

CLEVELAND.

BY GUY T. ROCKWELL.
CLEVELAND, June 26.—Sheet mills in the Mahoning Valley are now running at 98 per cent of capacity and the mills of the valley well through the third quarter and cannot make deliveries for three to four months. The activity of the sheet mills is attributed to the heavy automobile production. The Newton Steel Company today announced plans for an addition of six mills increasing the company's total to 16. As a result of the increased demand for sheet and alloy steels prices are hardening.

The Cleveland Trust Company in an announcement in connection with the automobile business, declared that the May production of 252,000 cars exceeded the total output of the motor industry for the first fourteen months of the year. Capacity operations are reported at the Jordan and Starnes Motor plants and the Chandler and Cleveland factories are running at a speed far in excess of normal. The Grant Company plans to double its output and the Winton factory reports steady improvement in demand.

BUSINESS TOPICS.

KANSAS CITY, June 27.—W. Kemper, receiver for the Kansas City Mexico and Orient Railroad, running southwest into Mexico from Wichita, Kansas, reported that the road is now in the process of abandoning service because of the continued poor business. Employees have rejected Mr. Kemper's proposal of a wage decrease.

PHILADELPHIA, June 27.—Railroad freight men who are gathered at an annual convention are urging that the existing handling freight in Philadelphia should be required to have a photographic identification. This the freight agents declared would obviate large losses suffered by the shippers and carriers due to dishonest methods.

PITTSBURGH, June 27.—Jones & Laughlin have forwarded their last shipment of steel from Pittsburgh to all Mississippi points until September. The last shipment totaled 7000 tons. It was announced that the steel companies would send no more cargoes farther than Memphis.

Tonopah Divide Shows New eVin

TONOPAH, Nev., June 27.—The crosscut from the 1300-foot level of the Tonopah Divide is reported to have entered ore reaching 33 feet from the surface. Strata of sulphide material are showing and the crosscut has been advanced 100 feet toward the vein, which is believed to extend to the south of the shaft. Shipments to the Belmont mill continue to average fifty tons per day.

Production of the Gold Zone has been increased to 400 tons per day. The ore is of fair grade, and is stated to be netting good profits. Work is progressing on all the main levels, and the management reports the ore situation as excellent. Favorable reports continue to come from the Alto, Divide Extension, Gold Belt and other properties.

Italian Revenue Shows Advance

Continual Improvement in Finance and Industry Seen by U. S. Agents.

Continual improvement in the Italian financial and industrial situation is reported by Commercial Attache MacLean, Rome, in a cable to the department of commerce. Government revenue during May totaled 687,000,000 lire, an increase of 8,000,000, compared with the same month in 1921. Exports of goods less than those of April of this year, which totaled 1,387,524,263 lire.

Guggenheims Keep Control

Independents Claim They Succeeded in Getting New Blood in Concern.

JERSEY CITY, N. J., June 27.—The ticket nominated by the press-management of the American Smelting and Refining Company elected today at the annual stockholders meeting. President Simon Guggenheim issued a statement in which he said the candidates nominated for directors included ten men who were not connected with the company and eighteen not holding such positions.

Judgment Is Won By Former Banker

Judgment for \$7164 was awarded C. L. Arleigh, former banker, against A. B. Arleigh, whose interests they took over in the Bank of Tracy, by Superior Judge J. A. Plummer today at St. Louis.

Am. Smelting Now Reported Settled

NEW YORK, June 27.—Stockholders of the American Smelting and Refining Company have withdrawn their opposition to the management's ticket for directors to be chosen Tuesday at the annual meeting in Jersey City, N. J.

Stock Broker's Failure Announced

NEW YORK, June 27.—The New York Consolidated Stock Exchange today announced the suspension of E. M. Fuller & Company.

Real Estate Men Boost Exposition

Resolutions endorsing the proposal to hold a "California Complete Homes Exposition" in Oakland in the near future have been adopted by the Oakland Real Estate Board, according to R. P. Porter, G. B. secretary of the organization.

Recorder Loses In Notary's Case

SAN FRANCISCO, June 27.—After nearly a year of litigation County Recorder G. W. Bacon of Alameda county, must record the bond of a newly appointed notary public appointed by Governor Stephens in September, 1921. The district court of appeal today ordered the issuance of a writ of habeas corpus compelling the recorder to record the bond as required by law.

EXPORT TRADE NOW AHEAD OF PRE-WAR RECORD

Foreign Business Balance of U. S. Makes Big Showing for Fiscal Year.

Whatever we may say about our foreign trade in the fiscal year which ends with the current month, its "favorable trade balance" or excess of exports over imports will far exceed that of any year prior to the war. The biggest "favorable trade balance" ever recorded by the National City Bank of New York was \$668,000,000 in the fiscal year 1908, \$668,000,000 in 1901, and \$653,000,000 in 1913. In the fiscal year 1914, all of which elapsed before the beginning of the war, the excess of exports over imports was \$470,000,000, and in the fiscal year 1915, which with this month will be approximately \$1,400,000,000 or 140 per cent over that of the year preceding the war, and nearly 100 per cent above that of any pre-war year.

COTTON MARKET

NEW YORK, June 27.—The cotton market opened active and higher today at an advance of 25 to 30 cents. The market was steady and higher today at a not gain from 8 to 10 cents higher at 21.75.

EASTERN MARKET

CHICAGO, June 27.—Cattle—Receipts 8000; market active; beef steers and butchers' stock, 10 to 15 cents higher; hogs, 10 to 15 cents higher; sheep, 10 to 15 cents higher.

FISH PRICES

Retail prices for these varieties of fish were paid over the counter today, June 27, 1922, in San Francisco, Oakland, Alameda and Berkeley. Dealers may sell at lower prices, but should not charge more. Purchasers make complaint in writing to the State Market Inspector.

BUTTER, EGGS, CHEESE

Prices here quoted are selling prices from jobber to retailer as published daily by the San Francisco Wholesale Dairy Producers' Association. Actual transactions on the floor of the exchange they are subject to a 10 per cent discount on cheese, butter and eggs.

POULTRY AND GAME

Oakland wholesale market today for average quality.

LIVE WEIGHT

Large colored hens, 22 to 25 lbs., 12 to 15 cents per lb. Medium colored hens, 22 to 25 lbs., 12 to 15 cents per lb. Leghorn hens, 22 to 25 lbs., 12 to 15 cents per lb.

Manitoba to Patrol Forests by Airplane

Manitoba is the first province in Canada to rely solely upon the flying service for the protection of its forests, says Consul General Brittain, Winnipeg, in a report received by the Department of Commerce.

Hardwood Market in Sweden Improves

Assistant Trade Commissioner Sorenson, Copenhagen, reports to the Department of Commerce that the demand for American hardwoods in the Scandinavian markets has increased considerably during the past couple of months, and when compared with the generally depressed market conditions which prevailed in 1921 and the early part of 1922, it might even be characterized as brisk.

Belgian Clearing Show Big Spurt

Increase for May is 40 Per Cent Over April—Trade Is Better Generally.

Belgian business and industries generally show a more favorable aspect during the past month, says a cable report to the department of commerce from Acting Commercial Attache Gross. May bank clearing increased by 40 per cent over April. Interest rates were lowered, and the Bourse showed more activity.

Reserve Absorbs Russ Gold Hoard

(By Associated Press)
WASHINGTON, June 27.—The federal reserve system has absorbed most of Russia's gold, according to a survey of the gold situation issued tonight by the federal reserve board, although the amount is undetermined.

Good Finds Made in Goldfield Mines

GOLDFIELD, Nev., June 27.—The stope from the intermediate level of the Silver Pick lease, on the Red Top Mine is proving extension of the vein past the third level. The ledge has straightened up above the intermediate, and now shows every indication of continuing to surface.

VOCAL SOLOIST
AND SPEAKER ON
RADIO PROGRAMHazel Carlsen Wood and
Jean De Lair to Enter-
tain for KZM.

The entertainment for The TRIBUNE'S radio audience to be broadcast this evening between 7:30 and 8:15 o'clock will be furnished by Miss Hazel Carlsen Wood, popular vocal soloist, accompanied by Mrs. John Reed Stalder at the piano. Miss Jean De Lair will recite "The Glory Road," a colored man's lament, and "The Highwayman."

Miss Wood is popular with the radio audience, having entertained from KZM on previous occasions. Her selections have pleased thousands, and tonight's program has been especially prepared by her in compliance with a number of requests immediately following her last concert.

EXCELLENT RECITAL
BY PIANIST GIVEN.

A piano program of unusual merit, played by Edgar A. Thorpe, an artist of recognized ability, was broadcast this afternoon from KZM. The entertainment was sent out between 3:30 and 4:30 o'clock, which time has heretofore been occupied by KZM, the broadcasting station of the Atlantic-Pacific Radio Supplies company, now temporarily off the air. The TRIBUNE'S station is co-operating with KZM in filling this schedule.

The recital broadcast by Thorpe was among the most excellent piano programs ever heard over the radio. The selections included: "Scherzo, No. 3, Chopin; "Laendler," "Scherzino," "May Night," "Palmgren; "Reflections in the Water," Debussy; "Caprice," Paganini-Schumann; "Rigaudon," MacDowell; "Rhapsodie Brahms; "Spinning Song," Mendelssohn.

The radio audience responded with a number of telephone calls to thank Thorpe for the entertainment.

Sings By Radio
MISS HAZEL CARLSON
WOOD, popular vocal soloist, who
will entertain The TRIBUNE'S
radio audience tonight.Listen-in on
K Z M
7:30 to 8:15.
Tonight

"Ave Maria"—Miss Hazel Wood, accompanied by Mrs. John Reed Stalder.
"Summer Rain"—Miss Wood, accompanied by Mrs. Stalder.
"Just A-Waying For You"—Miss Wood, accompanied by Mrs. Stalder.
"The Cause"—Miss Wood, accompanied by Mrs. Stalder.
"One Fleeting Hour"—Miss Wood, accompanied by Mrs. Stalder.
"The Glory Road" (recitation)—Jean DeLair.
"The Highwayman" (recitation)—Jean DeLair.
Piano solo—Mrs. Stalder.

SPEEDERS PAY FINES.
CENTREVILLE, June 27.—William Dalby, 2020 Bancroft way, Berkeley, was fined \$10 here yesterday for speeding by Judge John Mattos. Gene Cooper of San Jose and J. S. Keeble of San Jose were also fined \$10. The case of Pedro Hernandez, Batavia Nabbro, Jesus Sunego, alleged to have executed a knife duel in Alvarado street, was set over until next Monday. Hernandez was badly injured, it is said, when he was attacked by the other two two weeks ago.

INTERPLANETARY
COMMUNICATION
COST DISCUSSEDWireless Messages Possible
But Expense Immense,
Says Dr. C. G. Abbott.

WASHINGTON, June 27.—It may not be entirely impossible to open wireless communication with worlds other than our own, says Dr. C. G. Abbott, assistant secretary of the Smithsonian Institution, in its annual report for 1920, recently made public; but the cost would be immense.

"If we could talk freely with intelligences existing on another world, having history, social customs and laws, and religious faiths, developed absolutely independent of those of this world, our conversation would not only be of surpassing interest to science and the humanities," Dr. Abbott says, "but what a guide it might prove to statesmen and sociologists."

Great interest has been shown within late years in revoicing the wireless stations were receiving signals which could come only from another world, he continues. However, the best information seems to be that the wireless indications are merely the result of disturbances introduced by solar or terrestrial causes as yet imperfectly understood, and not the work of intelligent beings trying to communicate with us. At the same time, Dr. Abbott declares, computations have been made which seem to make it within the limits of possibility that wireless communications might be exchanged with the nearer planets, if it were worth while doing so.

"Proposals have also been made from time to time," continues the scientist, "of communicating by searchlights or mirrors in the ordinary methods of heliographing. To me these latter proposals seem altogether too sanguine."

"Certainly for a plant like Venus, which is almost wholly covered by fogs, the chance of a beam of sunlight or searchlight beam penetrating to the surface where it could be observed by the supposed inhabitants, notwithstanding the glare of their own atmosphere and the glare of the whole relatively immense surface of the earth as compared to the surface of the reflectors or searchlights employed, is quite beyond probability. If it were the case of communicating with the moon, there would be little doubt but that it could be accomplished."

"If it were Mars or one of the still more distant planets that was being considered, there seems to be not the slightest probability of success by the use of lights."

"So far as we know, then, any communications which can be made with other intelligent beings, if there are any, must be by means of wireless telegraphy or some as yet undiscovered means of communication."

Fifteen Minutes
of Radio Daily

By Edward M. Davis

LESSON NO. 21.
Radio Dictionary.(Copyright by Edward M. Davis.)
(All Rights Reserved by United Feature Syndicate. Reproduction Prohibited.)

Meter.—A unit of linear measurement in the metric system, equivalent to 39.37 inches or a trifle over three and one-quarter feet. The various lengths of radio waves are expressed in meters.

Grid.—One of the three elements of the vacuum tube, inserted between the filament and plate and usually constructed in the form of a fine mesh or coil. A small amount of energy applied to the grid controls a comparatively large amount of energy in the plate circuit.

Volt.—A fundamental unit of the electric circuit. It is the pressure of electromotive force necessary to maintain a flow of current of one ampere through a resistance of one ohm.

Permeability.—The permeability of a substance may be defined as the ratio of the number of magnetic lines set up in a unit volume of that substance, to the number of magnetic lines set up in the same amount of air by the same magnetizing force.

Frequency.—In a simple alternating current, frequency is the number of cycles performed by the current per second. The unit of frequency is the cycle per second.

The Plate.—An element of the vacuum tube. A type in general use consists of a metallic cylinder which surrounds the grid and filament. When the filament is charged to a positive potential it draws the electrons emitted by the filament, thus providing a conductive path for the "plate to filament" current.

Electrolyte.—The conducting fluid or solution in which the positive and negative plates of an electric cell are immersed. In a familiar form of lead-acid storage battery it consists of a dilute solution of sulphuric acid.

"Hard" Tubes.—Vacuum tubes in which the air has been exhausted to a high degree, generally used as amplifiers and oscillators as distinguished from "soft" tubes, in which the degree of vacuum is lower and which are preferably used as detectors.

Damped Waves.—Waves in which the successive oscillations have decreased amplitude. This type of wave is emitted by a spark transmitter and is commonly referred to as a discontinuous wave as distinguished from a continuous wave or wave of constant amplitude.

Inductive Reactance.—The opposition offered by self induction to the flow of an alternating current.

Beat Current.—A current resulting from the interaction of two currents of unequal frequency applied to a circuit. The frequency of the beat current is the numerical difference of the two applied frequencies.

Inductance Coil.—A coil of wire so arranged as to have a large amount of inductance. Also called Choking Coil, Impedance, Reactance, Retardation Coil.

HONOLULU HEARD
ON RADIO PHONEConversation over the radiophone
between Honolulu and San Francisco
yesterday established a new
record for radio in the transmission
and reception of the human voice.

The test was carried on between the steamer H. F. Alexander, moored at the dock in Honolulu harbor and the station of the Radio Corporation of America in San Francisco.

The test was favored by excellent atmospheric conditions, static, so prevalent over the water between

here and Honolulu, creating no interference.

The equipment on the steamer Alexander is a 1000-watt phone transmitting set, operating with greater power than any station on the Pacific coast outside that owned by the Radio Corporation. It is expected that soon all passenger ships operating between San Francisco and the Hawaiian Islands, as well as those operating up and down the coast, will be equipped with like sets.

Radio fans tuned their sets last night to catch the message to the Pacific coast from the station in Buffalo, N. Y., which broadcast last night between 9 and 10 o'clock here. The time in New York was about 1:20 a. m. This time was chosen in order that the Pacific coast radio fans might listen in.

Many amateurs reported that they heard a man singing, followed by another song by a male and fe-

Many Promise To
Attend Club Meeting

Notifications by the dozens are arriving daily from members of The TRIBUNE Radio club who will attend the meeting of the club at the T. & D. theater at 10 o'clock on the morning of July 3. A set of officers and adopt a set of by-laws. Indications are that there will be a record attendance.

They believed they heard the Buffalo station. This music, however, was from Portland, Ore., and not from Buffalo. It is believed that the broadcasting of the northern station, which was probably not consulted before the time for the test was set, hindered the reception of the New York message here. The same test will be made by the Buffalo station again tomorrow evening and on Friday evening at the same hour.

from Breuner's
to the new
Home-builders

Breuner's wish to congratulate you!

You are aiding America in her finest work, in our opinion, for we still believe the home is America's greatest institution—the source of her ideals and ambitions.

But Breuner's wish to do more, as Breuner's great ambition is to be an influence for better homes. Breuner's offer many services for the home-builder. Let us tell you about them. Let us extend a cordial invitation to visit our store—Oakland's Furniture House of quality with value.

Solving your interior decorating problems

is one of the services Breuner's render. Just step to your phone, call "Oakland 400," and a member of our Interior Decorating staff will come to your home, and offer suggestions or do all the planning, without charge. Draperies, rugs, walls, furniture, will then be in harmony. Artistic environments make for happier families. Your new home should possess its own individual artistry.

Everything for the home

has long been Breuner's motto. Our store, one of Oakland's largest buildings, is filled with mammoth stocks of

Furniture Rugs Carpets Linoleum
Stoves Draperies Bedding Mattresses
Refrigerators Kitchenware of All Kinds
China Crockery Silverware Electrical Goods Pictures
Phonographs Clocks Art Objects

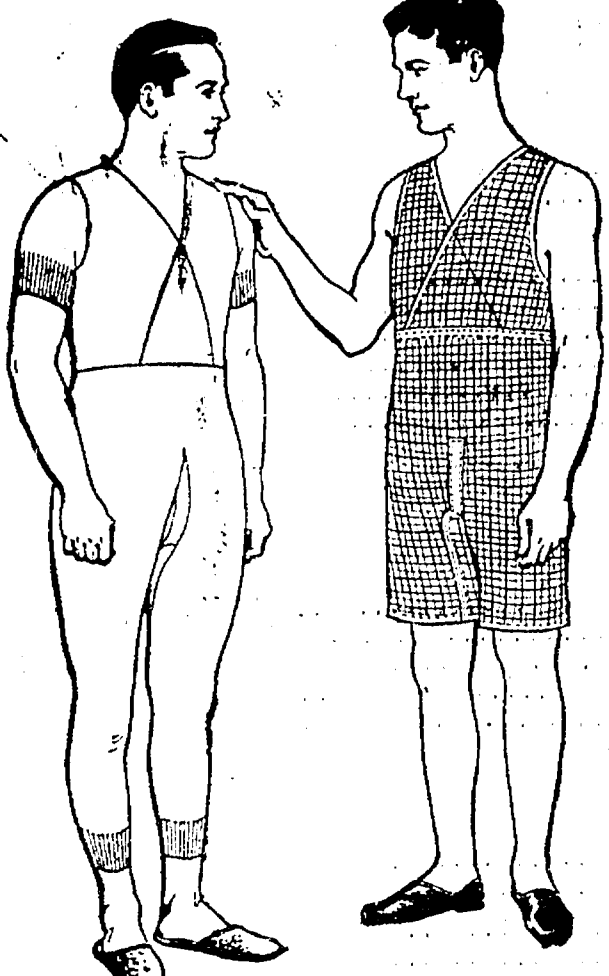

A courteous, attentive Breuner staff is here, eager to show you all the newest things in home furnishing for your wonderful new home.

Breuner's convenient payment way

is mentioned with gratitude in hundreds of homes in the Eastbay Regions. Many are the families now enjoying their home furnishings as they pay for them. Naturally, building a new home calls for expenditure beyond the usual routine, so what more natural than to choose your furnishings at Breuner's, at convenient monthly terms.
